In the opinion of WJ Marquardt PLLC, Bond Counsel to the Town, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, interest on the Bonds and Series A Notes is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is excluded from adjusted gross income for purposes of New York State and New York City personal income taxes. Interest on the Bonds and Series A Notes is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Bonds and Series A Notes is included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Bond counsel expresses no opinion regarding other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds and Series A Notes. (See "TAX MATTERS" herein.)

In the opinion of WJ Marquardt PLLC, Bond Counsel to the Town, interest on the Series B Notes (i) is included in gross income for federal income tax purposes and (ii) is exempt, under existing statutes, from personal income taxes imposed by the State of New York or any political subdivision thereof, including The City of New York. See "TAX MATTERS" herein.

The Bonds and Notes will NOT be designated as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code.

Principal of and interest on such Notes will be payable in Federal Funds by the County.

If the Notes are issued in book-entry-only form, such notes will be delivered to DTC, which will act as securities depository for the Notes. Beneficial owners will not receive certificates representing their interest in the Notes. **OFFICIAL STATEMENT**  
of the  
**TOWN OF SALINA**  
**ONONDAGA COUNTY, NEW YORK**

Relating To  
**\$6,485,000 Public Improvement (Serial) Bonds, 2026**  
**\$8,897,550 Bond Anticipation Notes, 2026 Series A (Renewals)**  
**&**  
**\$2,000,000 Bond Anticipation Notes, 2026 Series B (Renewals) (Federally Taxable)**

This Official Statement, which includes the cover page and all appendices, has been prepared by the Town of Salina, Onondaga County, New York (the "Town", "County", and "State", respectively) in connection with the sale by the Town of \$6,485,000 Public Improvement (Serial) Bonds, 2026 (the "Bonds"), \$8,897,550 Bond Anticipation Notes, 2026 Series A (Renewals) (the "Series A Notes") and \$2,000,000 Bond Anticipation Notes, 2026 Series B (Renewals) (Federally Taxable) (the "Series B Notes" and together with the Series A Notes, the "Notes")(collectively referred to herein as the "Bonds and Notes").

The factors affecting the Town's financial condition and the Bonds and Notes are described throughout this Official Statement. Inasmuch as many of these factors, including economic and demographic factors, are complex and may influence the Town's tax base, revenues, and expenditures, this Official Statement should be read in its entirety.

All quotations from and summaries and explanations of provisions of the Constitution and laws of the State of New York, and acts and proceedings of the Town contained herein do not purport to be complete, and are qualified in their entirety by reference to the official compilations thereof, and all references to the Bonds and Notes and the proceedings of the Town relating thereto are qualified in their entirety by reference to the definitive form of the Bonds and Notes and such proceedings.

**NATURE OF OBLIGATIONS**

Each bond and note, when duly issued and paid for will constitute a contract between the County and the holder thereof.

Holders of any series of notes or bonds of the County may bring an action or commence a proceeding in accordance with the civil practice law and rules to enforce the rights of the holders of such series of notes or bonds.

The Bonds and Notes will be general obligations of the County and will contain a pledge of the faith and credit of the County for the payment of the principal thereof and the interest thereon as required by the Constitution and laws of the State. For the payment of such principal and interest, the County has power and statutory authorization to levy ad valorem taxes on all real property within the County subject to such taxation by the County, subject to applicable statutory limitations.

Although the State Legislature is restricted by Article VIII, Section 12 of the State Constitution from imposing limitations on the power to raise taxes to pay "interest on or principal of indebtedness theretofore contracted" prior to the effective date of any such legislation, the New York State Legislature may from time to time impose additional limitations or requirements on the ability to increase a real property tax levy or on the methodology, exclusions or other restrictions of various aspects of real property taxation (as well as on the ability to issue new indebtedness). On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor (the "Tax Levy Limitation Law"). The Tax Levy Limitation Law applies to local governments and school districts in the State (with certain exceptions) and imposes additional procedural requirements on the ability of municipalities and school districts to levy certain year-to-year increases in real property taxes. See "TAX LEVY LIMITATION LAW," herein.

Under the Constitution of the State, the County is required to pledge its faith and credit for the payment of the principal of and interest on the Bonds and Notes and is required to raise real estate taxes, and without specification, other revenues, if such levy is necessary to repay such indebtedness. While the Tax Levy Limitation Law imposes a statutory limitation on the County's power to increase its annual tax levy with the amount of such increase limited by the formulas set forth in the Tax Levy Limitation Law, it also provides the procedural method to surmount that limitation.

The Constitutionally-mandated general obligation pledge of municipalities and school districts in New York State has been interpreted by the Court of Appeals, the State's highest court, in Flushing National Bank v. Municipal Assistance Corporation for the City of New York, 40 N.Y.2d 731 (1976), as follows:

“A pledge of the City’s faith and credit is both a commitment to pay and a commitment of the City’s revenue generating powers to produce the funds to pay. Hence, an obligation containing a pledge of the City’s “faith and credit” is secured by a promise both to pay and to use in good faith the City’s general revenue powers to produce sufficient funds to pay the principal and interest of the obligation as it becomes due. That is why both words, “faith” and “credit” are used and they are not tautological. That is what the words say and this is what the courts have held they mean . . . So, too, although the Legislature is given the duty to restrict municipalities in order to prevent abuses in taxation, assessment, and in contracting of indebtedness, it may not constrict the City’s power to levy taxes on real estate for the payment of interest on or principal of indebtedness previously contracted... While phrased in permissive language, these provisions, when read together with the requirement of the pledge and faith and credit, express a constitutional imperative: debt obligations must be paid, even if tax limits be exceeded”.

In addition, the Court of Appeals in the Flushing National Bank (1976) case has held that the payment of debt service on outstanding general obligation bonds and notes takes precedence over fiscal emergencies and the police power of political subdivisions in New York State.

The pledge has generally been understood as a promise to levy property taxes without limitation as to rate or amount to the extent necessary to cover debt service due to language in Article VIII Section 10 of the Constitution which provides an exclusion for debt service from Constitutional limitations on the amount of a real property tax levy, insuring the availability of the levy of property tax revenues to pay debt service. As the Flushing National Bank (1976) Court noted, the term “faith and credit” in its context is “not qualified in any way”. Indeed, in Flushing National Bank v. Municipal Assistance Corp., 40 N.Y.2d 1088 (1977) the Court of Appeals described the pledge as a direct constitutional mandate. In Quirk v. Municipal Assistance Corp., 41 N.Y.2d 644 (1977), the Court of Appeals stated that, while holders of general obligation debt did not have a right to particular revenues such as sales tax, “with respect to traditional real estate tax levies, the bondholders are constitutionally protected against an attempt by the State to deprive the city of those revenues to meet its obligations.” According to the Court in Quirk, the State Constitution “requires the city to raise real estate taxes, and without specification other revenues, if such a levy be necessary to repay indebtedness.”

In addition, the Constitution of the State requires that every county, city, town, village, and school district in the State provide annually by appropriation for the payment of all interest and principal on its serial bonds and certain other obligations, and that, if at any time the respective appropriating authorities shall fail to make such appropriation, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. In the event that an appropriating authority were to make an appropriation for debt service and then decline to expend it for that purpose, this provision would not apply. However, the Constitution of the State does also provide that the fiscal officer of any county, city, town, village, or school district may be required to set apart and apply such first revenues at the suit of any holder of any such obligations.

In Quirk v. Municipal Assistance Corp., the Court of Appeals described this as a “first lien” on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in New York State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy to pay debt service on such obligations, but that such pledge may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien upon any particular revenues.

While the courts in New York State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

## **THE BONDS**

### **Description of the Bonds**

The Bonds are general obligations of the Town, and will contain a pledge of its faith and credit for the payment of the principal of and interest on the Bonds as required by the Constitution and laws of the State (State Constitution, Art. All the taxable real property within the Town is subject to the levy of ad valorem taxes to pay the Bonds and interest thereon, subject to applicable statutory limitations. See “NATURE OF OBLIGATION” and “TAX LEVY LIMITATION LAW” herein.

The Bonds will be dated June 4, 2026 and will mature in the principal amounts and on the dates as set forth on the cover page. The Bonds are subject to redemption prior to maturity as described herein under the heading "Optional Redemption." The Bonds will be issued as registered bonds and may be registered, at the option of the purchaser, in the name of the purchaser or in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), which, if so elected by the purchaser, will act as securities depository for the Bonds. If the Bonds are issued in book-entry form, individual purchases will be in the principal amount of \$5,000 or integral multiples thereof. Purchasers will not receive certificates representing their ownership interest in the Bonds. Principal and interest will be paid by the County to DTC, which will in turn remit such principal and interest to its participants, for subsequent distribution to the beneficial owners of the Bonds. See “BOOK-ENTRY-ONLY SYSTEM” herein. If the Bonds are issued in registered certificated form, the Bonds will be issued in denominations of \$5,000 or any integral multiple thereof, and the Town will act as paying agent. Paying agent fees, if any, in such case are to be paid by the purchaser. The Bonds may not be converted into coupon bonds or be registered to bearer.

**Optional Redemption – The Bonds**

The Bonds maturing on or before June 1, 2034 shall not be subject to redemption prior to maturity. If less than all of the Bonds of any maturity are to be redeemed, the particular Bonds of such maturity to be redeemed shall be selected by the Town by lot in any customary manner of selection as determined by the Town Supervisor. Notice of such call for redemption shall be given by mailing such notice to the registered holders not more than sixty (60) days nor less than thirty (30) days prior to such date. Notice of redemption having been given as aforesaid, the Bonds so called for redemption shall, on the date for redemption set forth in such call for redemption, become due and payable, together with interest to such redemption date, and interest shall cease to be paid thereon after such redemption date.

One fully-registered note certificate will be issued for each series of Notes bearing the same rate of interest and CUSIP number, and will be deposited with DTC.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds and Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds and Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Bonds and Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds and Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds and Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Principal and interest payments on the Bonds and Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the Town, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Town, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds and Notes at any time by giving reasonable notice to the Town. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered.

The Town may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Town believes to be reliable, but the Town takes no responsibility for the accuracy thereof.

THE TOWN WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE BONDS AND NOTES; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE BONDS AND NOTES.

## **Certificated Bonds**

DTC may discontinue providing its services with respect to the Bonds at any time by giving notice to the Town and discharging its responsibilities with respect thereto under applicable law, or the Town may terminate its participation in the system of book-entry-only transfers through DTC at any time. In the event that such book-entry-only system is discontinued, the following provisions will apply: the Bonds will be issued in fully registered form in denominations of \$5,000 each or any integral multiple thereof for any single maturity. Principal of the Bonds when due will be payable upon presentation at the office of a bank or trust company located and authorized to do business in the State as a fiscal agent bank to be named by the Town upon termination of the book-entry-only system. Interest on the Bonds will be payable on June 1, 2027, December 1, 2027, and semi-annually thereafter on June 1 and December 1 in each year until maturity. Such interest will be payable by check drawn on the fiscal agent and mailed to the registered owner on each interest payment date at the address as shown on the registration books of the fiscal agent as of the fifteenth day of the calendar month preceding each such interest payment date. Bonds may be transferred or exchanged at no cost to the registered owner at any time prior to maturity at the office of the fiscal agent for Bonds of the same or any other authorized denomination or denominations in the same aggregate principal amount upon the terms set forth in the respective Bond Determinations Certificate of the Town Supervisor authorizing the sale of the respective Bonds and fixing the details thereof and in accordance with the Local Finance Law. The fiscal agent shall not be obligated to make any such transfer or exchange of Bonds between the fifteenth day of the calendar month preceding an interest payment date and such interest payment date.

## **Certificated Notes**

DTC may discontinue providing its services with respect to the Notes at any time by giving notice to the Town and discharging its responsibilities with respect thereto under applicable law, or the Town may terminate its participation in the system of book-entry-only system transfers through DTC at any time. In the event that such book-entry-only system is discontinued, the following provisions will apply:

The Notes will be issued in registered form registered in the name of the Purchaser in denominations of \$5,000 or integral multiples thereof, except for one necessary odd denomination which is or includes \$7,550 with respect to the Series A Notes. Principal of and interest on the Notes will be payable at the Town. The Notes will remain not subject to redemption prior to their stated final maturity date.

## **THE TOWN**

### **General Information**

The Town of Salina (the “Town”), with an area of 14 square miles, adjoins the City of Syracuse on the north and west. The Town is on the eastern shores of Onondaga Lake. The Town is a highly developed residential and industrial town.

The Town marks the juncture of two major transportation routes: The New York State Thruway, extending as Interstate 90 from the City of Boston to the City of Chicago; and Interstate 81 running from Canada to Pennsylvania, connecting via interstate highways to Washington and the south. The New York State Thruway is fed by six inter-changes within Onondaga County and of these six; three inter-changes are located within the Town. A portion of Syracuse Hancock International Airport is located in the Town. See “The I-81 Challenge” herein for a discussion regarding changes to Interstate 81 currently under construction.

The Village of Liverpool is located entirely within the Town. Gas and electrical power are provided by National Grid. Ample fire and police protection are provided by various agencies and volunteer groups.

Higher education opportunities are available from Syracuse University, Le Moyne College and Onondaga Community College, which are all located within close proximity to the Town.

In October 2022, Micron Technology, Inc. (“Micron”) announced their intention to make an investment of \$100 Billion in four new semiconductor chip manufacturing facilities known as fabs over the next 20 years at the White Pines Industrial Park in nearby Clay, New York. This investment is anticipated to result in the creation of up to 9,000 new jobs directly from Micron, and possibly more than 50,000 new jobs in total from suppliers and other firms. This does not include construction jobs and trades that will be used to construct these new chip fab facilities. This project is likely to create new local hiring and training opportunities for skills that will be needed to meet Micron’s goals. Preliminary site work has begun for this project with construction of the chip fab facilities expected to begin in later in 2026.

**Form of Town Government**

The chief executive officer and the chief fiscal officer of the Town is the Supervisor, who is elected to a term of two years and is eligible for re-election. The Town Supervisor is also a member of the Town Board. In addition to the Supervisor, there are four members of the Town Board who are elected to two-year terms. There is no limitation as to the number of terms which may be served by members of the Town Board. The Supervisor and the Town Board are elected via a Ward system where each Board member represents a ward.

The Town Board appoints the Town Comptroller, Town Clerk and Highway Superintendent, Receiver of Taxes, Assessor and the Town Attorney.

**Financial Organization**

Pursuant to the Local Finance Law, the Town Supervisor is the chief fiscal officer and appoints the budget officer of the Town. The Supervisor’s duties include administration, direction and control of the following divisions: Accounting, Accounts Payable, Accounts Receivable, Audit and Control and Budgeting.

**Budgetary Procedures**

The Supervisor is the Budget Officer of the Town. The Supervisor prepares a preliminary budget each year and submits the preliminary budget to the Town Board at its first September meeting (but no later than September 30) for possible amendments. In October special budget meetings are scheduled for the Town Board and department heads to review the Tentative Budget as well as their original requests and to make any changes that the majority of the Board feels are necessary. The Town Board then holds a public hearing thereon. Subsequent to the public hearing, revisions (if any) are made, and the budget is then adopted by the Town Board as its final budget for the coming fiscal year. The budget is not subject to referendum.

The Town voted to override its tax cap for the 2022 fiscal year through and including the 2026 fiscal year.

**Investment Policy**

Pursuant to the statutes of the State of New York, the Town is permitted to invest only in the following investments: (1) special time deposits or certificates of deposits in a bank or trust company located and authorized to do business in the State of New York; (2) obligations of the United States of America; (3) obligations guaranteed by agencies of the United States of America where the payment of principal and interest is guaranteed by the United States of America; (4) obligations of the State of New York; (5) with the approval of the New York State Comptroller, tax anticipation notes and revenue anticipation notes issued by any New York municipality or district corporation, other than the Town; (6) obligations of a New York public corporation which are made lawful investments by the Town pursuant to another provision of law; (7) certain certificates of participation issued on behalf of political subdivisions of the State of New York; and, (8) in the case of Town moneys held in certain reserve funds established pursuant to law, obligations issued by the Town. These statutes further require that all bank deposits, in excess of the amount insured under the Federal Deposit Insurance Act, be secured by either a pledge of eligible securities, an eligible surety bond or an eligible letter of credit, as those terms are defined in the law.

Consistent with the above statutory limitations, it is the Town's current policy to invest in: (1) certificates of deposit or time deposit accounts that are fully secured as required by statute, (2) obligations of the United States of America, (3) obligations guaranteed by agencies of the United States of America where the payment of principal and interest is guaranteed by the United States of America, (4) obligations of the State of New York, (5) Repurchase agreements are permitted to the extent that all repurchase agreements must be entered into subject to a Master Repurchase Agreement with collateral held by a third party bank, (6) obligations issued, or fully insured or guaranteed as to the payment of principal in interest, by the United States of America, or (7) obligations issued or fully insured or guaranteed by the State of New York, obligations issued by a municipal corporation, school district or district corporations of the State of New York.

**State Aid**

The Town receives substantial financial assistance from the State. In its budget for the 2026 fiscal year, approximately 16.74% of the revenues of the Town are estimated to be received in the form of State aid.

The State is not constitutionally obligated to maintain or continue State aid to the Town. No assurance can be given that present State aid levels will be maintained in the future. If the State should not adopt its budget in a timely manner, in any year, municipalities and school districts in the State, including the Town, may be affected by a delay in the payment of State aid. State budgetary restrictions which eliminate or substantially reduce State aid could have a material adverse effect upon the Town requiring either a counterbalancing increase in revenues from other sources to the extent available, or a curtailment of expenditures.

The following table illustrates the percentage of total revenues of the Town for the below fiscal years comprised of State aid.

<u>Fiscal Year</u>	<u>Total State Aid</u>	<u>Total Revenues</u>	<u>Percentage of Total Revenues Consisting of State Aid</u>

## Status and Financing of Employee Pension Benefits

Substantially all employees of the Town are members of the New York State and Local Employees' Retirement System ("ERS", the "Retirement Systems"). The ERS is generally also known as the "Common Retirement Fund". The Retirement Systems are cost-sharing multiple public employer retirement systems. The obligation of employers and employees to contribute and the benefit to employees are governed by the New York State Retirement System and Social Security Law (the "Retirement System Law"). The Retirement Systems offer a wide range of plans and benefits which are related to years of service and final average salary, vesting of retirement benefits, death and disability benefits and optional methods of benefit payments. All benefits generally vest after five years of credited service. The Retirement System Law generally provides that all participating employers in each retirement system are jointly and severally liable for any unfunded amounts. Such amounts are collected through annual billings to all participating employers. Generally, all employees, except certain part-time employees, participate in the Retirement Systems.

The ERS is non-contributory with respect to members hired prior to July 27, 1976 (Tier 1 & 2); members hired from July 27, 1976 through December 31, 2009 (Tier 3 & 4) contribute 3% for the first 10 years of service and then become non-contributory; members hired from January 1, 2010 through March 31, 2012 (Tier 5) must contribute 3% for their entire careers; members hired April 1, 2012 (Tier 6) or after will contribute between 3 and 6 percent for their entire careers based on their annual wage.

For both ERS, Tier 5 provides for:

- Raising the minimum age at which most civilians can retire without penalty from 55 to 62 and imposing a penalty of up to 38% for any civilian who retires prior to age 62.
- Requiring employees to continue contributing 3% of their salaries toward pension costs so long as they accumulate additional pension credits.
- Increasing the minimum years of service required to draw pension from 5 years to 10 years.
- Capping the amount of overtime that can be considered in the calculation of pension benefits for civilians at \$15,000 per year, and for police & firefighters at 15% of non-overtime wages.

For both ERS, Tier 6 provides for:

- Increase in contribution rates of between 3% and 6% base on annual wage
- Increase in the retirement age from 62 years to 63 years
- A readjustment of the pension multiplier
- A change in the period for final average salary calculation from 3 years to 5 years

The Town's payments to ERS since the 2021 fiscal year and budgeted payment for the 2026 fiscal year are as follows:

<u>Year</u>	<u>ERS</u>
2021	\$ 450,017
2022	379,818
2023	433,973
2024	505,350
2025	601,280
2026 (Budgeted)	530,000

Source: Town officials.

Pursuant to various laws enacted between 1991 and 2002, the State Legislature authorized local governments to make available certain early retirement incentive programs to its employees. The Town does not have any early retirement incentives outstanding.

Historical Trends and Contribution Rates. Historically there has been a State mandate requiring full (100%) funding of the annual actuarially required local governmental contribution out of current budgetary appropriations. With the strong performance of the Retirement System in the 1990s, the locally required annual contribution declined to zero. However, with the subsequent decline in the equity markets, the pension system became underfunded. As a result, required contributions increased substantially to 15% to 20% of payroll for the employees' and the retirement system, respectively. Wide swings in the contribution rate resulted in budgetary planning problems for many participating local governments.

A chart of average ERS rates (2022 to 2026) is shown below:

<u>Year</u>	<u>ERS</u>
2022	16.2%
2023	11.6
2024	13.1
2025	15.2
2026	16.5

Chapter 49 of the Laws of 2003 amended the Retirement and Social Security Law and Local Finance Law. The amendments empowered the State Comptroller to implement a comprehensive structural reform program that establishes a minimum contribution for any employer equal to 4.5% of pensionable salaries for required contributions due December 15, 2003 and for all years thereafter where the actual rate would otherwise be 4.5% or less. In addition, it instituted a billing system that will advise employers over one year in advance concerning actual pension contribution rates.

Chapter 57 of the Laws of 2010 (Part TT) amended the Retirement and Social Security Law to authorize participating local government employers, if they so elect, to amortize an eligible portion of their annual required contributions to ERS, when employer contribution rates rise above certain levels. The option to amortize the eligible portion began with the annual contribution due February 1, 2011. The amortizable portion of an annual required contribution is based on a "graded" rate by the State Comptroller in accordance with formulas provided in Chapter 57. Amortized contributions are to be paid in equal annual installments over a ten-year period, but may be prepaid at any time. Interest is to be charged on the unpaid amortized portion at a rate to be determined by State Comptroller, which approximates a market rate of return on taxable fixed rate securities of a comparable duration issued by comparable issuers. The interest rate is established annually for that year's amortized amount and then applies to the entire ten years of the amortization cycle of that amount. When in any fiscal year, the participating employer's graded payment eliminates all balances owed on prior amortized amounts, any remaining graded payments are to be paid into an employer contribution reserve fund established by the State Comptroller for the employer, to the extent that amortizing employer has no currently unpaid prior amortized amounts, for future such use.

Stable Rate Pension Contribution Option. The 2013-14 Adopted State Budget included a provision that authorized local governments, including the Town, with the option to "lock-in" long-term, stable rate pension contributions for a period of years determined by the State Comptroller and ERS. The pension contribution rates under this program would reduce near-term payments for employers, but require higher than normal contributions in later years.

The Town is not amortizing or smoothing any pension payments, nor does it intend to do so in the foreseeable future.

The investment of monies and assumptions underlying same, of the Retirement System covering the Town's employees is not subject to the direction of the Town. Thus, it is not possible to predict, control or prepare for future unfunded accrued actuarial liabilities of the Retirement System ("UAALs"). The UAAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, increases in retirement benefits, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAALs could be substantial in the future, requiring significantly increased contributions from the Town which could affect other budgetary matters. Concerned investors should contact the Retirement System administrative staff for further information on the latest actuarial valuations of the Retirement System.

## Other Post-Employment Benefits

Healthcare Benefits. School districts and boards of cooperative educational services, unlike other municipal units of government in the State, have been prohibited from reducing retiree health benefits or increasing health care contributions received or paid by retirees below the level of benefits or contributions afforded to or required from active employees since the implementation of Chapter 729 of the Laws of 1994. Legislative attempts to provide similar protection to retirees of other local units of government in the State have not succeeded as of this date. Nevertheless, many such retirees of all varieties of municipal units in the State do presently receive such benefits.

OPEB. Other Post-Employment Benefits (“OPEB”) refers to "other post-employment benefits," meaning other than pension benefits, disability benefits and OPEB consist primarily of health care benefits, and may include other benefits such as disability benefits and life insurance. Until now, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements.

GASB 75. GASB has issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective for the year ending December 31, 2018. This Statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, for OPEB. Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes new accounting and financial reporting requirements for OPEB plans.

The Town contracted with Armory Associates, LLC, an actuarial firm, to calculate its actuarial valuation under GASB 75 for the below fiscal years. The following outlines the changes to the Total OPEB Liability during the below fiscal years, by source.

Under GASB 75, an actuarial valuation will be required every two years for all plans; however, the alternative measurement method will continue to be available for plans with less than 100 members.

The Town does not expect any material changes upon review by OSC. Certain financial information of the Town is included in the appendices to this Official Statement.

The Town complies with the Uniform System of Accounts as prescribed for towns in New York State by the State Comptroller. This System differs from generally accepted accounting principles as prescribed by the American Institute of Certified Public Accountants' Industry Audit Guide, "Audits of State and Local Governmental Units", and codified in Government Accounting, Auditing and Financial Reporting (GAAFR), published by the Governmental Accounting Standards Board (GASB).

Beginning with the fiscal year ending December 31, 2003, the Town is required to issue its financial statements in accordance with GASB Statement No. 34. This statement includes reporting of all assets including infrastructure and depreciation in the Government Wide Statement of Activities, as well as the Management’s Discussion and Analysis. The Town hired an outside consultant to assist in implementation of GASB 34, inclusive of a physical review and documentation of all assets owned by the Town. The Town is currently in full compliance with GASB 34.

Grossman St. Amour CPAs, PLLC, the independent auditor for the Town, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. Grossman St. Amour CPAs, PLLC also has not performed any procedures relating to this Official Statement.

## **New York State Comptroller Reports of Examination**

The State Comptroller's office, i.e., the Department of Audit and Control, periodically performs a compliance review to ascertain whether the Town has complied with the requirements of various State and Federal statutes. These audits can be found by visiting the Audits of Local Governments section of the Office of the State Comptroller website.

There are no recent State Comptroller’s audits of the Town, nor are there any that are currently in progress or pending release.

## **The State Comptroller’s Fiscal Stress Monitoring System**

The New York State Comptroller has reported that New York State’s school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System (“FSMS”) to provide independent, objectively measured and quantifiable information to school district and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State’s school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school district’s ST-3 report filed with the State Education Department annually, and each municipality’s annual report filed with the State Comptroller. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in “significant fiscal stress”, in “moderate fiscal stress,” as “susceptible to fiscal stress” or “no designation”. Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of “no designation.” This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity’s financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The reports of the State Comptroller for the past four years for the Town are as follows:

<u>Fiscal Year Ending In</u>	<u>Stress Designation</u>	<u>Fiscal Score</u>
2024	No Designation	6.7
2023	No Designation	3.3
2022	No Designation	0.0
2021	No Designation	0.0

### Additional Tax Information

Real property subject to Town taxes is assessed by the Town.

Veterans' and senior citizens' exemptions are offered to those who qualify.

The total assessed valuation of the Town consists of approximately 89.37% Residential, 7.36% Commercial, 0.35% Industrial, and 2.93% Community, Public Service, Utility, and Park properties.

The total property tax bill of a \$100,000 market value residential property located in the Town is approximately \$3,868 including County, School District and special purpose Town taxes.

### TAX LEVY LIMITATION LAW

Chapter 97 of the Laws of 2011 (the "Tax Levy Limitation Law") applies to virtually all local governments, including school districts (with the exception of New York City, Yonkers, Syracuse, Rochester and Buffalo, the latter four of which are indirectly affected by applicability to their respective city). It also applies to independent special districts and to town and county improvement districts as part of their parent municipalities tax levies.

The Tax Levy Limitation Law restricts, among other things, the amount of real property taxes (including assessments of certain special improvement districts) that may be levied by or on behalf of a municipality in a particular year, beginning with fiscal years commencing on or after January 1, 2012. It was to expire on June 15, 2020; legislation has since made it permanent. Pursuant to the Tax Levy Limitation Law, the tax levy of a municipality cannot increase by more than the lesser of (i) two percent (2%) or (ii) the annual increase in the consumer price index ("CPI"), over the amount of the prior year's tax levy. Certain adjustments would be permitted for taxable real property full valuation increases due to changes in physical or quantity growth in the real property base as defined in Section 1220 of the Real Property Tax Law. A municipality may exceed the tax levy limitation for the coming fiscal year only if the governing body of such municipality first enacts, by at least a sixty percent vote of the total voting strength of the board, a local law (resolution in the case of fire districts and certain special districts) to override such limitation for such coming fiscal year only. There are exceptions to the tax levy limitation provided in the Tax Levy Limitation Law, including expenditures made on account of certain tort settlements and certain increases in the average actuarial contribution rates of the New York State and Local Employees' Retirement System, the Police and Fire Retirement System, and the Teachers' Retirement System. Municipalities are also permitted to carry forward a certain portion of their unused levy limitation from a prior year. Each municipality prior to adoption of each fiscal year budget must submit for review to the State Comptroller any information that is necessary in the calculation of its tax levy for each fiscal year.

The Tax Levy Limitation Law does not contain an exception from the levy limitation for the payment of debt service on either outstanding general obligation debt of municipalities or such debt incurred after the effective date of the Tax Levy Limitation Law (June 24, 2011).

While the Tax Levy Limitation Law may constrict an issuer's power to levy real property taxes for the payment of debt service on debt contracted after the effective date of said Tax Levy Limitation Law, it is clear that no statute is able (1) to limit an issuer's pledge of its faith and credit to the payment of any of its general obligation indebtedness or (2) to limit an issuer's levy of real property taxes to pay debt service on general obligation debt contracted prior to the effective date of the Tax Levy Limitation Law. Whether the Constitution grants a municipality authority to treat debt service payments as a constitutional exception to such statutory tax levy limitation outside of any statutorily determined tax levy amount is not clear.

Certain additional restrictions on the amount of the personal income tax credit are set forth in Chapter 59 in order for the tax cap to qualify as one which will provide the tax credit benefit to such real property taxpayers. The refundable personal income tax credit amount is increased in the second year if compliance occurs in both taxable years.

For the second taxable year of the program, the refundable personal income tax credit for real property taxpayers is additionally contingent upon adoption by the school district or municipal unit of a state approved "government efficiency plan" which demonstrates "three year savings and efficiencies of at least one per cent per year from shared services, cooperation agreements and/or mergers or efficiencies".

Municipalities, school districts and independent special districts must provide certification of compliance with the requirements of the new provisions to certain state officials in order to render their real property taxpayers eligible for the personal income tax credit.

While the provisions of Chapter 59 do not directly further restrict the taxing power of the affected municipalities, school districts and special districts, they do provide an incentive for such tax levies to remain within the tax cap limits established by the Tax Levy Limitation Law. The implications of this for future tax levies and for operations and services of the Town are uncertain at this time.

## STATUS OF INDEBTEDNESS

### Constitutional Requirements

The New York State Constitution limits the power of the Town (and other municipalities and certain school districts of the State) to issue obligations and to otherwise contract indebtedness. Such constitutional limitations in summary form, and as generally applicable to the Town and its indebtedness (including the Notes), include the following provisions:

Purpose and Pledge. Subject to certain enumerated exceptions, the Town shall not give or loan any money or property to or in aid of any individual, private corporation or private undertaking or give or loan its credit to or in aid of any foreign or public corporation. The Town may contract indebtedness only for a Town purpose and shall pledge its faith and credit for the payment of the principal of any interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid within three fiscal year periods, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the expiration of the period of probable usefulness of the object or purpose as determined by statute; no installment may be more than fifty per centum in excess of the smallest prior installment, unless substantially level or declining debt service is utilized. The Town is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds and such required annual installments on its bonds.

Debt Limit. The Town has the power to contract indebtedness for any Town purpose so long as the principal amount thereof, subject to certain limited exceptions, shall not exceed seven per centum of the average full valuation of taxable real property of the Town and subject to certain enumerated exclusions and deductions such as water and certain sewer facilities and cash or appropriations for current debt service. The constitutional method for determining full valuation is by taking the assessed valuation of taxable real estate as shown upon the latest completed assessment roll and dividing the same by the equalization rate as determined by the State Office of Real Property Services. The State Legislature is required to prescribe the manner by which such ratio shall be determined. Average full valuation is determined by taking the sum of the full valuation of the last completed assessment roll and the four preceding assessment rolls and dividing such sum by five.

Pursuant to Article VIII of the State Constitution and Title 9 of Article 2 of the Local Finance Law, the debt limit of the Town is calculated by taking 7% of the latest five-year average of the full valuation of all taxable real property.

## Statutory Procedure

In general, the State Legislature has, by the enactment of the Local Finance Law, authorized the powers and procedure for the Town to borrow and incur indebtedness, subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including specifically the Town Law and the General Municipal Law.

Pursuant to the Local Finance Law, the Town authorizes the issuance of bonds by the adoption of a bond resolution, approved by at least two-thirds of the members of the Town Board, the finance board of the Town. Customarily, the Town Board has delegated to the Town Supervisor, as chief fiscal officer of the Town, the power to authorize and sell bond anticipation notes in anticipation of authorized bonds.

The Local Finance Law also provides that where a bond resolution is published with a statutory form of notice, the validity of the bonds authorized thereby, including bond anticipation notes issued in anticipation of the sale thereof, may be contested only if:

- (1) Such obligations are authorized for a purpose for which the Town is not authorized to expend money, or
- (2) There has not been substantial compliance with the provisions of law which should have been complied within the authorization of such obligations and an action contesting such validity, is commenced within twenty days after the date of such publication or,
- (3) Such obligations are authorized in violation of the provisions of the Constitution.

Except on rare occasions the Town complies with this estoppel procedure. It is a procedure that is recommended by Bond Counsel, but it is not an absolute legal requirement.

With the exception of the "Street Lighting" project and the "Town Hall Improvement" project, the Town previously published and completed this estoppel procedure for all of the projects identified as "Purpose of Issue" on pages 3 and 4 herein. However, the Town published estoppel notices in April of 2020 that met the requirements of the Estoppel Procedure for both the "Street Lighting" project and the "Town Hall Improvement" project. As a result of the COVID – 19 health crisis, Governor Cuomo has issued Executive Orders that have the effect of tolling legal time limitations from March 20, 2020 to June 6, 2020. As a result, the estoppel period for the Town's "Street Lighting" project and "Town Hall Improvement" project has not yet commenced. If the Executive Orders are not extended, the estoppel period will begin on June 7, 2020 and end twenty days thereafter. As of the date hereof, there is no way to determine whether such Executive Orders will be extended. Such estoppel periods will not have expired as of the proposed date of issuance of the Notes and Bonds (June 11, 2020). Compliance with the Estoppel Procedure is generally recommended by bond counsel but is not legally required. The Town's administration is not aware of any opposition to the Street Lighting project or the Town Hall Improvement project, and the Town's bond counsel will deliver its unqualified opinion with respect to the Notes. The information contained under this paragraph does not constitute operating data and annual financial information for purposes of the Town's Undertaking.

Each bond resolution usually authorizes the construction, acquisition or installation of the object or purpose to be financed, sets forth the plan of financing and specifies the maximum maturity of the bonds subject to the legal (Constitution, Local Finance Law) restrictions relating to the period of probable usefulness with respect thereto.

Statutory Law in New York permits bond anticipation notes to be renewed each year provided annual principal installments are made in reduction of the total amount of such notes outstanding, commencing no later than two years from the date of the first of such notes and provided, generally, that such renewals do not exceed five years beyond the original date of borrowing. (See "Payment and Maturity" under "Constitutional Requirements" herein, and "Details of Outstanding Indebtedness" herein).

In general, the Local Finance Law contains provisions providing the Town with the power to issue certain other short-term general obligations indebtedness including revenue and tax anticipation notes and budget and capital notes (see "Details of Outstanding Indebtedness" herein).

## **Bonded Debt Service**

A schedule of bonded debt service, including the principal of the Bonds, may be found in “APPENDIX – B” to this Official Statement.

## **Capital Project Plans**

The Town has approved new Community Center underway at a maximum cost of \$8,000,000. The Town currently has a \$7,905,000 portion of \$18,085,000 bond anticipation notes outstanding and maturing June 5, 2026 for this project. A \$7,790,000 portion of the Series A Notes are being issued, along with \$115,000 available funds of the Town to partially redeem and renew the bond anticipation notes maturing June 5, 2026 for the aforementioned project.

The Town is constantly reviewing its need to upgrade infrastructure, including water and sewer projects. From time to time the Town has been issued financing through the New York State Environmental Facilities Corporation (EFC), and the Dormitory Authority of the State of New York (DASNY) and other State agencies.

The Town has implemented a Pavement and Drainage Inventory of Highways to provide a framework upon which to build a maintenance plan that will serve the present and future needs of the Town residents and ensure a cost-effective solution to the pavement and drainage problems. The plan is flexible and is intended to be adjusted based on changing conditions.

## **Cash Flow Borrowing**

The Town historically does not issue tax anticipation notes or revenue anticipation notes, and does not anticipate doing so in the foreseeable future.

## **Salina Landfill Consent Order**

In 1994, Onondaga Lake was added to the Environmental Protection Agency’s (EPA’s) Superfund National Priorities List (NPL). The Town of Salina Landfill site, a 55-acre tract of land (the “Landfill”) located in the Town was identified by the EPA as a contributing factor to the contamination of Onondaga Lake and, therefore, was identified as a “Sub-Site” of the Onondaga Lake NPL site. In 1996, the New York State Department of Environmental Conservation (NYSDEC) also designated the Town of Salina Landfill as a Class 2 Inactive Hazardous Waste Site. Approximately 29 acres of the Landfill is owned by the Town of Salina.

On October 29, 1997, the Town entered into an “Order on Consent” with the NYSDEC to perform a Remedial Investigation/Feasibility Study and undertake remedial action for the Landfill. In January 2003, NYSDEC and EPA released a Proposed Plan describing the remedial alternatives considered for the Landfill.

The Town is obligated under the Order on Consent to remediate the environmental contamination associated with the Landfill. Specifically, the Town is responsible for 25% of the total costs. The Town adopted an amended and restated bond resolution on September 12, 2011 increasing the cost of the project from \$14,050,000 to \$16,396,635.89. On August 12, 2013, the Town adopted a second amended and restated bond resolution that increased the cost of the project to \$19,802,003. NYSDEC will be paying for the remaining 75% and payments will be made over a 10-year period. Design was completed by the end of 2008, bidding commenced early 2009, construction started summer of 2009 and was completed in 2015. The Town originally issued a bond anticipation note in July, 2009 for \$1,550,000 for the first phase of financing, which bond anticipation note was renewed in part in September, 2011 by the issuance of \$1,500,000 in EFC clean water facility notes maturing on September 29, 2014. The Town also issued bond anticipation notes for \$6,000,000 in January 2011. These bond anticipation notes were renewed in full in January, 2012 and covered construction cash flow through January 2013. In January, 2013 the Town issued an additional \$2,195,000 in new money bond anticipation notes to cover costs through January 2014. In January 2014 the Town issued \$7,790,000 renewal notes. In January 2015, the January 2014 issue was financed through EFC for \$4,790,000. The Town issued debt in the amount of \$3,759,982 to permanently finance the project.

## Lower Ley Creek Subsite - Order on Consent with USEPA

The US Environmental Protection Agency (EPA) identified the Town of Salina as a potentially responsible party (PRP), along with six other parties, for contamination that exists in the Lower Ley Creek Subsite (the “Subsite”) to the Onondaga Lake Superfund Site. The basis for this finding was the assertion that contaminants from the former Salina landfill have allegedly migrated and/or leached into the Lower Ley Creek. On July 18, 2016, the Town, along with the County of Onondaga, the City of Syracuse, Carrier Corporation, National Grid, Syracuse China and Cooper Crouse-Hinds, LLC (collectively referred to as the “PRP Group”) entered into an Administrative Order on Consent (AOC) with EPA to undertake a remedial design for the subsequent implementation of a cleanup of the Subsite. The Town did not admit any liability by agreeing to the AOC.

In conjunction with the AOC, the Town and the PRP Group entered into the Lower Ley Creek Operable Unit of the Onondaga Lake Superfund Site Organizational and Joint Participation and Defense Agreement (the “PRP Agreement”) wherein the PRP Group organized, funded, and negotiated with EPA the scope of the remedial design for the future cleanup of the Subsite. The total estimated cost of the remedial design was determined to be \$1,735,300, and was equally divided amongst all of the PRPs. The Town’s total allocated share was \$247,900, and was paid in two (2) equal payments of \$123,950.

The preliminary design investigation work plan was submitted and approved by EPA. The PRP Group’s technical advisor, Arcadis, recently completed the design investigation work at the Subsite. Based on the preliminary results that were collected by ARCADIS, EPA required the completion of additional investigation work. This additional work resulted in an increase of approximately \$78,000 in costs, which again divided equally amongst the PRP Group, resulted in an additional allocated cost to the Town of approximately \$11,000. Moreover, liability notice letters and tolling agreements were sent to twelve (12) additional parties that may also have liability for the remediation of the Subsite. Negotiations regarding the involvement of these additional parties are on-going.

The Subsite’s pre-design investigation data summary report was finalized by Arcadis and approved by EPA. In addition, a remedial design workplan has been submitted to EPA for its final review and approval, Upon EPA’s approval of the workplan, an estimate cost of the remedial action/cleanup will be completed and negotiations commenced between the PRPs and EPA as to how those costs will be allocated amongst the responsible parties. In addition, as part of the GM bankruptcy in 2009, \$21 million was set aside in trust with EPA to be used toward the cost of implementing the remedial cleanup at the Subsite. Until such time that the total estimated cost of the cleanup is completed and the GM trust funds are applied, it is unknown what share, if any, of the total cleanup costs could be allocated to the Town.

On September 21, 2020, Syracuse China filed Chapter 7 bankruptcy and dropped out as a PRP therefore reducing the number of PRPs to five (5). On August 10, 2020, the Town filed a proof claim in the Bankruptcy Court against the Syracuse China filing for environmental liabilities in the amount of \$21,515,094. The Town expects that the claim will be released or reduced to \$285,000, of which 1%-5% may be recovered from the bankruptcy estate.

On May 4, 2021, EPA sent out notice letters and a draft Consent Order to the PRPs regarding the Remedial Action for the Subsite. All of the PRPs, including the Town, sent letters confirming their willingness to enter into negotiations with EPA regarding the Remedial Action. In addition, EPA and the PRP group have sent notice letters out to additional parties that may have liability for the Remedial Action in order to commence negotiations to include those parties within the PRP group.

Further, in 2021, Arcadis began developing the required Remedial Design “(RD)” Report for the Subsite. To date, as a result of numerous comments from EPA and other stakeholders, the RD Report is still being finalized. The Pre-Final (95%) Remedial Design Report for the Lower Ley Creek Subsite was submitted by Arcadis to EPA on January 31, 2025. EPA has not yet submitted its formal comment letter on the Pre-Final Report. In light of both the Syracuse China’s bankruptcy and the added time and resources required to address EPA comments and revise the RD Report, additional costs were assessed against each PRP totaling \$30,000 in April 2022 and, more recently, \$58,333, payment of this subsequent amount being made in two (2) equal installments by June 4, 2024 and January 31, 2025. An additional assessment has been proposed to address a bill submitted from EPA in the combined amount of \$307,018.19 to cover oversight costs associated with an Operable Unit at the Lower Ley Creek Subsite. This bill would result in an additional assessment to the Town of one fifth of the oversight cost billed, the same as other members of the PRP group. The PRP group is currently requesting further documentation from the EPA to substantiate the amount EPA claims is due. Presently, the group is continuing to work with the EPA, meeting EPA deadlines, in connection with the finalization of the necessary reports. There has been no change from an exposure standpoint to the Town of Salina in the intervening year.

Despite progress being made with the RD Report, until such time that the total estimated cost of the Remedial Action (i.e., cleanup) is finalized, efforts to include additional PRPs to share in the ultimate cost for the Remedial Action are completed, further negotiations are conducted with EPA regarding the scope of the PRPs’ liability for the Remedial Action, and the final amount of GM trust funds are applied, it is unknown what share, if any, of the total cleanup costs could be allocated to the Town.

**Estimated Overlapping Indebtedness**

In addition to the Town, the following political subdivisions have the power to issue bonds and to levy taxes or cause taxes to be levied on taxable real property in the Town. The estimated net outstanding indebtedness of such political subdivisions, as of the respective fiscal years of the municipalities listed below, is as follows:

**SPECIAL PROVISIONS AFFECTING REMEDIES UPON DEFAULT**

**General Municipal Law Contract Creditors’ Provision.** Each Bond and Note when duly issued and paid for will constitute a contract between the Town and the holder thereof. Under current law, provision is made for contract creditors of the Town to enforce payments upon such contracts, if necessary, through court action. Section 3-a of the General Municipal Law provides, subject to exceptions not pertinent, that the rate of interest to be paid by the Town upon any judgment or accrued claim against it on an amount adjudged due to a creditor shall not exceed nine per centum per annum from the date due to the date of payment. This provision might be construed to have application to the holders of the Bonds and Notes in the event of a default in the payment of the principal of and interest on the Bonds and Notes.

**Execution/Attachment of Municipal Property.** As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment, although judicial mandates have been issued to officials to appropriate and pay judgments out of certain funds or the proceeds of a tax levy. In accordance with the general rule with respect to municipalities, judgments against the Town may not be enforced by levy and execution against property owned by the Town.

**Authority to File For Municipal Bankruptcy.** The Federal Bankruptcy Code allows public bodies, such as the Town, recourse to the protection of a Federal Court for the purpose of adjusting outstanding indebtedness. Section 85.80 of the Local Finance Law contains specific authorization for any municipality in the State or its emergency control board to file a petition under any provision of Federal bankruptcy law for the composition or adjustment of municipal indebtedness.

The State has consented that any municipality in the State may file a petition with the United States District Court or court of bankruptcy under any provision of the laws of the United States, now or hereafter in effect, for the composition or adjustment of municipal indebtedness. Subject to such State consent, under the United States Constitution, Congress has jurisdiction over such matters and has enacted amendments to the existing federal bankruptcy statute, being Chapter 9 thereof, generally to the effect and with the purpose of affording municipal corporations, under certain circumstances, with easier access to judicially approved adjustment of debt including judicial control over identifiable and unidentifiable creditors.

No current state law purports to create any priority for holders of the Bonds and Notes should the Town be under the jurisdiction of any court, pursuant to the laws of the United States, now or hereafter in effect, for the composition or adjustment of municipal indebtedness.

The rights of the owners of Bonds to receive interest and principal from the Town could be adversely affected by the restructuring of the Town's debt under Chapter 9 of the Federal Bankruptcy Code. No assurance can be given that any priority of holders of debt obligations issued by the Town (including the Bonds and Notes) to payment from monies retained in any debt service fund or from other cash resources would be recognized if a petition were filed by or on behalf of the Town under the Federal Bankruptcy Code or pursuant to other subsequently enacted laws relating to creditors' rights; such monies might, under such circumstances, be paid to satisfy the claims of all creditors generally.

Under the Federal Bankruptcy Code, a petition may be filed in the Federal Bankruptcy court by a municipality which is insolvent or unable to meet its debts as they mature. Generally, the filing of such a petition operates as a stay of any proceeding to enforce a claim against the municipality. The Federal Bankruptcy Code also requires that a plan be filed for the adjustment of the municipality's debt, which may modify or alter the rights of creditors and which could be secured. Any plan of adjustment confirmed by the court must be approved by the requisite number of creditors. If confirmed by the bankruptcy court, the plan would be binding upon all creditors affected by it.

**State Debt Moratorium Law.** There are separate State law provisions regarding debt service moratoriums enacted into law in 1975.

At the Extraordinary Session of the State Legislature held in November, 1975, legislation was enacted which purported to suspend the right to commence or continue an action in any court to collect or enforce certain short-term obligations of The City of New York. The effect of such act was to create a three-year moratorium on actions to enforce the payment of such obligations. On November 19, 1976, the Court of Appeals, the State's highest court, declared such act to be invalid on the ground that it violates the provisions of the State Constitution requiring a pledge by such City of its faith and credit for the payment of obligations.

As a result of the Court of Appeals decision in Flushing National Bank v. Municipal Assistance Corporation for the City of New York, 40 N.Y.2d 731 (1976), the constitutionality of that portion of Title 6-A of Article 2 of the Local Finance Law enacted at the 1975 Extraordinary Session of the State legislature, described below, authorizing any county, city, town or village with respect to which the State has declared a financial emergency to petition the State Supreme Court to stay the enforcement against such municipality of any claim for payment relating to any contract, debt or obligation of the municipality during the emergency period, is subject to doubt. In any event, no such emergency has been declared with respect to the Town.

Right of Municipality or State to Declare a Municipal Financial Emergency and Stay Claims Under State Debt Moratorium Law. The State Legislature is authorized to declare by special act that a state of financial emergency exists in any county, city, town or village. (The provision does not by its terms apply to school districts or fire districts.) In addition, the State Legislature may authorize by special act establishment of an "emergency financial control board" for any county, city, town or village upon determination that such a state of financial emergency exists. Thereafter, unless such special act provides otherwise, a voluntary petition to stay claims may be filed by any such municipality (or by its emergency financial control board in the event said board requests the municipality to petition and the municipality fails to do so within five days thereafter). A petition filed in supreme court in the county in which the municipality is located in accordance with the requirements of Title 6-A of the Local Finance Law ("Title 6-A") effectively prohibits the doing of any act for ninety days in the payment of claims, against the municipality including payment of debt service on outstanding indebtedness.

This includes staying the commencement or continuation of any court proceedings seeking payment of debt service due, the assessment, levy or collection of taxes by or for the municipality or the application of any funds, property, receivables or revenues of the municipality to the payment of debt service. The stay can be vacated under certain circumstances with provisions for the payment of amounts due or overdue upon a demand for payment in accordance with the statutory provisions set forth therein. The

filing of a petition may be accompanied with a proposed repayment plan which upon court order approving the plan, may extend any stay in the payment of claims against the municipality for such “additional period of time as is required to carry out fully all the terms and provisions of the plan with respect to those creditors who accept the plan or any benefits thereunder.” Court approval is conditioned, after a hearing, upon certain findings as provided in Title 6-A.

A proposed plan can be modified prior to court approval or disapproval. After approval, modification is not permissible without court order after a hearing. If not approved, the proposed plan must be amended within ten days or else the stay is vacated and claims including debt service due or overdue must be paid. It is at the discretion of the court to permit additional filings of amended plans and continuation of any stay during such time. A stay may be vacated or modified by the court upon motion of any creditor if the court finds after a hearing, that the municipality has failed to comply with a material provision of an accepted repayment plan or that due to a “material change in circumstances” the repayment plan is no longer in compliance with statutory requirements.

Once an approved repayment plan has been completed, the court, after a hearing upon motion of any creditor, or a motion of the municipality or its emergency financial control board, will enter an order vacating any stay then in effect and enjoining of creditors who accepted the plan or any benefits thereunder from commencing or continuing any court action, proceeding or other act described in Title 6-A relating to any debt included in the plan.

Title 6-A requires notice to all creditors of each material step in the proceedings. Court determinations adverse to the municipality or its financial emergency control board are appealable as of right to the appellate division in the judicial department in which the court is located and thereafter, if necessary, to the Court of Appeals. Such appeals stay the judgment or appealed from and all other actions, special proceedings or acts within the scope of Section 85.30 of Title 6-A pending the hearing and determination of the appeals.

Whether Title 6-A is valid under the Constitutional provisions regarding the payment of debt service is not known. However, based upon the decision in the Flushing National Bank case described above, its validity is subject to doubt.

While the State Legislature has from time to time adopted legislation in response to a municipal fiscal emergency and established public benefit corporations with a broad range of financial control and oversight powers to oversee such municipalities, generally such legislation has provided that the provisions of Title 6-A are not applicable during any period of time that such a public benefit corporation has outstanding indebtedness issued on behalf of such municipality.

Fiscal Stress and State Emergency Financial Control Boards. Pursuant to Article IX Section 2(b)(2) of the State Constitution, any local government in the State may request the intervention of the State in its “property, affairs and government” by a two-thirds vote of the total membership of its legislative body or on request of its chief executive officer concurred in by a majority of such membership. This has resulted in the adoption of special acts for the establishment of public benefit corporations with varying degrees of authority to control the finances (including debt issuance) of the cities of Buffalo, Troy and Yonkers and the County of Nassau. The specific authority, powers and composition of the financial control boards established by these acts varies based upon circumstances and needs. Generally, the State legislature has granted such boards the power to approve or disapprove budget and financial plans and to issue debt on behalf of the municipality, as well as to impose wage and/or hiring freezes and approve collective bargaining agreements in certain cases. Implementation is left to the discretion of the board of the public benefit corporation. Such a State financial control board was first established for New York City in 1975. In addition, on a certificate of necessity of the governor reciting facts which in the judgment of governor constitute an emergency requiring enactment of such laws, with the concurrences of two-thirds of the members elected in each house of the State legislature the State is authorized to intervene in the “property, affairs and governments” of local government units. This occurred in the case of the County of Erie in 2005. The authority of the State to intervene in the financial affairs of local government is further supported by Article VIII, Section 12 of the Constitution which declares it to be the duty of the State legislature to restrict, subject to other provisions of the Constitution, the power of taxation, assessment, borrowing money and contracting indebtedness and loaning the credit of counties, cities, towns and villages so as to prevent abuses in taxation and assessment and in contracting indebtedness by them.

In 2013, the State established a new state advisory board to assist counties, cities, towns and villages in financial distress. The Financial Restructuring Board for Local Governments (the “FRB”), is authorized to conduct a comprehensive review of the finances and operations of any such municipality deemed by the FRB to be fiscally eligible for its services upon request by resolution of the municipal legislative body and concurrence of its chief executive. The FRB is authorized to make recommendations for, but cannot compel improvement of fiscal stability, management and delivery of municipal services, including shared services opportunities and is authorized to offer grants and/or loans of up to \$5,000,000 through a Local Government Performance and Efficiency Program to undertake certain recommendations. If a municipality agrees to undertake the FRB recommendations, it will be automatically bound to fulfill the terms in order to receive the aid.

The FRB is also authorized to serve as an alternative arbitration panel for binding arbitration.

Although from time to time, there have been proposals for the creation of a statewide financial control board with broad authority over local governments in the State, the FRB does not have emergency financial control board powers to intervene such as the public benefit corporations established by special acts as described above.

Several municipalities in the State are presently working with the FRB. The Town has not requested FRB assistance nor does it reasonably expect to do so in the foreseeable future. School districts and fire districts are not eligible for FRB assistance.

**Constitutional Non-Appropriation Provision.** There is in the Constitution of the State, Article VIII, Section 2, the following provision relating to the annual appropriation of monies for the payment of due principal of and interest on indebtedness of every county, city, town, village and school district in the State: “If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness.” This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. See “General Municipal Law Contract Creditors’ Provision” herein.

The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes or bond anticipation notes.

**Default Litigation.** In prior years, certain events and legislation affecting a holder’s remedies upon default have resulted in litigation. While courts of final jurisdiction have upheld and sustained the rights of bondholders, such courts might hold that future events

**No Past Due Debt.** No principal of or interest on Town indebtedness is past due. The Town has never defaulted in the payment of the principal of and interest on any indebtedness.

## MARKET AND RISK FACTORS

There are various forms of risk associated with investing in the Bonds and Notes. The following is a discussion of certain events that could affect the risk of investing in the Bonds and Notes. In addition to the events cited herein, there are other potential risk factors that an investor must consider. In order to make an informed investment decision, an investor should be thoroughly familiar with the entire Official Statement, including its appendices, as well as all areas of potential investment risk.

The financial and economic condition of the Town as well as the market for the Bonds and Notes could be affected by a variety of factors, some of which are beyond the Town’s control. There can be no assurance that adverse events in the State and in other jurisdictions, including, for example, the seeking by a municipality or large taxable property owner of remedies pursuant to the Federal Bankruptcy Code or otherwise, will not occur which might affect the market price of and the market for the Bonds and Notes. If a significant default or other financial crisis should occur in the affairs of the State or another jurisdiction or any of its agencies or political subdivisions thereby further impairing the acceptability of obligations issued by borrowers within the State, both the ability of the Town to arrange for additional borrowings, and the market for and market value of outstanding debt obligations, including the Bonds and Notes could be adversely affected.

The Town is dependent in part on financial assistance from the State. However, if the State should experience difficulty in borrowing funds in anticipation of the receipt of State taxes and revenues in order to pay State aid to municipalities and school districts in the State, including the Town, in any year, the Town may be affected by a delay, until sufficient taxes have been received by the State to make State aid payments to the Town. In some years, the Town has received delayed payments of State aid which resulted from the State’s delay in adopting its budget and appropriating State aid to municipalities and school districts, and consequent delay in State borrowing to finance such appropriations. (See also “THE TOWN – State Aid”).

There are a number of general factors which could have a detrimental effect on the ability of the Town to continue to generate revenues, particularly property taxes. For instance, the termination of a major commercial enterprise or an unexpected increase in tax certiorari proceedings could result in a significant reduction in the assessed valuation of taxable real property in the Town. Unforeseen developments could also result in substantial increases in Town expenditures, thus placing strain on the Town’s financial condition. These factors may have an effect on the market price of the Bonds and Notes.

Pursuant to a final environmental impact statement (the “FEIS”) released by FHWA and NYSDOT on April 15, 2022, the NYSDOT began reconstruction of Interstate 81 beginning in the fall of 2023 in accordance with a “community grid design” that has been criticized by Town officials. Specifically, representatives of the Town Board, as well as local business owners, have expressed their concern that the proposed grid design may divert traffic away from the Town, causing a negative impact on local hotels, restaurants and other businesses. The I-81 highway reconstruction project, including the finalized community grid design, could have a material adverse impact upon the Town’s finances if local businesses suffer due to the revised flow of traffic caused by the community grid design. The degree of the impact of the I-81 project on the operations and finances of the Town is difficult to predict at this time.

If a holder elects to sell his investment prior to its scheduled maturity date, market access or price risk may be incurred. If and when a holder of any of the Bonds and Notes should elect to sell a Bond or Note prior to its maturity, there can be no assurance that a market shall have been established, maintained and be in existence for the purchase and sale of any of the Bonds and Notes. Recent global financial crises have included limited periods of significant disruption. In addition, the price and principal value of Notes is dependent on the prevailing level of interest rates; if interest rates rise, the price of a bond or note will decline, causing the bondholder or noteholder to incur a potential capital loss if such bond or note is sold prior to its maturity.

Amendments to U.S. Internal Revenue Code could reduce or eliminate the favorable tax treatment granted to municipal debt, including the Bonds and Notes and other debt issued by the Town. Any such future legislation would have an adverse effect on the market value of the Bonds and Notes (See “TAX MATTERS” herein).

### *Cybersecurity*

The Town, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including, but not limited to, hacking, viruses, malware and other attacks on computer or other sensitive digital systems and networks. There can be no assurances that any security and operational control measures implemented by the Town will be completely successful to guard against and prevent cyber threats and attacks. The result of any such attacks could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant.

## **TAX MATTERS – THE BONDS AND SERIES A NOTES**

In the opinion of WJ Marquardt PLLC, Bond Counsel to the Town, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds and Series A Notes is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Bonds and Series A Notes is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Bonds and Series A Notes is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. In addition, under existing statutes, interest on the Bonds and Series A Notes is exempt from personal income taxes of New York State and its political subdivisions, including the City of New York. Bond counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual of interest on the Bonds and Series A Notes. The proposed forms of opinion of Bond Counsel is set forth in “Appendix – F & G.”

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds and Series A Notes. The Town has covenanted to comply with certain restrictions designed to insure that interest on the Bonds and Series A Notes will not be included in federal gross income. Failure to comply with these covenants will result in interest on the Bonds and Series A Notes being included in gross income for federal income tax purposes as well as adjusted gross income for purposes of personal income taxes imposed by the State of New York or the City of New York, from the date of original issuance of the Bonds and Series A Notes. The opinion of Bond Counsel assumes compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken) or events occurring (or not occurring) after the date of issuance of the Bonds and Series A Notes may adversely affect the value of, or the tax status of interest on, the Bonds and Series A Notes. Further, no assurance can be given that pending or future legislation or amendments to the Code, if enacted into law, or any proposed legislation or amendments to the Code, will not adversely affect the value of, or the tax status of interest on, the Bonds and Series A Notes.

Certain requirements and procedures contained or referred to in the Arbitrage Certificate, and other relevant documents may be changed and certain actions (including, without limitation, economic defeasance of the Bonds and Series A Notes) may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents. Bond Counsel expresses no opinion as to any Notes or the interest thereon if any such change occurs or action is taken or omitted.

Although Bond Counsel is of the opinion that interest on the Bonds and Series A Notes is excluded from gross income for federal income tax purposes and is excluded from adjusted gross income for federal income taxes imposed by the State of New York and the City of New York, the ownership or disposition of, or the accrual or receipt of interest on, the Bonds and Series A Notes may otherwise affect an Owner's federal or state tax liability. The nature and extent of these other tax consequences will depend upon the particular tax status of the owner or the owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Future legislative proposals, if enacted into law, or clarification of the Code or court decisions may cause interest on the Bonds and Series A Notes to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. For example, legislative proposals have been advanced that would limit the exclusion from gross income of interest on obligations like the Bonds and Series A Notes to some extent for taxpayers who are individuals whose income is subject to higher marginal income tax rates. Other proposals have been made that could significantly reduce the benefit of, or otherwise affect, the exclusion from gross income of interest on obligations like the Bonds and Series A Notes. The introduction or enactment of any such legislative proposals, clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Bonds and Series A Notes. Prospective purchasers of the Bonds and Series A Notes should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, and regarding the impact of future legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

### **TAX MATTERS – SERIES B NOTES**

In the opinion of WJ Marquardt PLLC, Bond Counsel to the Town, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Series B Notes is includable in gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). In addition, under existing statutes, interest on the Series B Notes is exempt from personal income taxes of New York State and its political subdivisions, including the City of New York. Bond counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual of interest on the Series B Notes. The proposed form of opinion of Bond Counsel is set forth in "Appendix – H."

### **LEGAL MATTERS**

Legal matters incident to the authorization, issuance and sale of the Bonds and Notes is subject to the approving legal opinion of WJ Marquardt, PLLC, Bond Counsel. Bond Counsel's opinions will be in substantially the form attached hereto as "APPENDIX – F, G & H".

### **LITIGATION**

The Town is subject to a number of lawsuits in the ordinary conduct of its affairs. The Town does not believe, however, that such suits, individually or in the aggregate, are likely to have a material adverse effect on the financial condition of the Town.

There is no action, suit, proceedings or investigation, at law or in equity, before or by any court, public board or body pending or, to the best knowledge of the Town, threatened against or affecting the Town to restrain or enjoin the issuance, sale or delivery of the Bonds and Notes or the levy and collection of taxes or assessments to pay same, or in any way contesting or affecting the validity of the Bonds and Notes or any proceedings or authority of the Town taken with respect to the authorization, issuance or sale of the Bonds and Notes or contesting the corporate existence or boundaries of the Town.

### **CONTINUING DISCLOSURE**

In order to assist the purchasers in complying with Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended ("Rule 15c2-12"), the Town will enter into Continuing Disclosure Undertaking with respect to the Bonds and an Undertaking to provide Material Event Notices with respect to the Notes, the forms, substantially of which, is attached hereto as "APPENDIX – C & D".

## **Historical Compliance**

Except as mentioned below, the Town is in compliance in all material respects within the last five years with all previous undertakings made pursuant to the Rile 15c2-12:

The Town failed to provide its Audited Financial Statements for the fiscal year ended December 31, 2021 (“2021 Audit”), as well as its failure to provide an event notice of its failure to file within the timeline stated in the Town’s existing undertaking agreements. The 2021 Audit was filed to EMMA on April 26, 2023. The material event notice regarding both the failure to provide the 2021 Audit and event filing information were filed May 4, 2023.

The Town failed to provide its Audited Financial Statements for the fiscal year ended December 31, 2023 (“2023 Audit”), as well as its failure to provide an event notice of its failure to file within the timeline stated in the Town’s existing undertaking agreements. The 2023 Audit was filed to EMMA on April 21, 2025. The material event notice regarding both the failure to provide the 2023 Audit and event filing information were filed April 21, 2025.

## **RATINGS**

The Notes are not rated. Subject to the approval of the Town, the purchaser of the Notes may choose to have a rating completed after the sale at the expense of the purchaser, including any fees to be incurred by the Town, as such rating action may result in a material event notification to be posted to EMMA and/or the provision of a supplement to the final Official Statement.

Moody's Investors Service (“Moody's”) has assigned its rating of “Aa3” to the Bonds and the Town’s outstanding general obligations bonds. A rating reflects only the view of the rating agency assigning such rating, and any desired explanation of the significance of such rating should be obtained from Moody’s Investors Services, 7 World Trade Center, 250 Greenwich St., New York, New York 10007. Phone: (212) 553-0038, Fax: (212) 553-1390.

Generally, rating agencies base their ratings on the information and materials furnished to it and on investigations, studies and assumptions by the respective rating agency. There is no assurance that a particular rating will apply for any given period of time or that it will not be lowered or withdrawn entirely if, in the judgment of the agency originally establishing the rating, circumstances so warrant. Any downward revision or withdrawal of the rating of the Bonds may have an adverse effect on the market price of the Notes.

## FORM OF BOND COUNSEL’S OPINION – THE BONDS

June 4, 2026

Town of Salina  
Town Hall – 201 School Road  
Liverpool, New York 13088

Re: Town of Salina, Onondaga County, New York  
\$6,485,000 Public Improvement (Serial) Bonds, 2026

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$6,485,000 Public Improvement (Serial) Bonds, 2026 (the "Bonds"), of the Town of Salina, Onondaga County, New York, State of New York (the "Town"). The Bonds are being issued pursuant to the Constitution and laws of the State of New York, including the Town Law, Local Finance Law and a Bond Resolution adopted by the Town Board on March 23, 2020 and a certificate of Determination dated the date hereof of the Town Supervisor relative to the form and terms of the Bonds.

In our opinion, the Bonds are valid and legally binding general obligations of the Town for which the Town has validly pledged its faith and credit and, unless paid from other sources, all taxable real property within the Town is subject to levy of ad valorem real estate taxes to pay the Bonds and interest thereon, subject to applicable statutory limitations. The enforceability of rights or remedies with respect to the Bonds may be limited by bankruptcy, insolvency, or other laws affecting creditors' rights or remedies heretofore or hereinafter enacted.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excluded from gross income under Section 103 of the Code. The Town Supervisor, in executing the Arbitrage and Use of Proceeds Certificate, has certified to the effect that the Town will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that interest on the Bonds is excluded from gross income under Section 103 of the Code. We have examined such Arbitrage and Use of Proceeds Certificate of the Town delivered concurrently with the delivery of the Bonds, and, in our opinion, such certificate contains provisions and procedures under which such requirements can be met.

In our opinion, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Code, and is excluded from adjusted gross income for purposes of New York State and New York City personal income taxes. Interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Bonds is included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this opinion. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents. Furthermore, we have assumed compliance with all covenants and agreements contained in the Arbitrage and Use of Proceeds Certificate, including without limitation covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Bonds to be included in gross income for federal income tax purposes or adjusted gross income for purposes of personal income taxes imposed by the State of New York and the City of New York. We call attention to the fact that the rights and obligations under the Bonds and the Arbitrage and Use of Proceeds Certificate and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against New York municipal corporations such as the Town. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, or waiver provisions contained in the foregoing documents.

The scope of our engagement in relation to the issuance of the Bonds has extended solely to the examination of the facts and law incident to rendering the opinions expressed herein. The opinions expressed herein are not intended and should not be construed to express or imply any conclusion that the amount of real property subject to taxation within the boundaries of the Town, together with other legally available sources of revenue, if any, will be sufficient to enable the Town to pay the principal of or interest on the Bonds as the same respectively become due and payable. Reference should be made to the Official Statement for factual information which, in the judgment of the Town would materially affect the ability of the Town to pay such principal and interest. We have not verified the accuracy, completeness or fairness of the factual information contained in the Official Statement and, accordingly, no opinion is expressed by us as to whether the Town, in connection with the sale of the Bonds, has made any untrue statement of a material fact, or omitted to state a material fact necessary in order to make any statements made, in light of the circumstances under which they were made, not misleading.

We have examined the first executed Bond of said issue and, in our opinion, the form of said Bond and its execution are regular and proper.

Very truly yours,

WJ MARQUARDT, PLLC

## FORM OF BOND COUNSEL’S OPINION – THE SERIES A NOTES

Re: Town of Salina, Onondaga County, New York  
\$8,897,550 Bond Anticipation Notes, 2026 Series A (Renewals)

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$8,897,550 Bond Anticipation Notes, 2026 Series A (Renewals) (the "Notes"), of the Town of Salina, Onondaga County, New York, State of New York (the "Town"). The Notes are being issued pursuant to the Constitution and laws of the State of New York, including the Town Law, Local Finance Law and Bond Resolutions adopted by the Town Board February 25, 2008, July 24, 2023, March 11, 2024 and March 31, 2025 and a certificate of Determination dated the date hereof of the Town Supervisor relative to the form and terms of the Notes.

In our opinion, the Notes are valid and legally binding general obligations of the Town for which the Town has validly pledged its faith and credit and, unless paid from other sources, all taxable real property within the Town is subject to levy of ad valorem real estate taxes to pay the Notes and interest thereon, subject to applicable statutory limitations. The enforceability of rights or remedies with respect to the Notes may be limited by bankruptcy, insolvency, or other laws affecting creditors' rights or remedies heretofore or hereinafter enacted.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met subsequent to the issuance and delivery of the Notes in order that interest on the Notes be and remain excluded from gross income under Section 103 of the Code. The Town Supervisor, in executing the Arbitrage and Use of Proceeds Certificate, has certified to the effect that the Town will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that interest on the Notes is excluded from gross income under Section 103 of the Code. We have examined such Arbitrage and Use of Proceeds Certificate of the Town delivered concurrently with the delivery of the Notes, and, in our opinion, such certificate contains provisions and procedures under which such requirements can be met.

In our opinion, interest on the Notes is excluded from gross income for federal income tax purposes under Section 103 of the Code, and is excluded from adjusted gross income for purposes of New York State and New York City personal income taxes. Interest on the Notes is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Notes is included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Notes.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. Our engagement with respect to the Notes has concluded with their issuance, and we disclaim any obligation to update this opinion. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents. Furthermore, we have assumed compliance with all covenants and agreements contained in the Arbitrage and Use of Proceeds Certificate, including without limitation covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Notes to be included in gross income for federal income tax purposes or adjusted gross income for purposes of personal income taxes imposed by the State of New York and the City of New York. We call attention to the fact that the rights and obligations under the Notes and the Arbitrage and Use of Proceeds Certificate and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against New York municipal corporations such as the Town. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, or waiver provisions contained in the foregoing documents.

The scope of our engagement in relation to the issuance of the Notes has extended solely to the examination of the facts and law incident to rendering the opinions expressed herein. The opinions expressed herein are not intended and should not be construed to express or imply any conclusion that the amount of real property subject to taxation within the boundaries of the Town, together with other legally available sources of revenue, if any, will be sufficient to enable the Town to pay the principal of or interest on the Notes as the same respectively become due and payable. Reference should be made to the Official Statement for factual information which, in the judgment of the Town would materially affect the ability of the Town to pay such principal and interest. We have not verified the accuracy, completeness or fairness of the factual information contained in the Official Statement and, accordingly, no opinion is expressed by us as to whether the Town, in connection with the sale of the Notes, has made any untrue statement of a material fact, or omitted to state a material fact necessary in order to make any statements made, in light of the circumstances under which they were made, not misleading.

We have examined the first executed Bond of said issue and, in our opinion, the form of said Bond and its execution are regular and proper.

## FORM OF BOND COUNSEL'S OPINION – THE SERIES B NOTES

June 4, 2026

Town of Salina  
Town Hall – 201 School Road  
Liverpool, New York 13088

Re: Town of Salina, Onondaga County, New York  
\$2,000,000 Bond Anticipation Notes, 2026 Series B (Renewals) (Federally Taxable)

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$2,000,000 Bond Anticipation Notes, 2026 Series B (the "Notes"), of the Town of Salina, Onondaga County, New York, State of New York (the "Town"). The Notes are being issued pursuant to the Constitution and laws of the State of New York, including the Town Law, Local Finance Law and a Bond Resolution adopted by the Town Board March 31, 2025 and a certificate of Determination dated the date hereof of the Town Supervisor relative to the form and terms of the Notes.

In our opinion, the Notes are valid and legally binding general obligations of the Town for which the Town has validly pledged its faith and credit and, unless paid from other sources, all taxable real property within the Town is subject to levy of ad valorem real estate taxes to pay the Notes and interest thereon, subject to applicable statutory limitations. The enforceability of rights or remedies with respect to the Notes may be limited by bankruptcy, insolvency, or other laws affecting creditors' rights or remedies heretofore or hereinafter enacted.

In our opinion, interest on the Notes is included in gross income for federal income tax purposes and (ii) is exempt, under existing statutes, from personal income taxes imposed by the State of New York or any political subdivision thereof, including the City of New York. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Notes.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. Our engagement with respect to the Notes has concluded with their issuance, and we disclaim any obligation to update this opinion. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, or waiver provisions contained in the foregoing documents.

The scope of our engagement in relation to the issuance of the Notes has extended solely to the examination of the facts and law incident to rendering the opinions expressed herein. The opinions expressed herein are not intended and should not be construed to express or imply any conclusion that the amount of real property subject to taxation within the boundaries of the Town, together with other legally available sources of revenue, if any, will be sufficient to enable the Town to pay the principal of or interest on the Notes as the same respectively become due and payable. Reference should be made to the Official Statement for factual information which, in the judgment of the Town would materially affect the ability of the Town to pay such principal and interest. We have not verified the accuracy, completeness or fairness of the factual information contained in the Official Statement and, accordingly, no opinion is expressed by us as to whether the Town, in connection with the sale of the Notes, has made any untrue statement of a material fact, or omitted to state a material fact necessary in order to make any statements made, in light of the circumstances under which they were made, not misleading.

We have examined the first executed Bond of said issue and, in our opinion, the form of said Bond and its execution are regular and proper.

Very truly yours,
