

PRELIMINARY OFFICIAL STATEMENT

NEW ISSUE

REVENUE ANTICIPATION NOTES

In the opinion of Hodgson Russ LLP, Albany, New York, Bond Counsel, based on existing statutes, regulations, rulings and court decisions, and assuming the accuracy of certain representations and continuing compliance with certain covenants described in "TAX MATTERS" herein, interest on the Notes is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). In the further opinion of Bond Counsel, interest on the Notes is not treated as a specific preference item for purposes of the federal alternative minimum tax imposed on individuals. We note that, for tax years beginning after December 31, 2022, interest on the Notes will be included in the adjusted financial statement income of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Bond Counsel is also of the opinion that interest on the Notes is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of or the amount, accrual, or receipt of interest on the Notes. See "TAX MATTERS" herein.

The Notes will be designated "qualified tax-exempt obligations" under Section 265(b)(3) of the Code.

\$1,038,960

CITY SCHOOL DISTRICT OF THE CITY OF LITTLE FALLS

HERKIMER COUNTY, NEW YORK

GENERAL OBLIGATIONS

\$1,038,960 Revenue Anticipation Notes, 2024 Series B

(the "Notes")

Dated: September 26, 2024

Due: September 26, 2025

The Notes are general obligations of the City School District of the City of Little Falls, Herkimer County, New York (the "District"), all of the taxable real property within which is subject to the levy of ad valorem taxes to pay the Notes and interest thereon without limitation as to rate or amount. See "NATURE OF OBLIGATION" and "TAX LEVY LIMITATION LAW" herein. The Notes will be issued without the option of prior redemption.

The Notes are not subject to redemption prior to maturity. At the option of the purchaser(s), the Notes will be issued as registered notes or registered in the name of the purchaser. If such Notes are issued as registered in the name of the purchaser, principal of and interest on the Notes will be payable in Federal Funds. In such case, the Notes will be issued as registered in the name of the purchaser in denominations of \$5,000 or multiples thereof, except for one necessary odd denomination, as may be determined by such successful bidder(s), except for one necessary odd denomination.

Alternatively, if the Notes are issued as registered notes, the Notes will be registered in the name of Cede & Co. as nominee of The Depository Trust Company ("DTC"), New York, New York, which will act as the securities depository for the Notes. Noteholders will not receive certificates representing their ownership interest in the notes purchased if the purchaser(s) elects to register the Notes. Such Notes will be issued in denominations of \$5,000 or integral multiples thereof, except for one necessary odd denomination, as may be determined by such successful bidder(s). If the Notes are issued as registered notes, payment of the principal of and interest on the Notes to the Beneficial Owner(s) of the Notes will be made by DTC Direct Participants and Indirect Participants in accordance with standing instructions and customary practices, as is now the case with municipal securities held for the accounts of customers registered in the name of the purchaser or registered in "street name". Payment will be the responsibility of such DTC Direct or Indirect Participants and the District, subject to any statutory and regulatory requirements as may be in effect from time to time. See "BOOK-ENTRY-ONLY SYSTEM" herein.

The Notes are offered when, as and if issued and received by the purchaser(s) and subject to the receipt of the approving legal opinion as to the validity of the Notes of Hodgson Russ LLP, Bond Counsel, Albany, New York. It is anticipated that the Notes will be available for delivery through the facilities of DTC located in Jersey City, New Jersey, or as may be agreed upon on with the purchaser(s), or about September 26, 2024.

ELECTRONIC BIDS for the Notes must be submitted on Fiscal Advisors Auction website ("Fiscal Advisors Auction") accessible via www.FiscalAdvisorsAuction.com, on September 12, 2024 by no later than 11:00 A.M. ET. Bids may also be submitted by facsimile at (315) 930-2354. No other form of electronic bidding services will be accepted. No phone bids will be accepted. Once the bids are communicated electronically via Fiscal Advisors Auction or via facsimile to the District, each bid will constitute an irrevocable offer to purchase the Notes pursuant to the terms provided in the Notice of Sale for the Notes.

September 5, 2024

THE DISTRICT DEEMS THIS OFFICIAL STATEMENT TO BE FINAL FOR PURPOSES OF SECURITIES AND EXCHANGE COMMISSION RULE 15c2-12 (THE "RULE"), EXCEPT FOR CERTAIN INFORMATION THAT HAS BEEN OMITTED HEREFROM IN ACCORDANCE WITH SAID RULE AND THAT WILL BE SUPPLIED WHEN THIS OFFICIAL STATEMENT IS UPDATED FOLLOWING THE SALE OF THE OBLIGATIONS HEREIN DESCRIBED. THIS OFFICIAL STATEMENT WILL BE SO UPDATED UPON REQUEST OF THE SUCCESSFUL BIDDER(S), AS MORE FULLY DESCRIBED IN THE NOTICE OF SALE WITH RESPECT TO THE OBLIGATIONS HEREIN DESCRIBED. THE DISTRICT WILL COVENANT IN AN UNDERTAKING TO PROVIDE NOTICES OF EVENTS AS DEFINED IN THE RULE. SEE "APPENDIX D – FORM UNDERTAKING TO PROVIDE NOTICES OF EVENTS" HEREIN.

OFFICIAL STATEMENT
of the
CITY SCHOOL DISTRICT OF THE CITY OF LITTLE FALLS
HERKIMER COUNTY, NEW YORK

Relating To
\$1,038,960 Revenue Anticipation Notes, 2024 Series B

This Official Statement, which includes the cover page and appendices, has been prepared by the City School District of the City of Little Falls, Herkimer County, New York (the "School District" or "District", "County", and "State", respectively) in connection with the sale by the District of \$1,038,960 principal amount of Revenue Anticipation Notes, 2024 Series B (the "Notes").

The factors affecting the District's financial condition and the Notes are described throughout this Official Statement. Inasmuch as many of these factors, including economic and demographic factors, are complex and may influence the District tax base, revenues, and expenditures, this Official Statement should be read in its entirety, and no one factor should be considered more or less important than any other by reason of its relative position in this Official Statement.

All quotations from and summaries and explanations of provisions of the Constitution and laws of the State and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof, and all references to the Notes and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive forms of the Notes and such proceedings.

NATURE OF OBLIGATION

Each Note when duly issued and paid for will constitute a contract between the District and the holder thereof.

Holders of any series of notes or bonds of the District may bring an action or commence a proceeding in accordance with the civil practice law and rules to enforce the rights of the holders of such series of notes or bonds.

The Notes will be general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal thereof and the interest thereon as required by the Constitution and laws of the State. For the payment of such principal and interest, the District has power and statutory authorization to levy ad valorem taxes on all real property within the District subject to such taxation by the District, without limitation as to rate or amount.

Although the State Legislature is restricted by Article VIII, Section 12 of the State Constitution from imposing limitations on the power to raise taxes to pay "interest on or principal of indebtedness theretofore contracted" prior to the effective date of any such legislation, the New York State Legislature may from time to time impose additional limitations or requirements on the ability to increase a real property tax levy or on the methodology, exclusions or other restrictions of various aspects of real property taxation (as well as on the ability to issue new indebtedness). On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor (the "Tax Levy Limitation Law"). The Tax Levy Limitation Law applies to local governments and school districts in the State (with certain exceptions) and imposes additional procedural requirements on the ability of municipalities and school districts to levy certain year-to-year increases in real property taxes.

Under the Constitution of the State, the District is required to pledge its faith and credit for the payment of the principal of and interest on the Notes and is required to raise real estate taxes, and without specification, other revenues, if such levy is necessary to repay such indebtedness. While the Tax Levy Limitation Law imposes a statutory limitation on the District's power to increase its annual tax levy, with the amount of such increase limited by the formulas set forth in the Tax Levy Limitation Law, it also provides the procedural method to surmount that limitation. See "TAX LEVY LIMITATION LAW" herein.

The Constitutionally-mandated general obligation pledge of municipalities and school districts in New York State has been interpreted by the Court of Appeals, the State's highest court, in Flushing National Bank v. Municipal Assistance Corporation for the City of New York, 40 N.Y.2d 731 (1976), as follows:

"A pledge of the city's faith and credit is both a commitment to pay and a commitment of the city's revenue generating powers to produce the funds to pay. Hence, an obligation containing a pledge of the City's "faith and credit" is secured by a promise both to pay and to use in good faith the city's general revenue powers to produce sufficient funds to pay the principal and interest of the obligation as it becomes due. That is why both words, "faith" and "credit" are used and they are not tautological. That is what the words say and this is what the courts have held they mean... So, too,

although the Legislature is given the duty to restrict municipalities in order to prevent abuses in taxation, assessment, and in contracting of indebtedness, it may not constrict the City's power to levy taxes on real estate for the payment of interest on or principal of indebtedness previously contracted... While phrased in permissive language, these provisions, when read together with the requirement of the pledge and faith and credit, express a constitutional imperative: debt obligations must be paid, even if tax limits be exceeded".

In addition, the Court of Appeals in the Flushing National Bank (1976) case has held that the payment of debt service on outstanding general obligation bonds and notes takes precedence over fiscal emergencies and the police power of political subdivisions in New York State.

The pledge has generally been understood as a promise to levy property taxes without limitation as to rate or amount to the extent necessary to cover debt service due to language in Article VIII Section 10 of the Constitution, which provides an exclusion for debt service from Constitutional limitations on the amount of a real property tax levy, insuring the availability of the levy of property tax revenues to pay debt service. As the Flushing National Bank (1976) Court noted, the term "faith and credit" in its context is "not qualified in any way". Indeed, in Flushing National Bank v. Municipal Assistance Corp., 40 N.Y.2d 1088 (1977) the Court of Appeals described the pledge as a direct constitutional mandate. In Quirk v. Municipal Assistance Corp., 41 N.Y.2d 644 (1977), the Court of Appeals stated that, while holders of general obligation debt did not have a right to particular revenues such as sales tax, "with respect to traditional real estate tax levies, the bondholders are constitutionally protected against an attempt by the State to deprive the city of those revenues to meet its obligations." According to the Court in Quirk, the State Constitution "requires the city to raise real estate taxes, and without specification other revenues, if such a levy be necessary to repay indebtedness."

In addition, the Constitution of the State requires that every county, city, town, village, and school district in the State provide annually by appropriation for the payment of all interest and principal on its serial bonds and certain other obligations, and that, if at any time the respective appropriating authorities shall fail to make such appropriation, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. In the event that an appropriating authority were to make an appropriation for debt service and then decline to expend it for that purpose, this provision would not apply. However, the Constitution of the State does also provide that the fiscal officer of any county, city, town, village, or school district may be required to set apart and apply such first revenues at the suit of any holder of any such obligations.

In Quirk v. Municipal Assistance Corp., the Court of Appeals described this as a "first lien" on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in New York State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy to pay debt service on such obligations, but that such pledge may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien upon any particular revenues.

While the courts in New York State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

THE NOTES

Description of the Notes

The Notes are general obligations of the District, and will contain a pledge of its faith and credit for the payment of the principal of and interest on the Notes as required by the Constitution and laws of the State (State Constitution, Art. VIII, Section 2; Local Finance Law, Section 100.00). All the taxable real property within the District is subject to the levy of ad valorem taxes to pay the Notes and interest thereon, without limitation as to rate or amount. See "NATURE OF OBLIGATION" and "TAX LEVY LIMITATION LAW" herein.

The Notes are dated September 26, 2024 and mature, without option of prior redemption, on September 26, 2025. The Notes will be issued in either (i) registered certificated form registered in the name of the purchaser, in denominations of \$5,000 each or multiples thereof, except for one necessary odd denomination, with principal and interest payable in Federal Funds at such bank(s) or trust company(ies) located and authorized to do business in the State as may be selected by such successful bidder(s); or (ii) registered book-entry-only form registered to Cede & Co. as nominee of DTC, which will act as the securities depository for the Notes. See "BOOK-ENTRY-ONLY SYSTEM" herein.

No Optional Redemption

The Notes are not subject to redemption prior to maturity.

Purpose of Issue

The Notes are being issued pursuant to the Constitution and statutes of the State of New York, including among others, the Education Law, the Local Finance Law and pursuant to a revenue anticipation note resolution that was adopted by the Board of Education, on August 28, 2024 authorizing the issuance of \$1,500,000 revenue anticipation notes in anticipation of the receipt of 2024-2025 State Aid payments and other revenues to be received by the District in the 2024-2025 fiscal year.

The Notes are being issued to provide monies to meet a cash flow deficit expected to occur during the period that the Notes are outstanding (see "APPENDIX – C & C1 – MONTHLY CASH FLOW"). Such cash flow deficit is the result of a delay in the receipt of State aid revenues, which receipt is not timely with the cash flow needs of the School District.

BOOK-ENTRY-ONLY SYSTEM

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Notes, if so requested. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered note certificate will be issued for each note bearing the same rate of interest and CUSIP number and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Principal and interest payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

THE DISTRICT CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE NOTES (1) PAYMENTS OF PRINCIPAL OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES; (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE NOTES; OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE NOTES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE DISTRICT WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE NOTES.

THE INFORMATION CONTAINED HEREIN CONCERNING DTC AND ITS BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM DTC AND THE DISTRICT MAKES NO REPRESENTATION AS TO THE COMPLETENESS OR THE ACCURACY OF SUCH INFORMATION OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

Certificated Notes

If the book-entry form is initially chosen by the purchaser(s) of the Notes, DTC may discontinue providing its services with respect to the Notes at any time by giving notice to the District and discharging its responsibilities with respect thereto under applicable law, or the District may terminate its participation in the system of book-entry-only system transfers through DTC at any time. In the event that such book-entry-only system is utilized by a purchaser(s) of the Notes upon issuance and later discontinued, the following provisions will apply:

The Notes will be issued in registered form in denominations of \$5,000 or integral multiples thereof except for one necessary odd denomination. Principal of and interest on the Notes will be payable at a principal corporate trust office of a bank or trust company located and authorized to do business in the State of New York to be named as fiscal agent by the District. The Notes will remain not subject to redemption prior to their stated final maturity date.

THE SCHOOL DISTRICT

General Information

The City School District of the City of Little Falls is situated in central New York State, in the southeast sector of Herkimer County. The City of Syracuse is located approximately 65 miles to the west and the City of Albany is approximately 60 miles to the east. Major highways serving the School District include Interstate 90 and New York State Routes 5 and 20.

The School District encompasses approximately 57.41 square miles and includes the City of Little Falls and various portions of the Towns of Danube, Fairfield, Herkimer, Little Falls, Manheim and Stark. The character of the School District is primarily rural with the majority of homes being single family. Commercial activity and industrial development in the District are centered in and around the City of Little Falls.

Transportation is provided to and from the School District by New York State Routes 5 and 20 and Interstate 90. Major airline service is provided at the Hancock International (Syracuse) Airport, which is located about 75 miles to the west of the School District and Albany International Airport located approximately 65 miles to the east.

Electricity is supplied throughout the School District by National Grid. The City of Little Falls maintains its own water supply and distribution system, primarily supported from user charges. The balance of the School District is supplied from well water. Sanitary sewage collection and treatment facilities have been constructed within the City of Little Falls, but not within the rest of the District. Police protection is provided by the New York State Police, the County Sheriff's Offices and the City of Little Falls Police Department. Fire protection and ambulance service is provided by the City of Little Falls Fire Department.

There is a downtown shopping center in the City of Little Falls which is home to a Price Chopper supermarket as of 2013. This has had a significant impact on the downtown business sector as well as the entire community by keeping shoppers in the area rather than having to visit a neighboring area for their daily needs. A major industrial manufacturer also completed an \$8 million expansion in 2014 and an industrial gas supplier has completed a new distribution facility in the Town of Manheim at a cost of \$8 million. A new solar energy project has been implemented on a property within the school district, and PILOT payments have commenced as of the 2020-21 school year.

Form of School Government

Subject to the provisions of the State Constitution, the School District operates pursuant to the Education Law, the Local Finance Law, other laws generally applicable to the School District and any special laws applicable to the School District. Under such laws, there is no authority for the School District to have a charter or adopt local laws.

The Board of Education which is the policy-making body of the School District, consists of seven members with overlapping five-year terms. Each Board member must be a qualified voter of the School District and no Board member may hold certain other district offices or positions while serving on the Board of Education. The President and the Vice President are selected by the Board members. The President of the Board is the Chief Fiscal Officer of the School District.

Financial Organization

Pursuant to the Local Finance Law, the President of the Board is the chief fiscal officer of the School District. However, certain of the financial functions of the School District are the responsibility of the Superintendent of Schools and the School District Business Manager.

Budgetary Procedures

Pursuant to the Education Law, the Board of Education annually prepares or causes to be prepared, a budget for the ensuing fiscal year. A public hearing on such budget is held not less than seven days and not more than fourteen days prior to the vote. The Board of Education causes notice of such public hearing to be published four times beginning seven weeks prior to the vote. After the public hearing, but not less than six days prior to the budget vote, the District must mail a school budget notice to all qualified voters which contains the total budget amount, the dollar and percentage increase or decrease in the proposed budget (or contingency budget) as compared to the current budget, the percentage increase or decrease in the consumer price index, the estimated property tax levy, the basic STAR exemption impact and the date, time and place of the vote.

After the budget hearing and subsequent notice, a referendum upon the question of the adoption of the budget is held on the third Tuesday in May each year. All qualified District residents are eligible to participate.

Pursuant to Chapter 97 of the Laws of 2011 (“Chapter 97”), beginning with the 2012 – 2013 fiscal year, if the proposed budget requires a tax levy increase that does not exceed the lesser of 2% or the rate of inflation (the “School District Tax Cap”), then a majority vote is required for approval. If the proposed budget requires a tax levy that exceeds the School District Tax Cap, the budget proposition must include special language and a 60% vote is required for approval. Any separate proposition that would cause the School District to exceed the School District Tax Cap must receive at least 60% voter approval.

If the proposed budget is not approved by the required margin, the Board of Education may resubmit the original budget or a revised budget to the voters on the 3rd Tuesday in June, or adopt a contingency budget (which would provide for ordinary contingent expenses, including debt service) that levies a tax levy no greater than that of the prior fiscal year (i.e. a 0% increase in the tax levy).

If the resubmitted and/or revised budget is not approved by the required margin, the Board of Education must adopt a budget that requires a tax levy no greater than that of the prior fiscal year (i.e. a 0% increase in the tax levy). For a complete discussion of Chapter 97, see “TAX LEVY LIMITATION LAW” herein.

Recent Budget Vote Results

The budget for the 2022-23 fiscal year was approved by the qualified voters on May 17, 2022 by a vote of 403 to 87. The District’s adopted budget for 2022-23 fiscal year remained within the Tax Cap imposed by Chapter 97 of the Laws of 2011. The budget called for a total tax levy increase of 0.80%, which is below the District tax levy limit of 2.0%.

The budget for the 2023-24 fiscal year was approved by the qualified voters on May 16, 2023 by a vote of 255 to 51. The District’s adopted budget for 2023-24 fiscal year remained within the Tax Cap imposed by Chapter 97 of the Laws of 2011. The budget called for a total tax levy increase of 0.25%, which is below the District tax levy limit of 2.0%.

The budget for the 2024-25 fiscal year was approved by the qualified voters on May 21, 2024 by a vote of 240 to 66. The District’s adopted budget for 2024-25 fiscal year remained within the Tax Cap imposed by Chapter 97 of the Laws of 2011. The budget called for a total tax levy increase of 1.42%, which is below the District tax levy limit of 4.7%.

Investment Policy

Pursuant to the statutes of the State, the School District is permitted to invest only in the following investments: (1) special time deposits or certificates of deposits in a bank or trust company located and authorized to do business in the State; (2) obligations of the United States of America; (3) obligations guaranteed by agencies of the United States of America where the payment of principal and interest is guaranteed by the United States of America; (4) obligations of the State; (5) with the approval of the New York State Comptroller, tax anticipation notes and revenue anticipation notes issued by any New York municipality or district corporation, other than the School District; (6) obligations of a New York public corporation which are made lawful investments by the School District pursuant to another provision of law; (7) certain certificates of participation issued on behalf of political subdivisions of the State; and, (8) in the case of School District moneys held in certain reserve funds established pursuant to law, obligations issued by the School District. These statutes further require that all bank deposits, in excess of the amount insured under the Federal Deposit Insurance Act, be secured by either a pledge of eligible securities, an eligible surety bond or an eligible letter of credit, as those terms are defined in the law.

Consistent with the above statutory limitations, it is the School District's current policy to invest in: (1) savings accounts or money market accounts of designated banks; (2) certificates of deposit issued by a bank or trust company located in and authorized to do business in the State; (3) demand deposit accounts in a bank or trust company located in and authorized to do business in the State; (4) obligations of New York State; and (5) obligations of the United States Government (U.S. Treasury Bills and Notes).

The School District's policy does not permit the School District to invest in so-called derivatives or reverse repurchase agreements and the School District has never invested in derivatives or reverse repurchase agreements.

State Aid

The District receives financial assistance from the State in the form of State aid for operating, building and other purposes at various times throughout its fiscal year, pursuant to formulas and payment schedules set forth by statute. In its adopted budget for the 2024-25 fiscal year, approximately 66.87% of the revenues of the District are estimated to be received in the form of State aid. While the State has a constitutional duty to maintain and support a system of free common schools that provides a "sound basic education" to children of the State, there can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever.

In addition to the amount of State Aid budgeted annually by the District, the State makes payments of STAR aid representing tax savings provided by school districts to their taxpayers under the STAR Program.

The State is not constitutionally obligated to maintain or continue State aid to the District. No assurance can be given that present State aid levels will be maintained in the future. State budgetary restrictions which could eliminate or substantially reduce State aid could have a material adverse effect upon the District, requiring either a counterbalancing increase in revenues from other sources to the extent available, or a curtailment of expenditures (See also "MARKET AND RISK FACTORS").

There can be no assurance that the State appropriation for building aid and other State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid, including building aid appropriated and apportioned to the School District, can be paid only if the State has such monies available therefor. The availability of such monies and the timeliness of such payment could be affected by a delay in the adoption of the State budget or their elimination therefrom.

There can be no assurance that the State's financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid including school districts in the State. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State.

The amount of State aid to school districts can vary from year to year and is dependent in part upon the financial condition of the State. During the 2011 to 2019 fiscal years of the State, State aid to school districts was paid in a timely manner; however, during the State's 2010 and 2020 fiscal years, State budgetary restrictions resulted in delayed payments of State aid to school districts in the State. In addition, the availability of State aid and the timeliness of payment of State aid to school districts could be affected by a delay in adoption of the State budget, which is due at the start of the State's fiscal year of April 1. The State's budget has been adopted by April 1 or shortly thereafter for over ten (10) years. The State's 2021-22 Enacted Budget was adopted on April 7, 2021. No assurance can be given that the State will not experience delays in the adoption of the budget in future fiscal years. Significant delays in the adoption of the State budget could result in delayed payment of State aid to school districts in the State which could adversely affect the financial condition of school districts in the State.

Should the District fail to receive State aid expected from the State in the amounts and at the times expected, occasioned by a delay in the payment of such monies or by a mid-year reduction in State aid, the District is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

Federal Aid Received by the State.

The State receives a substantial amount of federal aid for health care, education, transportation and other governmental purposes, as well as federal funding to respond to, and recover from, severe weather events and other disasters. Many of the policies that drive this federal aid may be subject to change under the federal administration and Congress. Current federal aid projections, and the assumptions on which they rely, are subject to revision in the future as a result of changes in federal policy, the general condition of the global and national economies and other circumstances.

President Biden has signed into law the American Rescue Plan, a \$1.9 trillion COVID-19 relief package that includes \$350 billion to state, local and territorial governments to keep their frontline workers employed, distribute the vaccine, increase testing, reopen schools and maintain vital services. The American Rescue Plan also includes an additional \$1,400 payment to eligible individuals and families, enhanced unemployment aid, rental and utility assistance to low and moderate income households, an increase in food stamp benefits, additional funding for child care and an increase in child care tax credits.

Since March 2020, the State has been awarded over \$14 billion in Federal education COVID response funding through the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act; Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (“CRRSA”); and the American Rescue Plan (“ARP”) Act. These funds are supporting the ability of local educational agencies to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools in the State. The District has been allocated a total of approximately \$2,864,132 in ARP funds and \$1,274,374 in CRRSA funds. As of June 30, 2022 the District has received \$1,234,881 ARP funds and \$254,874 CRRSA funds.

Reductions in Federal funding levels could have a materially adverse impact on the State budget. In addition to the potential fiscal impact of policies that may be proposed and adopted by the new administration and Congress, the State budget may be adversely affected by other actions taken by the Federal government, including audits, disallowances, and changes to Federal participation rates or other Medicaid rules.

Building Aid

A portion of the District’s State aid consists of building aid which is related to outstanding indebtedness for capital project purposes. In order to receive building aid, the District must have building plans and specifications approved by the Facilities Planning Unit of the State Education Department. A maximum construction and incidental cost allowance is computed for each building project that takes into account a pupil construction cost allowance and assigned pupil capacity. For each project financed with debt obligations, a bond percentage is computed. The bond percentage is derived from the ratio of total approved cost allowances to the total principal borrowed. Approved cost allowances are estimated until a project final cost report is completed.

Building Aid is paid over fifteen years for reconstruction work, twenty years for building additions, or thirty years for new building construction. Building Aid for a specific building project is eligible to begin eighteen months after State Commissioner of Education approval date, for that project, and is paid over the previously described timeframe, assuming all necessary building aid forms are filed with the State in a timely manner. The building aid received is equal to the assumed debt service for that project, which factors in the bond percent, times the building aid ratio that is assigned to the District, and amortized over the predefined timeframe. The building aid ratio is calculated based on a formula that involves the full valuation per pupil in the District compared to a State-wide average.

Pursuant to the provisions of Chapter 760 of the Laws of 1963, the District is eligible to receive a Building Aid Estimate from the New York State Department of Education. Since the gross indebtedness of the District is within the debt limit, the District is not required to apply for a Building Aid Estimate. Based on 2023-24 preliminary building aid ratios, the District expects to receive State building aid of approximately 96.6% of debt service on State Education Department approved expenditures from July 1, 2004 to the present.

The State building aid ratio is calculated each year based upon a formula which reflects Resident Weighted Average Daily Attendance (RWADA) and the full value per pupil compared with the State average. Consequently, the estimated aid will vary over the life of each issue. State building aid is further dependent upon the continued apportionment of funds by the State Legislature.

State Aid History:

School District Fiscal Year (2018-2019): The State 2018-19 Enacted Budget included nearly \$1 billion in additional education funding, representing a 3.9% increase over 2017-18. Approximately \$859 million of that increase is comprised of traditional public school aid, including increased Foundation Aid and full-funding of expense-based aids. Formula-based school aid now stands at \$26.03 billion statewide, a 3.4% increase over the last year. The State 2018-19 Enacted Budget included an increase of \$618 million in Foundation Aid for school districts. Foundation Aid totaled nearly \$17.8 billion statewide. For the seventh consecutive year, the Foundation Aid increase was distributed using a one year, off formula methodology. The State 2018-19 Enacted Budget guaranteed that all school districts received an increase in Foundation Aid over their 2017-18 levels. \$50 million of the Foundation Aid increase was “set aside” for certain school districts to fund community schools. The State 2018-19 Enacted Budget fully funded all expense-based aid for 2018-19, including building, transportation, BOCES and special education aid. These categories serve as State reimbursements for school district expenses made in the prior year, based on school district-specific aid ratios. A total of \$240 million was approved for increases in all expense-based aids in 2018-19. The State 2018-19 Enacted Budget allowed the Governor to reduce aid to school districts mid-year if receipts from the federal government were less than what was expected.

School District Fiscal Year (2019-2020): The State 2019-2020 Enacted Budget included a total of \$27.69 billion for School Aid, a year-to-year funding increase of \$956 million or 3.6% and will provide additional funding for Foundation Aid of \$338.0 million and \$409.65 million in reimbursements for expense-based aids. In addition, the 2019-2020 Enacted Budget increases the Community Schools set-aside funding amount by \$49.99 million to a total of \$250.0 million. This increased funding is targeted to districts with failing schools and/or districts experiencing significant growth in English language learners. The State 2019-2020 Enacted Budget increased the minimum community schools funding amount from \$75,000 to \$100,000. This ensured all high-need districts across the State could apply the funds to a wide-range of activities.

School district fiscal year (2020-2021): Due to the anticipated impact of the COVID-19 pandemic on State revenues, State aid in the State's 2020-2021 Enacted Budget was 3.7 percent lower than in the State's 2019-2020 Enacted Budget but was offset in part with increased federal support. This reduction in State Operating Funds support was offset by approximately \$1.1 billion in funding provided to the State through the federal CARES Act, including the Elementary and Secondary School Emergency Education Relief Fund and the Governor's Emergency Education Relief Fund. With these federal funds, State aid in the school district fiscal year 2020-2021 was expected to total \$27.9 billion, an annual increase of approximately \$100 million or 0.4 percent. The State's 2020-2021 Enacted Budget continued prior year funding levels for existing programs, including Foundation Aid, Community Schools and Universal Prekindergarten. The 2020-2021 Enacted Budget also provided over \$200 million in support for competitive grant programs, including \$1 million for development of a new Civics Education curriculum and \$10 million for a Student Mental Health program. Funding for expense-based aids, such as Building Aid, Transportation Aid, and Boards of Cooperative Educational Services (BOCES) Aid is continued under existing aid formulas. Out-year growth in School Aid reflected current projections of the ten-year average growth in State personal income. The State's 2020-2021 Enacted Budget authorized the State's Budget Director to make periodic adjustments to State Aid, in the event that actual State revenues come in below 99% percent of estimates or if actual disbursements exceed 101% of estimates. See "*State Aid*" herein for a discussion of this provision set forth in the State's 2020-2021 Enacted Budget.

School District Fiscal Year (2021-2022): The State's 2021-22 Enacted Budget included \$29.5 billion in State aid to school districts, and significantly increased funding for schools and local governments, including a \$1.4 billion increase in Foundation Aid and a three-year phase-in of the full restoration to school districts of Foundation Aid that was initially promised in 2007. Additionally, the budget included the use of \$13 billion of federal funds for emergency relief, along with the Governor's Emergency Education Relief, which included, in part, the allocation of \$629 million to school districts as targeted grants in an effort to address learning loss as a result of the loss of enrichment and after-school activities. In addition, \$105 million of federal funds were allocated to expand full-day kindergarten programs. Under the budget, school districts were reimbursed for the cost of delivering school meals and instructional materials in connection with COVID-19-related school closures in spring 2020, along with the costs of keeping transportation employees and contractors on stand-by during the short-term school closures prior to the announcement of the closure of schools for the remainder of the 2019-20 year. Under the budget, local governments also received full restoration of proposed cuts to Aid and Incentives for Municipalities (AIM) funding, and full restoration of \$10.3 million in proposed Video Lottery Terminal (VLT) aid cuts, where applicable.

School District Fiscal Year (2022-2023): The State's 2022-23 Enacted Budget provides \$31.5 billion in State funding to school districts for the 2022-23 school year, the highest level of State aid ever. This represents an increase of \$2.1 billion or 7.2 percent compared to the 2021-22 school year, and includes a \$1.5 billion or 7.7 percent Foundation Aid increase. The State's 2022-23 Enacted Budget also programs \$14 billion of federal Elementary and Secondary School Emergency Relief and Governor's Emergency Education Relief funds to public schools. This funding, available for use over multiple years, is designed to assist public schools to reopen for in-person instruction, address learning loss, and respond to students' academic, social, and emotional needs due to the disruptions of the COVID-19 pandemic. The State's 2022-23 Enacted Budget allocates \$100 million over two years for a new State matching fund for school districts with the highest needs to support efforts to address student well-being and learning loss. In addition, the State's 2022-23 Enacted Budget increases federal funds by \$125 million to expand access to full-day prekindergarten programs for four-year-old children in school districts statewide in the 2022-23 school year.

School District Fiscal Year (2023-2024): On February 1, 2023, Governor Kathy Hochul delivered the Executive Budget to the New York State Legislature. The 2023-24 Executive Budget includes a \$3.1 billion or a 10% increase in school aid, the largest in State history, totaling \$34.5 billion in school aid. The foundation aid formula will be fully funded for the first time in the program's history by way of a \$2.7 billion increase, including a dedication of \$250 million to establish high-impact tutoring programs. There is a \$392 million increase in all other school aid programs including expense-based aids, categorical aids, and competitive grants. A \$20 million in grant funding will establish new Early College High School and Pathways in Technology Early College High School Programs. An investment of \$10 million over two years in competitive funding for school districts, boards of cooperative educational services, and community colleges will be made to promote job readiness. An additional \$125 million will be used to expand high-quality full-day prekindergarten, resulting in universal prekindergarten to be phased into 95 percent of the State. In fiscal years 2022 and 2023, public school districts were awarded \$14 billion of federal elementary and secondary school emergency relief funds, available for use over multiple years. The 2023-24 Executive Budget is subject to approval by the State Legislature and then it must be signed into law by the Governor. There is no assurance that the 2023-24 Executive Budget will be adopted and no way to predict what changes the Governor and the Legislature may agree to.

School district fiscal year (2024-25): The State’s 2024-25 Enacted Budget provides \$35.9 billion in State funding to school districts for the 2024-25 school year, the highest level of State aid ever. This represents an increase of \$1.3 billion compared to the 2023-24 school year and includes a \$934 million or 3.89 percent Foundation Aid increase. The State’s 2024-25 Enacted Budget maintains the “save harmless” provision, which currently ensures a school district receives at least the same amount of Foundation Aid as it received in the prior year. The State’s 2024-25 Enacted Budget also authorizes a comprehensive study by the Rockefeller Institute and the State Department of Education to develop a modernized school funding formula.

State Aid Litigation

In January 2001, the State Supreme Court issued a decision in Campaign for Fiscal Equity v. New York mandating that the system of apportionment of State aid to school districts within the State be restructured by the Governor and the State Legislature. On June 25, 2002, the Appellate Division of the State Supreme Court reversed that decision. On June 26, 2003, the State Court of Appeals, the highest court in the State, reversed the Appellate Division, holding that the State must, by July 30, 2004, ascertain the actual cost of providing a sound basic education, enact reforms to the system of school funding and ensure a system of accountability for such reforms. The Court of Appeals further modified the decision of the Appellate Division by deciding against a Statewide remedy and instead limited its ruling solely to the New York City school system.

After further litigation, on appeal in 2006, the Court of Appeals held that \$1.93 billion of additional funds for the New York City schools – as initially proposed by the Governor and presented to the Legislature as an amount sufficient to provide a sound basic education – was reasonably determined. State legislative reforms in the wake of The Campaign for Fiscal Equity decision included increased accountability for expenditure of State funds and collapsing over 30 categories of school aid for school districts in the State into one classroom operating formula referred to as foundation aid. The stated purpose of foundation aid is to prioritize funding distribution based upon student need. As a result of the Court of Appeals ruling schools were to receive \$5.5 billion increase in foundation aid over a four fiscal year phase-in covering 2007 to 2011.

In school district fiscal year 2009-2010, foundation aid funding was frozen by the State Legislature to the prior fiscal year level, and in the fiscal year thereafter foundation aid funding was reduced through a “gap elimination adjustment” as described above, and other aid adjustments. The final phase-in of foundation aid as originally projected has not occurred as of this date.

A case related to the Campaign for Fiscal Equity, Inc. v. State of New York was heard on appeal on May 30, 2017 in New Yorkers for Students’ Educational Rights v. State of New York (“NYSER”) and a consolidated case on the right to a sound basic education. The NYSER lawsuit asserts that the State has failed to comply with the original decision in the Court of Appeals in the Campaign for Fiscal Equity case, and asks the Court of Appeals to require the State to develop new methodologies, formulas and mechanisms for determining State aid, to fully fund the foundation aid formula, to eliminate the supermajority requirement for voter approval of budgets which increase school district property tax levies above the property tax cap limitation, and related matters. On June 27, 2017, the Court of Appeals held that the plaintiffs’ causes of action were properly dismissed by the earlier Appellate Division decision except insofar as two causes of action regarding accountability mechanisms and sufficient State funding for a “sound basic education” as applicable solely to the school districts in New York City and Syracuse. The Court emphasized its previous ruling in the Campaign for Fiscal Equity case that absent “gross education inadequacies”, claims regarding state funding for a “sound basic education” must be made on a district-by-district basis based on the specific facts therein. On October 14, 2021 Governor Kathy Hochul announced that New York State has reached an agreement to settle and discontinue the New Yorkers for Students’ Educational Rights v. New York State case, following through on the State’s commitment to fully fund the current Foundation Aid formula to New York’s school districts over three years and ending the State’s prior opposition to providing this much-needed funding to our students. The litigation, which has been ongoing since 2014, sought to require New York State to fully fund the Foundation Aid formula that was put into place following the historic Campaign for Fiscal Equity cases, and had been previously opposed by the State. Foundation Aid was created in 2007, and takes school district wealth and student need into account to create an equitable distribution of state funding to schools. However, New York State has never fully funded Foundation Aid. The new settlement requires New York State to phase-in full funding of Foundation Aid by the FY 2024 budget. In the FY 2022 Enacted State Budget approved in April, the Executive and Legislature agreed to fully fund Foundation Aid by the FY 2024 budget and enshrined this commitment into law. A breakdown of currently anticipated Foundation Aid funding is available below:

- FY 2022: \$19.8 billion, covering 30% of the existing shortfall
- FY 2023: Approximately \$21.3 billion, covering 50% of the anticipated shortfall
- FY 2024: Approximately \$23.2 billion, eliminating the anticipated shortfall, and funding the full amount of Foundation Aid for all school districts

There can be no assurance that the State appropriation for building aid and other State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid, including building aid appropriated and apportioned to the District, can be paid only if the State has such monies available therefor. The availability of such monies and the timeliness of such payment could be affected by a delay in the adoption of the State budget or their elimination therefrom.

State Aid Revenues

The following table illustrates the percentage of total revenues of the District for each of the below completed fiscal years, unaudited estimates for the 2023-2024 fiscal year, and budgeted new figures comprised of State aid.

Employees

The School District employs a total of 198 full time and 15 part time employees. The collective bargaining agents, if any, which represent them and the dates of expiration of the various collective bargaining agreement are as follows:

<u>Number of Employees</u>	<u>Union Representation</u>	<u>Contract Expiration Date</u>
127	NYSUT, Teachers	June 30, 2026
5	SAANYS, Administrators	June 30, 2025

Status and Financing of Employee Pension Benefits

Substantially all employees of the District are members of either the New York State and Local Employees' Retirement System ("ERS") (for non-teaching and non-certified administrative employees) or the New York State Teachers' Retirement System ("TRS") (for teachers and certified administrators). (Both Systems are referred to together hereinafter as the "Retirement Systems" where appropriate.) These Retirement Systems are cost-sharing multiple public employer retirement systems. The obligation of employers and employees to contribute and the benefits to employees are governed by the New York State Retirement and Social Security Law (the "Retirement System Law"). The Retirement Systems offer a wide range of plans and benefits which are related to years of service and final average salary, vesting of retirement benefits, death and disability benefits and optional methods of benefit payments. All benefits generally vest after ten years of credited service. The Retirement System Law generally provides that all participating employers in each retirement system are jointly and severally liable for any unfunded amounts. Such amounts are collected through annual billings to all participating employers. Generally, all employees, except certain part-time employees, participate in the Retirement Systems. The Retirement Systems are non-contributory with respect to members hired prior to July 27, 1976. All members working less than ten years must contribute 3% (ERS) or 3.5% (TRS) of gross annual salary towards the cost of retirement programs.

On December 12, 2009, a new Tier V was signed into law. The legislation created a new Tier V pension level, the most significant reform of the State's pension system in more than a quarter-century. Key components of Tier V include:

- Raising the minimum age at which most civilians can retire without penalty from 55 to 62 and imposing a penalty of up to 38% for any civilian who retires prior to age 62.
- Requiring ERS employees to continue contributing 3% of their salaries and TRS employees to continue contributing 3.5% toward pension costs so long as they accumulate additional pension credits.
- Increasing the minimum years of service required to draw a pension from 5 years to 10 years.
- Capping the amount of overtime that can be considered in the calculation of pension benefits for civilians at \$15,000 per year, and for police and firefighters at 15% of non-overtime wages.

On March 16, 2012, the Governor signed into law the new Tier VI pension program, effective for new ERS and TRS employees hired after April 1, 2012. The Tier VI legislation provides for increased employee contribution rates of between 3% and 6% and contributions at such rates continue so long as such employee continues to accumulate pension credits, an increase in the retirement age from 62 years to 63 years, a readjustment of the pension multiplier, and a change in the time period for the final average salary calculation from 3 years to 5 years. Tier VI employees will vest in the system after ten years of employment and will continue to make employee contribution throughout employment.

The District is required to contribute at an actuarially determined rate. The actual contributions for the last five years, unaudited figures for the 2023-2024 fiscal year and budgeted figures for the 2024-2025 fiscal year are as follows:

<u>Fiscal Year</u>	<u>ERS</u>	<u>TRS</u>
2018-2019	\$ 412,118	\$ 836,391
2019-2020	412,118	824,077
2020-2021	400,359	711,040
2021-2022	408,242	773,342
2022-2023	411,959	871,298
2023-2024 (Unaudited)	341,705	905,000
2024-2025 (Budgeted)	360,000	930,000

The annual required pension contribution is due February 1 annually with the ability to pre-pay on December 15 at a discount. The District pre-pays this cost annually.

Pursuant to various laws enacted between 1991 and 2002, the State Legislature authorized local governments to make available certain early retirement incentive programs to its employees. The District offered an incentive in the 2017-2018 fiscal year, but no employees participated. The District currently does not offer early retirement incentive programs for its employees.

Historical Trends and Contribution Rates. Historically there has been a State mandate requiring full (100%) funding of the annual actuarially required local governmental contribution out of current budgetary appropriations. With the strong performance of the Retirement System in the 1990s, the locally required annual contribution declined to zero. However, with the subsequent decline in the equity markets, the pension system became underfunded. As a result, required contributions increased substantially to 15% to 20% of payroll for the employees' and the police and fire retirement systems, respectively. Wide swings in the contribution rate resulted in budgetary planning problems for many participating local governments.

A chart of average ERS and TRS rates as a percent of payroll (2019 to 2025) is shown below:

<u>Year</u>	<u>ERS</u>	<u>TRS</u>
2018-19	14.9%	10.62%
2019-20	14.6	8.86
2020-21	14.6	9.53
2021-22	16.2	9.80
2022-23	11.6	10.29
2023-24	13.1	9.76
2024-25	15.2	10.11*

In 2003, Chapter 49 of the Laws of 2003 amended the Retirement and Social Security Law and the Local Finance Law. The amendments empowered the State Comptroller to implement a comprehensive structural reform program for ERS. The reform program established a minimum contribution for any local governmental employer equal to 4.5% of pensionable salaries for bills which were due December 15, 2003 and for all fiscal years thereafter, as a minimum annual contribution where the actual rate would otherwise be 4.5% or less due to the investment performance of the fund. In addition, the reform program instituted a billing system to match the budget cycle of municipalities and school districts that will advise such employers over one year in advance concerning actual pension contribution rates for the next annual billing cycle. Under the previous method, the requisite ERS contributions for a fiscal year could not be determined until after the local budget adoption process was complete. Under the new system, a contribution for a given fiscal year is based on the valuation of the pension fund on the prior April 1 of the calendar year preceding the contribution due date instead of the following April 1 in the year of contribution so that the exact amount may now be included in a budget.

Chapter 57 of the Laws of 2010 (Part TT) amended the Retirement and Social Security Law to authorize participating employers, if they so elect, to amortize an eligible portion of their annual required contributions to ERS when employer contribution rates rise above certain levels. The option to amortize the eligible portion began with the annual contribution due February 1, 2011. The amortizable portion of an annual required contribution is based on a “graded” rate by the State Comptroller in accordance with formulas provided in Chapter 57. Amortized contributions are to be paid in equal annual installments over a ten-year period, but may be prepaid at any time. Interest is to be charged on the unpaid amortized portion at a rate to be determined by the State Comptroller, which approximates a market rate of return on taxable fixed rate securities of a comparable duration issued by comparable issuers. The interest rate is established annually for that year’s amortized amount and then applies to the entire ten years of the amortization cycle of that amount. When in any fiscal year, the participating employer’s graded payment eliminates all balances owed on prior amortized amounts, any remaining graded payments are to be paid into an employer contribution reserve fund established by the State Comptroller for the employer, to the extent that amortizing employer has no currently unpaid prior amortized amounts, for future such use.

The District is not amortizing any pension payments nor does it intend to do so in the foreseeable future.

Stable Rate Pension Contribution Option: The 2013-14 State Budget included a provision that provides local governments and school districts, including the District, with the option to “lock-in” long-term, stable rate pension contributions for a period of years determined by the State Comptroller and ERS and TRS. The stable rates would be 12% for ERS and 14% for TRS. The pension contribution rates under this program would reduce near-term payments for employers, but will require higher than normal contributions in later years.

The District did not participate in the Stable Rate Pension Contribution Option nor does it intend to do so in the foreseeable future.

The State’s 2019-2020 Enacted Budget, which was signed into law as Chapter 59 of the Laws of 2019, includes a provision that will allow school districts in the State to establish a reserve fund for the purpose of funding the cost of TRS contributions, as a sub-fund of retirement contribution reserve funds presently authorized for amounts payable to the ERS by a school district. School districts will be permitted to pay into such reserve fund during any particular fiscal year, an amount not to exceed two percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year; provided that the balance of such fund may not exceed ten percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year. The District has established a TRS fund and funded it with \$155,750 to date.

Retirement System Assumptions. The investment of monies and assumptions underlying same, of the Retirement Systems covering the School District’s employees is not subject to the direction of the School District. Thus, it is not possible to predict, control or prepare for future unfunded accrued actuarial liabilities of the Retirement Systems (“UAALs”). The UAAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, increases in retirement benefits, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAALs could be substantial in the future, requiring significantly increased contributions from the School District which could affect other budgetary matters. Concerned investors should contact the Retirement Systems administrative staff for further information on the latest actuarial valuations of the Retirement Systems.

Other Post Employee Benefits

Healthcare Benefits. It should also be noted that the District provides employment healthcare benefits to various categories of former employees. These costs may be expected to rise substantially in the future. There is now an accounting rule that requires governmental entities, such as the District, to account for employment healthcare benefits as it accounts for vested pension benefits.

School districts and Boards of Cooperative Educational Services, unlike other municipal units of government in the State, have been prohibited from reducing health benefits received by or increasing health care contributions paid by retirees below the level of benefits or contributions afforded to or required from active employees since the implementation of Chapter 729 of the Laws of 1994. Legislative attempts to provide similar protection to retirees of other local units of government in the State have not succeeded as of this date. Nevertheless, many such retirees of all varieties of municipal units in the State do presently receive such benefits.

OPEB. OPEB refers to "other post-employment benefits," meaning other than pension benefits, disability benefits and OPEB consist primarily of health care benefits, and may include other benefits such as disability benefits and life insurance. Until now, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements.

GASB 75. In 2015, the Governmental Accounting Standards Board ("GASB") released new accounting standards for public Other Post-Employment Benefits ("OPEB") plans and participating employers. These standards, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* ("GASB 75"), have substantially revised the valuation and accounting requirements previously mandated under GASB Statements No. 43 and 45. For the fiscal year ended June 30, 2018, the District implemented GASB 75. The implementation of this statement requires District's to report OPEB liabilities, OPEB expenses, deferred outflow of resources and deferred inflow of resources related to OPEB. GASB Statement No. 75 replaced GASB Statement 45, which also required the District to calculate and report a net OPEB obligation. However, under GASB 45 districts could amortize the OPEB liability over a period of years, whereas GASB 75 requires districts to report the entire OPEB liability on the statement of net position.

Actuarial valuation will be required every 2 years for OPEB plans with more than 200 members, every 3 years if there are fewer than 200 members.

The District contracted with an actuarial firm to calculate its actuarial valuation under GASB 75.

The following table outlines the changes to the Total OPEB Liability during the 2022 and 2023 fiscal years, by source.

The District's unfunded actuarial accrued OPEB liability could have a material adverse impact upon the District's finances and could force the District to reduce services, raise taxes or both.

There is no authority in current State law to establish a trust account or reserve fund for this liability. The District has reserved \$0 towards its OPEB liability. The District funds this liability on a pay-as-you-go basis.

Other Information

The statutory authority for the power to spend money for the object or purpose, or to accomplish the object or purpose, for which the Notes are to be issued is the Education Law and the Local Finance Law.

No principal or interest upon any obligation of the District is past due.

The fiscal year of the District is July 1 to June 30.

Except for as shown under “STATUS OF INDEBTEDNESS – Estimated Overlapping Indebtedness”, this Official Statement does not include the financial data of any political subdivision having power to levy taxes within the District.

Financial Statements

The District retains independent Certified Public Accountants. The last audit report covers the period ending June 30, 2023 and is attached hereto as “APPENDIX – E”. Certain financial information of the District can be found attached as Appendices to the Official Statement.

The District complies with the Uniform System of Accounts as prescribed for school districts in New York State by the State. This system differs from generally accepted accounting principles as prescribed by the American Institute of Certified Public Accountants' Industry Audit Guide, "Audits of State and Local Governmental Units", and codified in Government Accounting, Auditing and Financial Reporting (GAAFR), published by the Governmental Accounting Standards Board (GASB).

Beginning with the fiscal year ending June 30, 2003, the District issues its financial statements in accordance with GASB Statement No. 34. This statement includes reporting of all assets including infrastructure and depreciation in the Government Wide Statement of Activities, as well as the Management's Discussion and Analysis.

New York State Comptroller Report of Examination

The State Comptroller's office, i.e., the Department of Audit and Control, periodically performs a compliance review to ascertain whether the District has complied with the requirements of various State and Federal statutes. These audits can be found by visiting the Audits of Local Governments section of the Office of the State Comptroller website.

The State Comptroller's office released its most recent audit report of the District on June 14, 2019. The purpose of the audit was to determine whether the Board and District officials effectively managed financial condition and fund balance for the period from July 1, 2017 to October 31, 2018. Key findings and recommendations of the audit report are summarized below:

Key Findings:

- For the last three completed fiscal years (2015-16 through 2017-18) surplus fund balance exceeded the statutory limit by \$1.15 to \$1.83 million or 5.3 to 8.5 percentage points.
- The District has generated operating surpluses totaling approximately \$1.5 million over the last three fiscal years. Although total budget variances were generally reasonable, District officials failed to use surplus funds in a manner that benefits the taxpayers and reduces the surplus fund balance.
- District officials have not developed a comprehensive multiyear financial plan.

Key Recommendations:

- Reduce the surplus fund balance to within the statutory limit and use the surplus funds to finance one-time expenditures or needed reserves, pay off debt or reduce property taxes.
- Develop a comprehensive multiyear financial plan.

The District provided a complete response to the State Comptroller's office on May 15, 2019. A copy of the complete report and response can be found via the website of the Office of the New York State Comptroller.

As of the date of this Official Statement, there are no State Comptroller's audits of the District that are currently in progress or pending release.

The State Comptroller's Fiscal Stress Monitoring System

The New York State Comptroller has reported that New York State's school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent, objectively measured and quantifiable information to school district and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school district's ST-3 report filed with the State Education Department annually, and each municipality's annual report filed with the State Comptroller. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in "Significant Fiscal Stress", in "Moderate Fiscal Stress," as "Susceptible to Fiscal Stress" or "No Designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "No Designation." This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity's financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The reports of the State Comptroller for the past three fiscal years of the District are as shown on the following page:

<u>Fiscal Year Ending In</u>	<u>Stress Designation</u>	<u>Fiscal Score</u>
2023	No Designation	16.7
2022	No Designation	13.3

Note: On November 7, 2023, State voters approved a proposed amendment to the State Constitution that removed a constitutional debt limitation previously imposed on small city school districts. A small city school district is one that is partly or wholly within a city having fewer than one hundred twenty-five thousand inhabitants. The State Constitution previously provided that small city school districts were not allowed to contract indebtedness for education purposes that would exceed an amount equal to five percent of the average full valuation of taxable real estate in the school district. The approved amendment to the State Constitution eliminated that constitutional debt limitation applicable to small city school districts, rendering small city school districts subject to the same ten percent limitation applicable to other school districts in the State.

Tax Collection Procedure

Tax payments are due September 1 of each year. There is no penalty charge for the first thirty days after taxes are due, but a 2% penalty is charged for the next 30 days. On November 1 uncollected taxes are returnable to the County for collection. The School District receives this amount from the County prior to the end of the School District’s fiscal year, thereby assuring 100% tax collection annually. Tax sales are held annually by the County.

STAR – School Tax Exemption

The STAR (School Tax Relief) program provides State-funded exemptions from school property taxes to homeowners for their primary residences. School districts are reimbursed by the State for real property taxes exempted pursuant to the STAR Program.

The STAR program provides State-funded exemptions from school property taxes to homeowners for their primary residences. Homeowners over 65 years of age with household adjusted gross incomes, less the taxable amount of total distributions from individual retirement accounts and individual retirement annuities (“STAR Adjusted Gross Income”) of \$90,550 or less in 2021-22 and \$92,000 or less in 2022-2023, increased annually according to a cost of living adjustment, are eligible for a “full value” exemption of the first \$70,700 for the 2021-22 school year and \$74,900 for the 2022-23 school year (adjusted annually). Other homeowners with household STAR Adjusted Gross income not in excess of \$250,000 (\$500,000 in the case of a STAR credit, as discussed below) are eligible for a \$30,000 “full value” exemption on their primary residence.

The 2022-23 Enacted State Budget provided \$2.2 billion in State funding for a new property tax relief credit, the Homeowner Tax Rebate Credit, for eligible low- and middle-income households, as well as eligible senior households. Under this program, basic STAR exemption and credit beneficiaries with incomes below \$250,000 and Enhanced STAR recipients are eligible for the property tax rebate where the benefit is a percentage of the homeowners' existing STAR benefit.

The below table lists the basic and enhanced exemption amounts for the municipalities applicable to the District:

<u>Municipality:</u>	<u>Enhanced Exemption</u>	<u>Basic Exemption</u>	<u>Date Certified</u>
City of Little Falls	\$ 11,340	\$ 4,050	4/9/2024
Town of Danube	50,400	18,000	4/9/2024
Town of Fairfield	48,540	17,890	4/9/2024
Town of Herkimer	57,240	21,090	4/9/2024
Town of Little Falls	47,880	17,360	4/9/2024
Town of Manheim	47,040	16,800	4/9/2024
Town of Stark	37,190	13,280	4/9/2024

\$1,232,650 of the District's \$9,124,491 school tax levy for the 2023-2024 fiscal year was exempt by the STAR Program. The District received full reimbursement of such exempt taxes from the State in January 2024. *Revised STAR amount.*

Approximately \$1,400,000 of the District's \$9,253,763 school tax levy for the 2024-2025 fiscal year is expected to be exempt by the STAR Program. The District anticipates receiving full reimbursement of such exempt taxes from the State in January 2025.

Additional Tax Information

Real property located in the School District is assessed by the Towns.

Senior citizens' exemptions are offered to those who qualify.

The total valuation of the School District is estimated to be categorized as follows: Residential-6%, Commercial-40% and Other – 54%.

The estimated total annual property tax bill of a \$100,000 market value residential property located in the School District is approximately \$4,678 including County, Town, School District and Fire District taxes.

TAX LEVY LIMITATION LAW

On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor (“Chapter 97” or the “Tax Levy Limitation Law”). The Tax Levy Limitation Law applies to all local governments, including school districts (with the exception of New York City, and the counties comprising New York City and school districts in New York City, Buffalo, Rochester, Syracuse, and Yonkers, the latter four of which are indirectly affected by applicability to their respective City.)

Prior to the enactment of the Tax Levy Limitation Law, there was no statutory limitation on the amount of real property taxes that a school district could levy as part of its budget if its budget had been approved by a simple majority of its voters. In the event the budget had been defeated by the voters, the school district was required to adopt a contingency budget. Under a contingency budget, school budget increases were limited to the lesser of four percent (4%) of the prior year’s budget or one hundred twenty percent (120%) of the consumer price index (“CPI”).

Chapter 97 requires that a school district submit its proposed tax levy to the voters each year beginning with the 2012-2013 fiscal year.

Chapter 97 restricts, among other things, the amount of real property taxes that may be levied by or on behalf of a school district in a particular year. It was set to expire on June 15, 2020, however, recent legislation has made it permanent. Pursuant to the Tax Levy Limitation Law, the tax levy of a school district cannot increase by more than the lesser of (i) two percent (2%) or (ii) the annual increase in the CPI, over the amount of the prior year’s tax levy. Certain adjustments are permitted for taxable real property full valuation increases due to changes in physical or quantity growth in the real property base as defined in Section 1220 of the Real Property Tax Law. A school district can exceed the tax levy limitation for the coming fiscal year only if the voters of such school district first approve a tax levy by at least 60% affirmative vote of those voting to override such limitation for such coming fiscal year only. Tax levies that do not exceed the limitation will only require approval by at least 50% of those voting. In the event that the voters reject a tax levy and the district does not go out for a second vote, or if a second vote is likewise defeated, Chapter 97 provides that the tax levy for the new fiscal year may not exceed the tax levy for the prior fiscal year.

A school district’s calculation of each fiscal year’s tax levy limit is subject to review by the Commissioner of Education and the Commissioner of Taxation and Finance prior to adoption of each fiscal year budget.

There are exceptions for school districts to the tax levy limitation provided in Chapter 97, including expenditures made on account of certain tort settlements and certain increases in the average actuarial contribution rates of the New York State and Local Employees’ Retirement System and the Teachers’ Retirement System. School districts are also permitted to carry forward a certain portion of their unused levy limitation from a prior year.

There is also an exception for school districts for “Capital Local Expenditures” subject to voter approval where required by law. This term is defined in a manner that does not include certain items for which a school district may issue debt, including the payment of judgments or settled claims, including tax certiorari payments, and cashflow borrowings, including tax anticipation notes, revenue anticipation notes, budget notes and deficiency notes. “Capital Local Expenditures”, are defined as “the taxes associated with budgeted expenditures resulting from the financing, refinancing, acquisition, design, construction, reconstruction, rehabilitation, improvement, furnishing and equipping of or otherwise providing for school district capital facilities or school district capital equipment, including debt service and lease expenditures, and transportation capital debt service, subject to the approval of the qualified voters where required by law”. The portion of the tax levy necessary to support “Capital Local Expenditures” is defined as the “Capital Tax Levy”, and is an exclusion from the tax levy limitation, applicable to the Notes.

See “State Aid” for a discussion of the New Yorkers for Students’ Educational Rights v. State of New York case which includes a challenge to the supermajority requirements regarding school district property tax increases.

STATUS OF INDEBTEDNESS

Constitutional Requirements

The New York State Constitution limits the power of the District (and other municipalities and certain school districts of the State) to issue obligations and to contract indebtedness. Such constitutional limitations in summary form and as generally applicable to the District include the following:

Purpose and Pledge. The District shall not give or loan any money or property to or in aid of any individual or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The District may contract indebtedness only for a District purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid within three fiscal year periods, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the expiration of the period of probable usefulness of the object or purpose as determined by statute; unless substantially level or declining annual debt service is utilized, no installment may be more than fifty percent in excess of the smallest prior installment. The District is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds and such required annual installments on its notes.

General. The District is further subject to constitutional limitation by the general constitutionally imposed duty of the State Legislature to restrict the power of taxation and contracting indebtedness to prevent abuses in the exercise of such power; however, as has been noted under "NATURE OF THE OBLIGATION," the State Legislature is prohibited by a specific constitutional provision from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted.

There is no constitutional limitation on the amount that may be raised by the District by tax on real estate in any fiscal year to pay principal of and interest on all indebtedness. However, the Tax Levy Limitation Law imposes a statutory limitation on the power of the District to increase its annual tax levy. The amount of such increases is limited by the formulas set forth in such law. See "TAX LEVY LIMITATION LAW" herein.

Statutory Procedure

In general, the State Legislature has, by the enactment of the Local Finance Law, authorized the powers and procedure for the District to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Education Law.

Debt Limit. The District has the power to contract indebtedness for any school district purpose authorized by the legislature of the State of New York provided the aggregate principal amount thereof shall not exceed five per centum of the average full valuation of the taxable real estate of the District and subject to certain enumerated deductions and exclusions set forth in the Local Finance Law. The constitutional method for determining average full valuation is by taking the assessed valuation of taxable real estate for the last five completed assessment rolls and applying thereto the ratio (special equalization ratio) which such assessed valuation bears to the full valuation; such ratio is determined by the State Office of Real Property Services. The State Legislature is required to prescribe the manner by which such ratio shall be determined. Average full valuation is determined by taking the sum of the full valuation of such last completed assessment roll and the four preceding assessment rolls and dividing such sum by five.

The District is generally required by such laws to submit propositions for the expenditure of money for capital purposes to the qualified electors of the District. Upon approval thereby, the Board of Education may adopt a bond resolution authorizing the issuance of bonds, and notes in anticipation of the bonds. No down payment is required in connection with the issuance of District obligations.

Each bond resolution usually authorizes the construction, acquisition or installation of the object or purpose to be financed, sets forth the plan of financing and specifies the maximum maturity of the bonds subject to the legal (Constitution, Local Finance Law and case law) restrictions relating to the period of probable usefulness with respect thereto.

The Local Finance Law also provides that where a bond resolution is published with a statutory form of notice, the validity of the bonds authorized thereby, including bond anticipation notes issued in anticipation of the sale thereof, may be contested only if:

- (1) (a) Such obligations are authorized for a purpose for which the District is not authorized to expend money or

- (b) There has not been substantial compliance with the provisions of law which should have been complied within the authorization of such obligations, and an action contesting such validity, is commenced within twenty days after the date of such publication; or

(2) Such obligations are authorized in violation of the provisions of the Constitution.

The District generally complies with this estoppel procedure. It is a procedure that is recommended by Bond Counsel, in connection with the adoption of bond resolutions, but it is not an absolute legal requirement and it is not a requirement in connection with the issuance of revenue anticipation notes.

The Board of Education, as the finance board of the District, has the power to enact bond resolutions. In addition, such finance board has the power to authorize the sale and issuance of obligations. However, such finance board may delegate the power to sell the obligations to the President of the Board of Education, the chief fiscal officer of the District, pursuant to the Local Finance Law.

Statutory Law in New York permits bond anticipation notes to be renewed each year provided annual principal installments are made in reduction of the total amount of such notes outstanding, commencing no later than two years from the date of the first of such notes and provided that such renewals do not exceed five years beyond the original date of borrowing. (See “Payment and Maturity” under “Constitutional Requirements” herein, and “Details of Outstanding Indebtedness” herein).

The District is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation and contracting indebtedness; however, the State Legislature is prohibited by a specific constitutional provision from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted.

In general, the Local Finance Law contains provisions providing the District with power to issue certain other short-term general obligation indebtedness including revenue and tax anticipation notes and budget notes (see “Details of Outstanding Indebtedness” herein).

⁽¹⁾ On November 7, 2023, State voters approved a proposed amendment to the State Constitution that removed a constitutional debt limitation previously imposed on small city school districts. A small city school district is one that is partly or wholly within a city having fewer than one hundred twenty-five thousand inhabitants. The State Constitution previously provided that small city school districts were not allowed to contract indebtedness for education purposes that would exceed an amount equal to five percent of the average full valuation of taxable real estate in the school district. The approved amendment to the State Constitution eliminated that constitutional debt limitation applicable to small city school districts, rendering small city school districts subject to the same ten percent limitation applicable to other school districts in the State.

⁽²⁾ Based on preliminary 2024-2025 building aid estimates, the District anticipates State Building aid of 96.6% for debt service on State Education Department approved expenditures from July 1, 2004 to the present. The District has no reason to believe that it will not ultimately receive all of the building aid it anticipates, however, no assurance can be given as to when and how much building aid the District will receive in relation to the outstanding bonds.

Note: The State Constitution does not provide for the inclusion of tax anticipation or revenue anticipation notes in the computation of the net indebtedness of the District.

Bonded Debt Service

A schedule of bonded debt service may be found in “APPENDIX – B” to this Official Statement.

Capital Project Plans

The District anticipates borrowing funds in the 2024-2025 fiscal year for the purchase of a 65-passanger bus with a not to exceed limit of \$175,000.

The District is planning a capital project in the amount of \$280,000 to replace retiring debt. It is anticipated that the District will issue bond anticipation notes as needed for project cash flow purposes.

Other than noted above, there are currently no capital projects authorized or unissued by the District, nor are any contemplated.

Cash Flow Borrowings

The District issued revenue anticipation notes on July 13, 2023 pursuant to a revenue anticipation note resolution duly adopted by the Board of Education, on June 13, 2023 in anticipation of the receipt of 2023-2024 State Aid payments and other revenues to be received by the District in the 2023-2024 fiscal year.

The District issued revenue anticipation notes on July 11, 2024 pursuant to a revenue anticipation note resolution duly adopted by the Board of Education, on July 1, 2024 in anticipation of the receipt of 2024-2025 State Aid payments and other revenues to be received by the District in the 2024-2025 fiscal year.

The Notes are being issued pursuant to a revenue anticipation note resolution that was adopted by the Board of Education, on August 28, 2024 in anticipation of the receipt of 2024-2025 State Aid payments and other revenues to be received by the District in the 2024-2025 fiscal year.

Other than as stated above the School District has not issued tax and/or revenue anticipation notes in the past five fiscal years and does not plan on issuing any in the foreseeable future.

Estimated Overlapping Indebtedness

In addition to the District, the following political subdivisions have the power to issue obligations and to levy taxes or cause taxes to be levied on taxable real property in the District. Estimated bonds and bond anticipation notes are listed as of the respective municipalities.

SPECIAL PROVISIONS AFFECTING REMEDIES UPON DEFAULT

State Aid Intercept for School Districts. In the event of a default in the payment of the principal of and/or interest on the Notes, the State Comptroller is required to withhold, under certain conditions prescribed by Section 99-b of the State Finance Law, state aid and assistance to the District and to apply the amount thereof so withheld to the payment of such defaulted principal and/or interest, which requirement constitutes a covenant by the State with the holders from time to time of the Notes. The covenant between the State of New York and the purchasers and the holders and owners from time to time of the notes and bonds issued by the school districts in the State for school purposes provides that it will not repeal, revoke or rescind the provisions of Section 99-b, or amend or modify the same so as to limit, impair or impede the rights and remedies granted thereby.

Said section provides that in the event a holder or owner of any bond issued by a school district for school purposes shall file with the State Comptroller a verified statement describing such bond and alleging default in the payment thereof or the interest thereon or both, it shall be the duty of the State Comptroller to immediately investigate the circumstances of the alleged default and prepare and file in his office a certificate setting forth his determinations with respect thereto and to serve a copy thereof by registered mail upon the chief fiscal officer of the school district which issued the bond. Such investigation by the State Comptroller shall cover the current status with respect to the payment of principal of and interest on all outstanding bonds of such school district issued for school purposes and the statement prepared and filed by the State Comptroller shall set forth a description of all such bonds of the school district found to be in default and the amount of principal and interest thereon past due.

Upon the filing of such a certificate in the office of the State Comptroller, he shall thereafter deduct and withhold from the next succeeding allotment, apportionment or payment of such State aid or assistance due to such school district such amount thereof as may be required to pay (a) the school district's contribution to the State teachers retirement system, and (b) the principal of and interest on such bonds of such school district then in default. In the event such State aid or assistance initially so withheld shall be insufficient to pay said amounts in full, the State Comptroller shall similarly deduct and withhold from each succeeding allotment, apportionment or payment of such State aid or assistance due such school district such amount or amounts thereof as may be required to cure such default. Allotments, apportionments and payments of such State aid so deducted or withheld by the State Comptroller for the payment of principal and interest on bonds shall be forwarded promptly to the paying agent or agents for the bonds in default of such school district for the sole purpose of the payment of defaulted principal of and interest on such bonds. If any of such successive allotments, apportionments or payments of such State Aid so deducted or withheld shall be less than the amount of all principal and interest on the bonds in default with respect to which the same was so deducted or withheld, then the State Comptroller shall promptly forward to each paying agent an amount in the proportion that the amount of such bonds in default payable to such paying agent bears to the total amount of the principal and interest then in default on such bonds of such school district. The State Comptroller shall promptly notify the chief fiscal officer of such school district of any payment or payments made to any paying agent or agents of defaulted bonds pursuant to said Section 99-b.

General Municipal Law Contract Creditors' Provision. Each Note when duly issued and paid for will constitute a contract between the District and the holder thereof. Under current law, provision is made for contract creditors of the District to enforce payments upon such contracts, if necessary, through court action. Section 3-a of the General Municipal Law provides, subject to exceptions not pertinent, that the rate of interest to be paid by the District upon any judgment or accrued claim against it on an amount adjudged due to a creditor shall not exceed nine per centum per annum from the date due to the date of payment. This provision might be construed to have application to the holders of the Notes in the event of a default in the payment of the principal of and interest on the Notes.

Execution/Attachment of Municipal Property. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment, although judicial mandates have been issued to officials to appropriate and pay judgments out of certain funds or the proceeds of a tax levy. In accordance with the general rule with respect to municipalities, judgments against the District may not be enforced by levy and execution against property owned by the District.

Authority to File for Municipal Bankruptcy. The Federal Bankruptcy Code allows public bodies, such as municipalities, recourse to the protection of a Federal Court for the purpose of adjusting outstanding indebtedness. Section 85.80 of the Local Finance Law contains specific authorization for any municipality in the State or its emergency control board to file a petition under any provision of Federal bankruptcy law for the composition or adjustment of municipal indebtedness. While this Local Finance Law provision does not apply to school districts, there can be no assurance that it will not be made so applicable in the future.

Constitutional Non-Appropriation Provision. There is in the Constitution of the State, Article VIII, Section 2, the following provision relating to the annual appropriation of monies for the payment of due principal of and interest on indebtedness of every county, city, town, village and school district in the State: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness." This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the

Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. See “General Municipal Law Contract Creditors’ Provision” herein.

The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes or bond anticipation notes.

Default Litigation. In prior years, certain events and legislation affecting a holder’s remedies upon default have resulted in litigation. While courts of final jurisdiction have upheld and sustained the rights of bondholders, such courts might hold that future events including financial crises as they may occur in the State and in political subdivisions of the State require the exercise by the State or its political subdivisions of emergency and police powers to assure the continuation of essential public services prior to the payment of debt service.

No Past Due Debt. No principal of or interest on District indebtedness is past due. The District has never defaulted in the payment of the principal of and interest on any indebtedness.

MARKET AND RISK FACTORS

There are various forms of risk associated with investing in the Notes. The following is a discussion of certain events that could affect the risk of investing in the Notes. In addition to the events cited herein, there are other potential risk factors that an investor must consider. In order to make an informed investment decision, an investor should be thoroughly familiar with the entire Official Statement, including its appendices, as well as all areas of potential investment risk.

The financial and economic condition of the District as well as the market for the Notes could be affected by a variety of factors, some of which are beyond the District’s control. There can be no assurance that adverse events in the State and in other jurisdictions, including, for example, the seeking by a municipality or large taxable property owner of remedies pursuant to the Federal Bankruptcy Code or otherwise, will not occur which might affect the market price of and the market for the Notes. If a significant default or other financial crisis should occur in the affairs of the State or another jurisdiction or any of its agencies or political subdivisions thereby further impairing the acceptability of obligations issued by borrowers within the State, both the ability of the District to arrange for additional borrowings, and the market for and market value of outstanding debt obligations, including the Notes could be adversely affected.

The District is dependent in part on financial assistance from the State. However, if the State should experience difficulty in borrowing funds in anticipation of the receipt of State taxes and revenues in order to pay State aid to municipalities and school districts in the State, including the District, in any year, the District may be affected by a delay, until sufficient taxes have been received by the State to make State aid payments to the District. In some years, the District has received delayed payments of State aid which resulted from the State’s delay in adopting its budget and appropriating State aid to municipalities and school districts, and consequent delay in State borrowing to finance such appropriations. (See also “State Aid”.)

There are a number of general factors which could have a detrimental effect on the ability of the District to continue to generate revenues, particularly property taxes. For instance, the termination of a major commercial enterprise or an unexpected increase in tax certiorari proceedings could result in a significant reduction in the assessed valuation of taxable real property in the District. Unforeseen developments could also result in substantial increases in District expenditures, thus placing strain on the District’s financial condition. These factors may have an effect on the market price of the Notes.

If a holder elects to sell his investment prior to its scheduled maturity date, market access or price risk may be incurred. If and when a holder of any of the Notes should elect to sell a Note prior to its maturity, there can be no assurance that a market shall have been established, maintained and be in existence for the purchase and sale of any of the Notes. Recent global financial crises have included limited periods of significant disruption. In addition, the price and principal value of the Notes is dependent on the prevailing level of interest rates; if interest rates rise, the price of a bond or note will decline, causing the bondholder or noteholder to incur a potential capital loss if such bond or note is sold prior to its maturity.

Amendments to U.S. Internal Revenue Code could reduce or eliminate the favorable tax treatment granted to municipal debt, including the Notes and other debt issued by the District. Any such future legislation would have an adverse effect on the market value of the Notes (See “TAX MATTERS” herein).

Cybersecurity

The District, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including, but not limited to, hacking, viruses, malware and other attacks on computer or other sensitive digital systems and networks. There can be no assurances that any security and operational control measures implemented by the District will be completely successful to guard against and prevent cyber threats and attacks. The result of any such attacks could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant.

TAX MATTERS

The Notes

Hodgson Russ LLP, of Albany, New York, Bond Counsel, will deliver an opinion that, under existing law, the interest on the Notes is excluded from gross income of the holders thereof for federal income tax purposes and is not an item of tax preference for the purpose of the individual alternative minimum tax imposed by the Internal Revenue Code of 1986, as amended (the "Code"). Interest on the Notes will be included in the adjusted financial statement income of certain corporations that are subject to the alternative minimum tax. However, such opinion will note that the District, by failing to comply with certain restrictions contained in the Code, may cause interest on the Notes to become subject to federal income taxation from the date of issuance of the Notes. Prospective purchasers should consult their tax advisers as to any possible collateral consequences from their ownership of, or receipt of interest on, or disposition of, the Notes. Bond Counsel expresses no opinion regarding any such collateral federal income tax consequences.

Tax Requirements

In rendering the foregoing opinions, Hodgson Russ LLP will note that the exclusion of the interest on the Notes from gross income for federal income tax purposes is subject to, among other things, continuing compliance by the District with the applicable requirements of Code sections 141, 148, and 149, and the regulations promulgated thereunder (collectively, the "Tax Requirements"). In the opinion of Hodgson Russ LLP, the tax compliance certificate and nonarbitrage certificate that will be executed and delivered by the District in connection with the issuance of the Notes (collectively, the "Tax Certificate") establishes the requirements and procedures, compliance with which will satisfy the Tax Requirements.

The Tax Requirements referred to above, which must be complied with in order that interest on the Notes remains excluded from gross income for federal income tax purposes, include, but are not limited to:

- 1 The requirement that the proceeds of the Notes be used in a manner so that the Notes are not obligations which meet the definition of a "private activity bond" within the meaning of Code section 141;
- 2 The requirements contained in Code section 148 relating to arbitrage bonds; and
- 3 The requirements that payment of principal or interest on the Notes not be directly or indirectly guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof) as provided in Code section 149(b).

In the Tax Certificate, the District will covenant to comply with the Tax Requirements, and to refrain from taking any action which would cause the interest on the Notes to be includable in gross income for federal income tax purposes. Any violation of the Tax Requirements may cause the interest on the Notes to be included in gross income for federal income tax purposes from the date of issuance of the Notes. Hodgson Russ LLP expresses no opinion regarding other federal tax consequences arising with respect to the Notes.

Bank Qualified

The Notes will be designated as "qualified tax-exempt obligations" pursuant to Code section 265.

Other Impacts

Prospective purchasers of the Notes should be aware that ownership of, accrual or receipt of interest on, or disposition of, the Notes may have collateral federal income tax consequences for certain taxpayers, including financial institutions, property and casualty insurance companies, S corporations, certain foreign corporations, individual recipients of Social Security or Railroad Retirement benefits, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry such obligations. Prospective purchasers should consult their tax advisors as to any possible collateral consequences from their ownership of, or receipt of interest on, or disposition of, the Notes. Bond Counsel expresses no opinion regarding any such collateral federal income tax consequences.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to non-corporate holders with respect to payments of principal, payments of interest, and the proceeds of the sale of a bond before maturity within the United States. Backup withholding may apply to a holder of the Notes under Code section 3406, if such holder fails to provide the information required on Internal Revenue Service (“IRS”) Form W-9, Request for Taxpayer Identification Number and Certification, or the IRS has specifically identified the holder as being subject to backup withholding because of prior underreporting. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner’s United States federal income tax provided the required information is furnished to the IRS. Neither the information reporting requirement nor the backup withholding requirement affects the excludability of interest on the Notes from gross income for federal income tax purposes.

Future Legislation

Bond Counsel has not undertaken to advise in the future whether any events occurring after the date of issuance of the Notes may affect the tax status of interest on the Notes. The Code has been continuously subject to legislative modifications, amendments, and revisions, and proposals for further changes are regularly submitted by leaders of the legislative and executive branches of the federal government.

No representation is made as to the likelihood of such proposals being enacted, or if enacted, the effective date of any such legislation, and no assurances can be given that such proposals or amendments will not materially and adversely affect the economic value of the Notes or the tax consequences of ownership of the Notes.

Prospective purchasers of the Notes should consult their own tax advisers regarding pending or proposed federal and state tax legislation and court proceedings, and prospective purchasers of the Notes at other than their original issuance at the respective prices set indicated on the cover of this Official Statement should also consult their own tax advisers regarding other tax considerations, such as the consequences of market discount, as to which Bond Counsel expresses no opinion.

New York State Taxes

In the opinion of Bond Counsel, interest on the Notes is exempt, under existing statutes, from New York State and New York City personal income taxes.

Miscellaneous

All quotations from and summaries and explanations of provisions of laws do not purport to be complete and reference is made to such laws for full and complete statements of their provisions.

Bond Counsel’s engagement with respect to the Notes ends with the issuance of the Notes. Bond Counsel has not undertaken to advise in the future whether any events occurring after the date of issuance of the Notes may affect the tax status of interest on the Notes. Unless separately engaged, Bond Counsel is not obligated to defend the District or the owners of the Notes regarding the tax status of the interest thereon in the event of an audit examination by the Service.

ALL PROSPECTIVE PURCHASERS OF THE NOTES SHOULD CONSULT WITH THEIR TAX ADVISORS IN ORDER TO UNDERSTAND THE IMPLICATIONS OF THE CODE AS TO THE TAX CONSEQUENCES OF PURCHASING OR HOLDING THE NOTES.

LEGAL MATTERS

The legality of the authorization and issuance of the Notes will be covered by the unqualified legal opinion of Hodgson Russ LLP, Bond Counsel, Albany, New York. Such legal opinion will state that in the opinion of Bond Counsel (i) the Notes have been authorized and issued in accordance with the Constitution and statutes of the State of New York and constitute valid and legally binding general obligations of the Village, all the taxable property within which is subject to the levy of ad valorem taxes to pay the Notes and interest thereon (Subject to certain statutory limitations imposed by Chapter 97 of the 2011 Laws of New York), without limitation as to rate or amount, provided, that the enforceability (but not the validity) of the Notes may be limited by any applicable existing or future bankruptcy, insolvency or other law (State or Federal) affecting the enforcement of creditors' rights, (a) may be limited by any applicable existing or future bankruptcy, insolvency or other law (State or federal) affecting the enforcement of creditors' rights, and (b) may be subject to the exercise of judicial discretion in appropriate cases, (ii) the District has the power to comply with its covenant included in its arbitrage certificate with respect to the Notes relating to compliance with the Code as it relates to the Notes; provided, however, that the enforceability (but not the validity) of such covenants may be limited by any applicable existing or future bankruptcy, insolvency or

other law (State or Federal) affecting the enforcement of creditors' rights; and (iii) assuming that the District complies with such covenants interest on the Notes is not includable in the gross income of the owners thereof for Federal income tax purposes under existing statutes and court decisions. Moreover, interest on the Notes is not an "item of tax preference" for purposes of the individual alternative minimum tax. Moreover, interest on the Notes may be subject to a branch profits tax of up to 30% when owned by certain foreign corporations. Furthermore, interest on the Notes may be subject to a tax at ordinary income rates when owned by "S Corporations" in certain cases. In addition, we note that, for tax years beginning after December 31, 2022, interest on the Notes will be included in the adjusted financial statement income of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Interest on the Notes is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof, including The City of New York. Bond Counsel will express no opinion regarding other federal income tax consequences arising with respect to the Notes.

Such legal opinion also will state that (i) in rendering the opinions expressed therein, Bond Counsel has assumed the accuracy and truthfulness of all public records, documents and proceedings examined by Bond Counsel which have been executed or certified by public officials acting within the scope of their official capacities, and has not verified the accuracy or truthfulness thereof, and Bond Counsel also has assumed the accuracy of the signatures appearing upon such public records, documents and proceedings and such certifications; (ii) the scope of Bond Counsel's engagement in relation to the issuance of the Notes has extended solely to the examination of the facts and law incident to rendering the opinions expressed therein; (iii) the opinions expressed therein are not intended and should not be construed to express or imply any conclusion that the amount of real property subject to taxation within the boundaries of the District together with other legally available sources of revenue, if any, will be sufficient to enable the District to pay the principal of and interest on the Notes as the same respectively become due and payable; (iv) reference should be made to the Official Statement for factual information which, in the judgment of the Village, would materially affect the ability of the District to pay such principal and interest; and (v) while Bond Counsel has participated in the preparation of the Official Statement, Bond Counsel has not verified the accuracy, completeness or fairness of the factual information contained therein and, accordingly, no opinion is expressed by Bond Counsel as to whether the Village, in connection with the sale of the Notes, has made any untrue statement of a material fact, or omitted to state a material fact necessary in order to make any statements made, in the light of the circumstances under which they were made, not misleading.

LITIGATION

The District is subject to a number of lawsuits in the ordinary conduct of its affairs. The District does not believe, however, that such suits, individually or in the aggregate, are likely to have a material adverse effect on the financial condition of the District.

There is no action, suit, proceedings or investigation, at law or in equity, before or by any court, public board or body pending or, to the best knowledge of the District, threatened against or affecting the District to restrain or enjoin the issuance, sale or delivery of the Notes or the levy and collection of taxes or assessments to pay same, or in any way contesting or affecting the validity of the Notes or any proceedings or authority of the District taken with respect to the authorization, issuance or sale of the Notes or contesting the corporate existence or boundaries of the District.

CONTINUING DISCLOSURE

In accordance with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "Rule"), unless the Notes are purchased for the purchaser's own account, as principal for investment and not for resale, the District will enter into a Disclosure Undertaking at closing, the form of which is attached hereto as "APPENDIX – D."

The District has established procedures to ensure that future filings of continuing disclosure information will be in compliance with existing continuing disclosure obligations, including transmitting such filings to the Municipal Securities Rulemaking Board ("MSRB") established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934 through the Electronic Municipal Market Access System ("EMMA").

A purchaser buying for its own account shall deliver a municipal securities disclosure certificate that documents its intent to purchase the Notes as principal for investment and not for resale (in a form satisfactory to Bond Counsel) establishing that an exemption from the Rule applies.

Historical Compliance

Other than as noted below, the District is in compliance, in all material respects, within the last five years with all previous undertakings made pursuant to the Rule 15c2-12.

On December 22, 2021, the District issued \$132,189 bonds for the purchase of buses. The District provided notice of the financial obligation on January 13, 2022. In addition, on January 13, 2022 the District provided notice of its failure to provide event filing information in connection with this event within 10 business days as required by its outstanding undertaking agreement.

MUNICIPAL ADVISOR

Fiscal Advisors & Marketing, Inc. (the "Municipal Advisor"), is a Municipal Advisor, registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The Municipal Advisor serves as independent municipal advisor to the District on matters relating to debt management. The Municipal Advisor is a municipal advisory and consulting organization and is not engaged in the business of underwriting, marketing, or trading municipal securities or any other negotiated instruments. The Municipal Advisor has provided advice as to the plan of financing and the structuring of the Notes. The advice on the plan of financing and the structuring of the Notes was based on materials provided by the District and other sources of information believed to be reliable. The Municipal Advisor has not audited, authenticated, or otherwise verified the information provided by the District or the information set forth in this Official Statement or any other information available to the District with respect to the appropriateness, accuracy, or completeness of disclosure of such information and no guarantee, warranty, or other representation is made by the Municipal Advisor respecting the accuracy and completeness of or any other matter related to such information and this Official Statement. The fees paid by the District to Fiscal Advisors are partially contingent on a successful closing of the Notes.

CUSIP IDENTIFICATION NUMBERS

If the Notes are issued in book-entry-only format, it is anticipated that CUSIP (an acronym that refers to Committee on Uniform Security Identification Procedures) identification numbers will be printed on the Notes. All expenses in relation to the printing of CUSIP numbers on the Notes will be paid for by the District provided, however; the District assumes no responsibility for any CUSIP Service Bureau charge or other charge that may be imposed for the assignment of such numbers.

RATING

The Notes are not rated. The purchaser(s) of the Notes may choose to have a rating completed after the sale at the expense of the purchaser(s) pending the approval of the District, including any fees to be incurred by the District, as such rating action will result in a material event notification to be posted to EMMA which is required by the District's Continuing Disclosure Undertakings. (See "APPENDIX – D", attached hereto).

S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P") has assigned their underlying rating of "A+" with a stable outlook to the District's outstanding bonds. The rating reflects only the view of S&P and any desired explanation of the significance of such rating should be obtained from S&P, Public Finance Ratings, 55 Water Street, 38th Floor, New York, New York 10041, Phone: (212) 438-2118.

Generally, rating agencies base their ratings on the information and materials furnished to it and on investigations, studies and assumptions by the respective rating agency. There is no assurance that a particular rating will apply for any given period of time or that it will not be lowered or withdrawn entirely if, in the judgment of the agency originally establishing the rating, circumstances so warrant. Any downward revision or withdrawal of the rating of the outstanding bonds may have an adverse effect on the market price of the Notes.

MISCELLANEOUS

So far as any statements made in this Official Statement involve matters of opinion or estimates whether or not expressly stated, they are set forth as such and not as representations of fact, and no representation is made that any of the statements will be realized. Neither this Official Statement nor any statement which may have been made verbally or in writing is to be construed as a contract with the holders of the Notes.

Statements in this official statement, and the documents included by specific reference, that are not historical facts are forward-looking statements, which are based on the District management's beliefs as well as assumptions made by, and information currently available to, the District's management and staff. Because the statements are based on expectations about future events and economic performance and are not statements of fact, actual results may differ materially from those projected. Important factors that could cause future results to differ include legislative and regulatory changes, changes in the economy, and other factors discussed in this and other documents that the District's files with the repositories. When used in District documents or oral presentation, the words "anticipate", "estimate", "expect", "objective", "projection", "forecast", "goal", or similar words are intended to identify forward-looking statements.

To the extent any statements made in this Official Statement involve matters of opinion or estimates, whether or not expressly stated, they are set forth as such and not as representations of fact, and no representation is made that any of the statements will be realized. Neither this Official Statement nor any statement which may have been made verbally or in writing is to be construed as a contract with the holder of the Notes.

Hodgson Russ LLP, Albany, New York, Bond Counsel to the District, expresses no opinions as to the accuracy or completeness of information in any documents prepared by or on behalf of the District for use in connection with the offer and sale of the Notes, including but not limited to, the financial or statistical information in this Official Statement.

References herein to the Constitution of the State and various State and federal laws are only brief outlines of certain provisions thereof and do not purport to summarize or describe all of such provisions.

Concurrently with the delivery of the Notes, the District will furnish a certificate to the effect that as of the date of the Official Statement, the Official Statement did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading, subject to a limitation as to information in the Official Statement obtained from sources other than the District.

The Official Statement is submitted only in connection with the sale of the Notes by the District and may not be reproduced or used in whole or in part for any other purpose.

The District hereby disclaims any obligation to update developments of the various risk factors or to announce publicly any revision to any of the forward-looking statements contained herein or to make corrections to reflect future events or developments except to the extent required by Rule 15c2-12 promulgated by the Securities and Exchange Commission.

CITY SCHOOL DISTRICT OF THE CITY OF LITTLE FALLS

Dated: September 5, 2024

CHRISTINE SHEPARDSON
PRESIDENT OF THE BOARD OF EDUCATION AND
CHIEF FISCAL OFFICER

FORM UNDERTAKING TO PROVIDE NOTICES OF EVENTS

This undertaking to provide notice of certain designated events (the “Disclosure Undertaking”) is executed and delivered by the City School District of the City of Little Falls, a school district of the State of New York (the “Issuer”) in connection with the issuance of its **\$1,038,960 Revenue Anticipation Notes, 2024 Series B** (the “Security”). The Security has a stated maturity of 18 months or less. The Issuer hereby covenants and agrees as follows:

Section 1. Obligation to Provide Notices of Events. (a) The Issuer hereby undertakes (for the benefit of Security Holders) to provide (or cause to be provided either directly or through a dissemination agent) to EMMA (or any successor thereto) in an electronic format (as prescribed by the MSRB) in a timely manner (not in excess of ten business days after the occurrence of any such event) notice of any of the following events with respect to the Security:

- (1) Principal and interest payment delinquencies;
- (2) Non-payment related defaults, if material;
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) Substitution of credit or liquidity providers, or their failure to perform;
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701–TEB) or other material notices or determinations with respect to the tax status of the Security, or other material events affecting the tax status of the Security;
- (7) Modifications to rights of Security Holders, if material;
- (8) Bond calls, if material, and tender offers;
- (9) Defeasances;
- (10) Release, substitution, or sale of property securing repayment of the Security, if material;
- (11) Rating changes;
- (12) Bankruptcy, insolvency, receivership or similar event of the obligated person;

Note to paragraph (12): For the purposes of the event identified in paragraph (12) of this section, the event is considered to occur when any of the following occur: The appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

- (13) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (15) Incurrence of a Financial Obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect Security Holders, if material; and

(16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

(b) The Issuer may choose to disseminate other information in addition to the information required as part of this Disclosure Undertaking. Such other information may be disseminated in any manner chosen by the Issuer. If the Issuer disseminates any such additional information, the Issuer shall have no obligation to update such information or include it in any future materials disseminated pursuant to this Disclosure Undertaking.

(c) The Issuer may choose to provide notice of the occurrence of certain other events, in addition to those listed in Section 1(a) above, if the Issuer determines that any such other event is material with respect to the Security; but the Issuer does not undertake to commit to provide any such notice of the occurrence of any material event except those events listed above.

Section 2. Definitions

“EMMA” shall mean Electronic Municipal Market Access System implemented by the MSRB.

“Financial Obligation” shall mean a (A) debt obligation; (B) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (C) guarantee of (A) or (B). Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with Rule 15c2-12.

“MSRB” shall mean the Municipal Securities Rulemaking Board established in accordance with the provisions of Section 15B(b)(1) of the Securities Exchange Act of 1934.

“Purchaser” shall mean the financial institution referred to in a certain Certificate of Determination that is being delivered by the Issuer in connection with the issuance of the Security.

“Rule 15c2-12” shall mean Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended through the date of this Disclosure Undertaking, including any official interpretations thereof.

“Security Holder” shall mean any registered owner of the Security and any beneficial owner of the Security within the meaning of Rule 13d-3 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934.

Section 3. Remedies. If the Issuer fails to comply with any provision of this Disclosure Undertaking, then any Security Holder may enforce, for the equal benefit and protection of all Security Holders similarly situated, by mandamus or other suit or proceeding at law or in equity, this Disclosure Undertaking against the Issuer and any of the officers, agents and employees of the Issuer, and may compel the Issuer or any such officers, agents or employees to perform and carry out their duties under this Disclosure Undertaking; provided that the sole and exclusive remedy for breach of this Disclosure Undertaking shall be an action to compel specific performance of the obligations of the Issuer hereunder and no person or entity shall be entitled to recover monetary damages hereunder under any circumstances. Failure to comply with any provision of this Disclosure Undertaking shall not constitute an event of default on the Security.

Section 4. Parties in Interest. This Disclosure Undertaking is executed to assist the Purchaser to comply with paragraph (b)(5) of Rule 15c2-12 and is delivered for the benefit of the Security Holders. No other person has any right to enforce the provisions hereof or any other rights hereunder.

Section 5. Amendments. Without the consent of any Security Holders, at any time while this Disclosure Undertaking is outstanding, the Issuer may enter into any amendments or changes to this Disclosure Undertaking for any of the following purposes:

- (a) to comply with or conform to any changes to Rule 15c2-12 (whether required or optional);
- (b) to add a dissemination agent for the information required to be provided as part of this Disclosure Undertaking and to make any necessary or desirable provisions with respect thereto;
- (c) to evidence the succession of another person to the Issuer and the assumption of any such successor of the duties of the Issuer hereunder;
- (d) to add to the duties of the Issuer for the benefit of the Security Holders, or to surrender any right or power herein conferred upon the Issuer;

(e) to cure any ambiguity, to correct or supplement any provision hereof which may be inconsistent with any other provision hereof, or to make any other provisions with respect to matters or questions arising under this Disclosure Undertaking which, in each case, comply with Rule 15c2-12 or Rule 15c2-12 as in effect at the time of such amendment or change; provided that no such action pursuant to this Section 5 shall adversely affect the interests of the Security Holders in any material respect. In making such determination, the Issuer shall rely upon an opinion of nationally recognized bond counsel.

Section 6. Termination. This Disclosure Undertaking shall remain in full force and effect until such time as all principal, redemption premiums, if any, and interest on the Security shall have been paid in full or the Security shall have otherwise been paid or legally defeased in accordance with their terms. Upon any such legal defeasance, the Issuer shall provide notice of such defeasance to EMMA. Such notice shall state whether the Security has been defeased to maturity or to redemption and the timing of such maturity or redemption.

Section 7. Undertaking to Constitute Written Agreement or Contract. This Disclosure Undertaking shall constitute the written agreement or contract for the benefit of Security Holders, as contemplated under Rule 15c2-12.

Section 8. Governing Law. This Disclosure Undertaking shall be governed by the laws of the State of New York determined without regard to principles of conflict of law.

IN WITNESS WHEREOF, the undersigned has duly authorized, executed and delivered this Disclosure Undertaking as of **September __, 2024**.
