

PRELIMINARY OFFICIAL STATEMENT

NEW ISSUE

BOND ANTICIPATION NOTES

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Notes is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). In the further opinion of Bond Counsel, interest on the Notes is not a specific preference item for purposes of the federal individual alternative minimum tax. Interest on the Notes included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel is also of the opinion that interest on the Notes is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Notes. See "TAX MATTERS" herein.

The Notes will be designated "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code.

\$3,620,000

**BAINBRIDGE-GUILFORD CENTRAL SCHOOL DISTRICT
BROOME, CHENANGO, DELAWARE, AND OTSEGO COUNTIES, NEW YORK
GENERAL OBLIGATIONS
CUSIP BASE: 261135**

**\$3,620,000 Bond Anticipation Notes, 2024
(referred to herein as the "Notes")**

Dated: December 18, 2024

Due: June 26, 2025

The Notes are general obligations of the Bainbridge-Guilford Central School District, Broome, Chenango, Delaware, and Otsego Counties, New York (the "School District" or "District"), all the taxable real property within which is subject to the levy of ad valorem taxes to pay the Notes and interest thereon, without limitation as to rate or amount. See "NATURE OF OBLIGATION" and "TAX LEVY LIMITATION LAW" herein. The Notes will be issued without the option of prior redemption.

At the option of the purchaser, the Notes will be issued in (i) registered certificated form registered in the name of the successful bidder or (ii) registered book-entry-only form registered to Cede & Co., as the partnership nominee for The Depository Trust Company, New York, New York ("DTC").

If the Notes are issued as registered in the name of the purchaser, principal of and interest on the Notes will be payable in Federal Funds at the office of the District Clerk. A single note certificate will be issued for Notes bearing the same rate of interest in the aggregate principal amount awarded to such purchaser at such interest rate.

If the Notes are issued in book-entry-only form, such notes will be delivered to DTC, which will act as securities depository for the Notes. Beneficial owners will not receive certificates representing their interest in the Notes. Individual purchases may be made in denominations of \$5,000 or integral multiples thereof. A single note certificate will be issued for those Notes bearing the same rate of interest and CUSIP number in the aggregate principal amount awarded to such purchaser at such interest rate. Principal of and interest on said Notes will be paid in Federal Funds by the District to Cede & Co., as nominee for DTC, which will in turn remit such principal and interest to its participants for subsequent distribution to the beneficial owners of the Notes as described herein. Transfer of principal and interest payments to beneficial owners by participants of DTC will be the responsibility of such participants and other nominees of beneficial owners. The District will not be responsible or liable for payments by DTC to its participants or by DTC participants to beneficial owners or for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants. (See "BOOK-ENTRY-ONLY SYSTEM" herein).

The Notes are offered when, as and if issued and received by the purchaser(s) and subject to the receipt of the approving legal opinion as to the validity of the Notes of Orrick, Herrington & Sutcliffe LLP, New York, New York. It is anticipated that the Notes will be available for delivery through the facilities of DTC located in Jersey City, New Jersey, or as may be agreed upon on with the purchaser(s), or about December 18, 2024.

ELECTRONIC BIDS for the Notes must be submitted on Fiscal Advisors Auction website ("Fiscal Advisors Auction") accessible via www.FiscalAdvisorsAuction.com, on December 4, 2024 by no later than 10:30 A.M. ET. Bids may also be submitted by facsimile at (315) 930-2354. No other form of electronic bidding services will be accepted. No phone bids will be accepted. Once the bids are communicated electronically via Fiscal Advisors Auction or via facsimile to the District, each bid will constitute an irrevocable offer to purchase the Notes pursuant to the terms provided in the Notice of Sale for the Notes.

November 26, 2024

THE DISTRICT DEEMS THIS OFFICIAL STATEMENT TO BE FINAL FOR PURPOSES OF SECURITIES AND EXCHANGE COMMISSION RULE 15c2-12 (THE "RULE"), EXCEPT FOR CERTAIN INFORMATION THAT HAS BEEN OMITTED HEREFROM IN ACCORDANCE WITH SAID RULE AND THAT WILL BE SUPPLIED WHEN THIS OFFICIAL STATEMENT IS UPDATED FOLLOWING THE SALE OF THE OBLIGATIONS HEREIN DESCRIBED. THIS OFFICIAL STATEMENT WILL BE SO UPDATED UPON REQUEST OF THE SUCCESSFUL BIDDER(S), AS MORE FULLY DESCRIBED IN THE NOTICE OF SALE WITH RESPECT TO THE OBLIGATIONS HEREIN DESCRIBED. THE DISTRICT WILL COVENANT IN AN UNDERTAKING TO PROVIDE NOTICE OF CERTAIN MATERIAL EVENTS AS DEFINED IN THE RULE. SEE "APPENDIX C – MATERIAL EVENT NOTICES" HEREIN.

OFFICIAL STATEMENT
of the
BAINBRIDGE-GUILFORD CENTRAL SCHOOL DISTRICT
BROOME, CHENANGO, DELAWARE, AND OTSEGO COUNTIES, NEW YORK
Relating To
\$3,620,000 Bond Anticipation Notes, 2024

This Official Statement, which includes the cover page and appendices, has been prepared by the Bainbridge-Guilford Central School District, Broome, Chenango, Delaware, and Otsego Counties, New York (the "School District" or "District", "Counties", and "State", respectively) in connection with the sale by the District of \$3,620,000 principal amount of Bond Anticipation Notes, 2024 (the "Notes").

The factors affecting the District's financial condition and the Notes are described throughout this Official Statement. Inasmuch as many of these factors, including economic and demographic factors, are complex and may influence the District tax base, revenues, and expenditures, this Official Statement should be read in its entirety, and no one factor should be considered more or less important than any other by reason of its relative position in this Official Statement.

All quotations from and summaries and explanations of provisions of the Constitution and laws of the State and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof, and all references to the Notes and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive forms of the Notes and such proceedings.

NATURE OF OBLIGATION

Each Note when duly issued and paid for will constitute a contract between the District and the holder thereof.

Holders of any series of notes or bonds of the District may bring an action or commence a proceeding in accordance with the civil practice law and rules to enforce the rights of the holders of such series of notes or bonds.

The Notes will be general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal thereof and the interest thereon as required by the Constitution and laws of the State. For the payment of such principal and interest, the District has power and statutory authorization to levy ad valorem taxes on all real property within the District subject to such taxation by the District, without limitation as to rate or amount.

Although the State Legislature is restricted by Article VIII, Section 12 of the State Constitution from imposing limitations on the power to raise taxes to pay "interest on or principal of indebtedness theretofore contracted" prior to the effective date of any such legislation, the New York State Legislature may from time to time impose additional limitations or requirements on the ability to increase a real property tax levy or on the methodology, exclusions or other restrictions of various aspects of real property taxation (as well as on the ability to issue new indebtedness). On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor (the "Tax Levy Limitation Law" or "Chapter 97"). The Tax Levy Limitation Law applies to local governments and school districts in the State (with certain exceptions) and imposes additional procedural requirements on the ability of municipalities and school districts to levy certain year-to-year increases in real property taxes.

Under the Constitution of the State, the District is required to pledge its faith and credit for the payment of the principal of and interest on the Notes and is required to raise real estate taxes, and without specification, other revenues, if such levy is necessary to repay such indebtedness. While the Tax Levy Limitation Law imposes a statutory limitation on the District's power to increase its annual tax levy, with the amount of such increase limited by the formulas set forth in the Tax Levy Limitation Law, it also provides the procedural method to surmount that limitation. See "TAX INFORMATION - Tax Levy Limitation Law" herein.

The Constitutionally-mandated general obligation pledge of municipalities and school districts in New York State has been interpreted by the Court of Appeals, the State's highest court, in Flushing National Bank v. Municipal Assistance Corporation for the City of New York, 40 N.Y.2d 731 (1976), as follows:

“A pledge of the City’s faith and credit is both a commitment to pay and a commitment of the City’s revenue generating powers to produce the funds to pay. Hence, an obligation containing a pledge of the City’s “faith and credit” is secured by a promise both to pay and to use in good faith the City’s general revenue powers to produce sufficient funds to pay the principal and interest of the obligation as it becomes due. That is why both words, “faith” and “credit” are used and they are not tautological. That is what the words say and this is what the courts have held they mean... So, too, although the Legislature is given the duty to restrict municipalities in order to prevent abuses in taxation, assessment, and in contracting of indebtedness, it may not constrict the City’s power to levy taxes on real estate for the payment of interest on or principal of indebtedness previously contracted... While phrased in permissive language, these provisions, when read together with the requirement of the pledge and faith and credit, express a constitutional imperative: debt obligations must be paid, even if tax limits be exceeded”.

In addition, the Court of Appeals in the Flushing National Bank (1976) case has held that the payment of debt service on outstanding general obligation bonds and notes takes precedence over fiscal emergencies and the police power of political subdivisions in New York State.

The pledge has generally been understood as a promise to levy property taxes without limitation as to rate or amount to the extent necessary to cover debt service due to language in Article VIII Section 10 of the Constitution, which provides an exclusion for debt service from Constitutional limitations on the amount of a real property tax levy, insuring the availability of the levy of property tax revenues to pay debt service. As the Flushing National Bank (1976) Court noted, the term “faith and credit” in its context is “not qualified in any way”. Indeed, in Flushing National Bank v. Municipal Assistance Corp., 40 N.Y.2d 1088 (1977) the Court of Appeals described the pledge as a direct constitutional mandate. In Quirk v. Municipal Assistance Corp., 41 N.Y.2d 644 (1977), the Court of Appeals stated that, while holders of general obligation debt did not have a right to particular revenues such as sales tax, “with respect to traditional real estate tax levies, the bondholders are constitutionally protected against an attempt by the State to deprive the city of those revenues to meet its obligations.” According to the Court in Quirk, the State Constitution “requires the city to raise real estate taxes, and without specification other revenues, if such a levy be necessary to repay indebtedness.”

In addition, the Constitution of the State requires that every county, city, town, village, and school district in the State provide annually by appropriation for the payment of all interest and principal on its serial bonds and certain other obligations, and that, if at any time the respective appropriating authorities shall fail to make such appropriation, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. In the event that an appropriating authority were to make an appropriation for debt service and then decline to expend it for that purpose, this provision would not apply. However, the Constitution of the State does also provide that the fiscal officer of any county, city, town, village, or school district may be required to set apart and apply such first revenues at the suit of any holder of any such obligations.

In Quirk v. Municipal Assistance Corp., the Court of Appeals described this as a “first lien” on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in New York State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy to pay debt service on such obligations, but that such pledge may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien upon any particular revenues.

While the courts in New York State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

THE NOTES

Description of the Notes

The Notes are general obligations of the District, and will contain a pledge of its faith and credit for the payment of the principal thereof and interest thereon as required by the Constitution and laws of the State of New York (State Constitution, Art. VIII, Section 2: Local Finance Law, Section 100.00). All the taxable real property within the District is subject to the levy of ad valorem taxes to pay the Notes and interest thereon, without limitation as to rate or amount. See “NATURE OF OBLIGATION” and “TAX LEVY LIMITATION LAW” herein.

The Notes will be dated December 18, 2024 and will mature June 26, 2025. The Notes are not subject to redemption prior to maturity. Interest will be calculated on a 30-day month and 360-day year basis, payable at maturity.

The Notes will be issued in registered form at the option of the purchaser either (i) registered in the name of the purchaser, or (ii) registered in the name of Cede & Co. as nominee of The Depository Trust Company, New York, New York (“DTC”) which will act as the securities depository for the Notes. See "BOOK-ENTRY-ONLY SYSTEM" herein.

No Optional Redemption

The Notes are not subject to redemption prior to maturity.

Purpose of Issue

The Notes are issued pursuant to the Constitution and Status of the State of New York, including the Education Law and the Local Finance Law, pursuant to a bond resolution duly adopted by the Board of Education on January 19, 2023, authorizing a \$15.4 million capital project which includes various reconstruction and improvements to District buildings and facilities with \$4,000,000 capital reserve fund money and \$11,400,000 bonds and notes.

The Notes will provide \$3,620,000 of new monies for the aforementioned capital project.

BOOK-ENTRY-ONLY SYSTEM

The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the Notes, if so requested. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered note certificate will be issued for each note bearing the same rate of interest and CUSIP number and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption proceeds, distributions, and dividend payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Source: The Depository Trust Company.

THE DISTRICT CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE NOTES (1) PAYMENTS OF PRINCIPAL OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES; (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE NOTES; OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE NOTES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE DISTRICT WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE NOTES.

THE INFORMATION CONTAINED HEREIN CONCERNING DTC AND ITS BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM DTC AND THE DISTRICT MAKES NO REPRESENTATION AS TO THE COMPLETENESS OR THE ACCURACY OF SUCH INFORMATION OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

Certificated Notes

If the book-entry form is initially chosen by the purchaser(s) of the Notes, DTC may discontinue providing its services with respect to the Notes at any time by giving notice to the District and discharging its responsibilities with respect thereto under applicable law, or the District may terminate its participation in the system of book-entry-only system transfers through DTC at any time. In the event that such book-entry-only system is utilized by a purchaser(s) of the Notes upon issuance and later discontinued, the following provisions will apply:

The Notes will be issued in registered form in denominations of \$5,000 or integral multiples thereof. Principal of and interest on the Notes will be payable at a principal corporate trust office of a bank or trust company located and authorized to do business in the State of New York to be named as fiscal agent by the District. The Notes will remain not subject to redemption prior to their stated final maturity date.

THE SCHOOL DISTRICT

General Information

The District is located in the south central sector of New York State, approximately 35 miles northeast of the City of Binghamton, approximately 45 miles northeast of the Pennsylvania border, and approximately 30 miles southwest of the City of Oneonta. It has a land area of approximately 230 square miles, principally in the southern sector of Chenango County and includes minor portions of the Counties of Delaware, Broome and Otsego.

Major highways bisecting the District include Interstate 88, which connects Albany and the Capital District with the City of Binghamton. Other highways include State Highways 7, 8 and 206. Other modes of transportation are afforded residents through terminals located in the greater Binghamton metropolitan area and the City of Oneonta.

The District is residential and agricultural in nature. Commercial and professional services and employment opportunities are available to residents in the Village of Bainbridge, which is located within the District. Services and employment opportunities are also available in, and in close proximity to, the Cities of Binghamton and Oneonta as well as in the Villages of Sidney and Greene.

High Bridge Wind, LLC has received approval for the creation of a wind farm of up to 25 wind turbines, generating capacity of up to 100 megawatts and will produce enough electricity to power 25,000 average-sized homes. High Bridge Wind, LLC has entered into a PILOT agreement, of which the District and Gilbertsville-Mount Upton Central School District shall divide their share of, based on the portion of the project located in each respective school district boundaries.

Payne Solar Farm, LLC Facility, Payne Solar Farm 2, LLC Facility, Payne Solar Farm 3, LLC Facility, and Payne Solar Farm 4, LLC Facility have been approved for the creation of a 4.95 megawatt AC solar photovoltaic electricity generating facility on each parcel (4 in total) within the Village of Bainbridge. On December 19, 2023, The Chenango County IDA adopted an inducement resolution granting preliminary approval for financial assistance in support of the project in the form of exemptions from sales and use taxes on materials, and/or equipment used or incorporated in the Project Facility, potential exemptions from mortgage recording taxes and abatement of real property taxes for twenty (20) years on the assessed value of the Project Facilities.

Unemployment Rate Statistics

Unemployment statistics are not available for the School District as such. The smallest area for which such statistics are available (which includes the School District) are the Counties listed below. The information set forth below with respect to the Counties is included for informational purposes only. It should not be implied from the inclusion of such data in this Continuing Disclosure Statement that the Counties are necessarily representative of the School District, or vice versa.

Form of School Government

The Board of Education, which is the policy-making body of the School District, consists of seven members with overlapping three-year terms. The President and the Vice President are selected by the Board members. The President of the Board is the chief fiscal officer of the School District.

The duties of the administrative officers of the School District are to implement the policies of the Board of Education and supervise the operation of the school system.

Budgetary Procedures

Pursuant to the Education Law, the Board of Education annually prepares or causes to be prepared, a budget for the ensuing fiscal year. A public hearing on such budget is held not less than seven days and not more than fourteen days prior to the vote. The Board of Education causes notice of such public hearing to be published four times beginning seven weeks prior to the vote. After the public hearing, but not less than six days prior to the budget vote, the District must mail a school budget notice to all qualified voters which contains the total budget amount, the dollar and percentage increase or decrease in the proposed budget (or contingency budget) as compared to the current budget, the percentage increase or decrease in the consumer price index, the estimated property tax levy, the basic STAR exemption impact and the date, time and place of the vote.

After the budget hearing and subsequent notice, a referendum upon the question of the adoption of the budget is held on the third Tuesday in May each year. All qualified District residents are eligible to participate.

Pursuant to Chapter 97 of the Laws of 2011 (“Chapter 97”), beginning with the 2012 – 2013 fiscal year, if the proposed budget requires a tax levy increase that does not exceed the lesser of 2% or the rate of inflation (the “School District Tax Cap”), then a majority vote is required for approval. If the proposed budget requires a tax levy that exceeds the School District Tax Cap, the budget proposition must include special language and a 60% vote is required for approval. Any separate proposition that would cause the School District to exceed the School District Tax Cap must receive at least 60% voter approval.

If the proposed budget is not approved by the required margin, the Board of Education may resubmit the original budget or a revised budget to the voters on the 3rd Tuesday in June, or adopt a contingency budget (which would provide for ordinary contingent expenses, including debt service) that levies a tax levy no greater than that of the prior fiscal year (i.e. a 0% increase in the tax levy).

If the resubmitted and/or revised budget is not approved by the required margin, the Board of Education must adopt a budget that requires a tax levy no greater than that of the prior fiscal year (i.e. a 0% increase in the tax levy). For a complete discussion of Chapter 97, see “TAX LEVY LIMITATION LAW” herein.

Recent Budget Vote Results

The budget for the 2023-24 fiscal year was adopted by qualified voters on May 16, 2023 by a vote of 197 to 56. The adopted budget included a total tax levy increase of 1.85%, which equaled the District’s tax levy limit of 1.85%.

The budget for the 2024-25 fiscal year was adopted by qualified voters on May 21, 2024 by a vote of 136 to 44. The adopted budget included a total tax levy increase of 2.73%, which equaled the District’s tax levy limit of 2.73%.

Investment Policy

Pursuant to the statutes of the State of New York, the School District is permitted to invest only in the following investments: (1) special time deposits or certificates of deposits in a bank or trust company located and authorized to do business in the State of New York; (2) obligations of the United States of America; (3) obligations guaranteed by agencies of the United States of America where the payment of principal and interest is guaranteed by the United States of America; (4) obligations of the State of New York; (5) with the approval of the New York State Comptroller, tax anticipation notes and Bond Anticipation notes issued by any New York municipality or district corporation, other than the School District; (6) obligations of a New York public corporation which are made lawful investments by the School District pursuant to another provision of law; (7) certain certificates of participation issued on behalf of political subdivisions of the State of New York; and, (8) in the case of School District moneys held in certain reserve funds established pursuant to law, obligations issued by the School District. These statutes further require that all bank deposits, in excess of the amount insured under the Federal Deposit Insurance Act, be secured by either a pledge of eligible securities, an eligible surety bond or an eligible letter of credit, as those terms are defined in the law.

Consistent with the above statutory limitations, it is the School District's current policy to invest in: (1) certificates of deposit or time deposit accounts that are fully secured as required by statute, (2) obligations of the United States of America or (3) obligations guaranteed by agencies of the United States of America where the payment of principal and interest is guaranteed by the United States of America. In the case of obligations of the United States government, the School District may purchase such obligations pursuant to a written repurchase agreement that requires the purchased securities to be delivered to a third party custodian with collateral and valuation, as required by law.

State law and the District policy does not permit the District to enter into reverse repurchase agreements or make other derivative type investments.

State Aid

The District receives financial assistance from the State in the form of State aid for operating, building and other purposes at various times throughout its fiscal year, pursuant to formulas and payment schedules set forth by statute. In its adopted budget for the 2024-25 fiscal year, approximately 64.66% of the revenues of the District are estimated to be received in the form of State aid. While the State has a constitutional duty to maintain and support a system of free common schools that provides a “sound basic education” to children of the State, there can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever.

In addition to the amount of State aid budgeted annually by the District, the State makes payments of STAR aid representing tax savings provided by school districts to their taxpayers under the STAR Program.

The State is not constitutionally obligated to maintain or continue State aid to the District. No assurance can be given that present State aid levels will be maintained in the future. State budgetary restrictions which could eliminate or substantially reduce State aid could have a material adverse effect upon the District, requiring either a counterbalancing increase in revenues from other sources to the extent available, or a curtailment of expenditures (See also “MARKET AND RISK FACTORS”).

There can be no assurance that the State appropriation for building aid and other State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid, including building aid appropriated and apportioned to the School District, can be paid only if the State has such monies available therefor. The availability of such monies and the timeliness of such payment could be affected by a delay in the adoption of the State budget or their elimination therefrom.

There can be no assurance that the State's financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid including school districts in the State. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State.

The amount of State aid to school districts can vary from year to year and is dependent in part upon the financial condition of the State. During the 2011 to 2019 and 2021 to 2023 fiscal years of the State, State aid to school districts was paid in a timely manner; however, during the State's 2010 and 2020 fiscal years, State budgetary restrictions resulted in delayed payments of State aid to school districts in the State. In addition, the availability of State aid and the timeliness of payment of State aid to school districts could be affected by a delay in adoption of the State budget, which is due at the start of the State's fiscal year of April 1. Since the 2010-11 State fiscal year, the State budget has been generally adopted on or before April 1, with the exception of the 2016-17 State budget which was not adopted until April 9, 2017 and the State's 2023-24 Budget which was not adopted until May 3, 2023. No assurance can be given that the State will not experience delays in the adoption of the budget in future fiscal years. Significant delays in the adoption of the State budget could result in delayed payment of State aid to school districts in the State which could adversely affect the financial condition of school districts in the State.

Should the District fail to receive State aid expected from the State in the amounts and at the times expected, occasioned by a delay in the payment of such monies or by a mid-year reduction in State aid, the District is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

Federal Aid Received by the State

The State receives a substantial amount of federal aid for health care, education, transportation and other governmental purposes, as well as federal funding to respond to, and recover from, severe weather events and other disasters. Many of the policies that drive this federal aid may be subject to change under the federal administration and Congress. Current federal aid projections, and the assumptions on which they rely, are subject to revision in the future as a result of changes in federal policy, the general condition of the global and national economies and other circumstances.

Reductions in Federal funding levels could have a materially adverse impact on the State budget. In addition to the potential fiscal impact of policies that may be proposed and adopted by the new administration and Congress, the State budget may be adversely affected by other actions taken by the Federal government, including audits, disallowances, and changes to Federal participation rates or other Medicaid rules.

Building Aid

A portion of the District's State aid consists of building aid which is related to outstanding indebtedness for capital project purposes. In order to receive building aid, the District must have building plans and specifications approved by the Facilities Planning Unit of the State Education Department. A maximum construction and incidental cost allowance is computed for each building project that takes into account a pupil construction cost allowance and assigned pupil capacity. For each project financed with debt obligations, a bond percentage is computed. The bond percentage is derived from the ratio of total approved cost allowances to the total principal borrowed. Approved cost allowances are estimated until a project final cost report is completed.

Building Aid is paid over fifteen years for reconstruction work, twenty years for building additions, or thirty years for new building construction. Building Aid for a specific building project is eligible to begin eighteen months after State Commissioner of Education approval date, for that project, and is paid over the previously described timeframe, assuming all necessary building aid forms are filed with the State in a timely manner. The building aid received is equal to the assumed debt service for that project, which factors in the bond percent, times the building aid ratio that is assigned to the District, and amortized over the predefined timeframe. The building aid ratio is calculated based on a formula that involves the full valuation per pupil in the District compared to a State-wide average.

Pursuant to the provisions of Chapter 760 of the Laws of 1963, the District is eligible to receive a Building Aid Estimate from the New York State Department of Education. Since the gross indebtedness of the District is within the debt limit, the District is not required to apply for a Building Aid Estimate. Based on 2023-24 preliminary building aid ratios, the District expects to receive State building aid of approximately 88.1% of debt service on State Education Department approved expenditures from July 1, 2004 to the present.

The State building aid ratio is calculated each year based upon a formula which reflects Resident Weighted Average Daily Attendance (RWADA) and the full value per pupil compared with the State average. Consequently, the estimated aid will vary over the life of each issue. State building aid is further dependent upon the continued apportionment of funds by the State Legislature.

School District Fiscal Year (2019-2020): The State 2019-2020 Enacted Budget included a total of \$27.69 billion for School Aid, a year-to-year funding increase of \$956 million or 3.6% and will provide additional funding for Foundation Aid of \$338.0 million and \$409.65 million in reimbursements for expense-based aids. In addition, the 2019-2020 Enacted Budget increases the Community Schools set-aside funding amount by \$49.99 million to a total of \$250.0 million. This increased funding is targeted to districts with failing schools and/or districts experiencing significant growth in English language learners. The State 2019-2020 Enacted Budget increased the minimum community schools funding amount from \$75,000 to \$100,000. This ensured all high-need districts across the State could apply the funds to a wide-range of activities.

School district fiscal year (2020-2021): Due to the anticipated impact of the COVID-19 pandemic on State revenues, State aid in the State's 2020-2021 Enacted Budget was 3.7% lower than in the State's 2019-2020 Enacted Budget but was offset in part with increased Federal support. This reduction in State Operating Funds support was offset by approximately \$1.1 billion in funding provided to the State through the Federal CARES Act, including the Elementary and Secondary School Emergency Education Relief Fund and the Governor's Emergency Education Relief Fund. With these Federal funds, State aid in the school district fiscal year 2020-2021 was approximately \$27.9 billion, an annual increase of approximately \$100 million or 0.4%. The State's 2020-2021 Enacted Budget continued prior year funding levels for existing programs, including Foundation Aid, Community Schools and Universal Prekindergarten. The 2020-2021 Enacted Budget also provided over \$200 million in support for competitive grant programs, including \$1 million for development of a new Civics Education curriculum and \$10 million for a Student Mental Health program. Funding for expense-based aids, such as Building Aid, Transportation Aid, and Boards of Cooperative Educational Services (BOCES) Aid continued under existing aid formulas. Out-year growth in School Aid reflected then current projections of the ten-year average growth in State personal income. The State's 2020-2021 Enacted Budget authorized the State's Budget Director to make periodic adjustments to State aid, in the event that actual State revenues came in below 99% of estimates or if actual disbursements exceeded 101% of estimates. Pursuant to that provision, in October, 2020, the State announced that, in the absence of Federal funding to offset such lost revenue, the State had begun to take steps to reduce spending, including but not limited to, temporarily holding back 20% of most aid payments to local governments and school districts. However, the 2020-2021 State aid declines were offset, in part, by \$1.1 billion of increased federal funding through the Coronavirus Aid, Relief, and Economic Security Act. With these federal funds, State aid totaled \$27.9 billion in the State's 2020-2021 Enacted Budget, an annual increase of approximately \$100 million or 0.4% from the 2019-2020 Enacted Budget. As of February 1, 2021, the State Education Department ("SED") advised school districts that the State Division of the Budget would, at some point, provide approval for SED to make the payments to school districts for State aid and other Pre-K-12 grant programs that had been subject to the above-referenced 20% withholding. Such approval was received and the State released all of the withheld funds prior to June 30, 2021.

School district fiscal year (2021-2022): The State's 2021-22 Enacted Budget included \$29.5 billion in State aid to school districts, and significantly increased funding for schools and local governments, including a \$1.4 billion increase in Foundation Aid and a three-year phase-in of the full restoration to school districts of Foundation Aid that was initially promised in 2007. Additionally, the budget included the use of \$13 billion of federal funds for emergency relief, along with the Governor's Emergency Education Relief, which included, in part, the allocation of \$629 million to school districts as targeted grants in an effort to address learning loss as a result of the loss of enrichment and after-school activities. In addition, \$105 million of federal funds were allocated to expand full-day kindergarten programs. Under the budget, school districts were reimbursed for the cost of delivering school meals and instructional materials in connection with COVID-19-related school closures in spring 2020, along with the costs of keeping transportation employees and contractors on stand-by during the short-term school closures prior to the announcement of the closure of schools for the remainder of the 2019-20 year. Under the budget, local governments also received full restoration of proposed cuts to Aid and Incentives for Municipalities (AIM) funding, and full restoration of \$10.3 million in proposed Video Lottery Terminal (VLT) aid cuts, where applicable.

School district fiscal year (2022-2023): The State's 2022-23 Enacted Budget included \$31.5 billion in State funding to school districts for the 2022-23 school year. This represented an increase of \$2.1 billion or 7.2 percent compared to the 2021-22 school year, and included a \$1.5 billion or 7.7 percent Foundation Aid increase. The State's 2022-23 Enacted Budget also included \$14 billion of federal Elementary and Secondary School Emergency Relief and Governor's Emergency Education Relief funds to public schools. This funding, available for use over multiple years, was designed to assist public schools to reopen for in-person instruction, address learning loss, and respond to students' academic, social, and emotional needs due to the disruptions of the COVID-19 pandemic. The State's 2022-23 Enacted Budget allocated \$100 million over two years for a new State matching fund for school districts with the highest needs to support efforts to address student well-being and learning loss. In addition, the State's 2022-23 Enacted Budget increased federal funds by \$125 million to expand access to full-day prekindergarten programs for four-year-old children in school districts statewide in the 2022-23 school year.

School District fiscal year (2023-2024): The State’s 2023-24 Enacted Budget Included \$34.5 billion for school aid, an increase of \$3.1 billion or 10%, which was the highest level of State aid to date. The States 2023-24 Budget also provided a \$2.6 billion increase in Foundation Aid, fully funding the program for the first time in history. The State’s 2023-24 Enacted Budget provided \$134 million to increase access to free school meals. An additional \$20 million in grant funding established new Early College High School and Pathways in Technology Early College High School Programs. An investment of \$10 million over two years in competitive funding for school districts, boards of cooperative educational services, and community colleges will be made to promote job readiness. An additional \$150 million will be used to expand high-quality full-day prekindergarten, resulting in universal prekindergarten to be phased into 95% of the State.

School district fiscal year (2024-25): The State’s 2024-25 Enacted Budget provides \$35.9 billion in State funding to school districts for the 2024-25 school year, the highest level of State aid ever. This represents an increase of \$1.3 billion compared to the 2023-24 school year and includes a \$934 million or 3.89 percent Foundation Aid increase. The State’s 2024-25 Enacted Budget maintains the “save harmless” provision, which currently ensures a school district receives at least the same amount of Foundation Aid as it received in the prior year. The State’s 2024-25 Enacted Budget also authorizes a comprehensive study by the Rockefeller Institute and the State Department of Education to develop a modernized school funding formula.

State Aid Litigation

In January 2001, the State Supreme Court issued a decision in *Campaign for Fiscal Equity v. New York* (“CFE”) mandating that the system of apportionment of State aid to school districts within the State be restructured by the Governor and the State Legislature. On June 25, 2002, the Appellate Division of the State Supreme Court reversed that decision. On June 26, 2003, the State Court of Appeals, the highest court in the State, reversed the Appellate Division, holding that the State must, by July 30, 2004, ascertain the actual cost of providing a sound basic education, enact reforms to the system of school funding and ensure a system of accountability for such reforms. The Court of Appeals further modified the decision of the Appellate Division by deciding against a Statewide remedy and instead limited its ruling solely to the New York City school system.

After further litigation, on appeal in 2006, the Court of Appeals held that \$1.93 billion of additional funds for the New York City schools – as initially proposed by the Governor and presented to the Legislature as an amount sufficient to provide a sound basic education – was reasonably determined. State legislative reforms in the wake of the *CFE* decision included increased accountability for expenditure of State funds and collapsing over 30 categories of school aid for school districts in the State into one classroom operating formula referred to as Foundation Aid. The stated purpose of Foundation Aid is to prioritize funding distribution based upon student need. As a result of the Court of Appeals ruling schools were to receive \$5.5 billion increase in Foundation Aid over a four fiscal year phase-in covering 2007 to 2011.

A case related to the *Campaign for Fiscal Equity, Inc. v. State of New York* was heard on appeal on May 30, 2017 in *New Yorkers for Students’ Educational Rights v. State of New York* (“*NYSER*”) and a consolidated case on the right to a sound basic education. The *NYSER* lawsuit asserts that the State has failed to comply with the original decision in the Court of Appeals in the *CFE* case, and asks the Court of Appeals to require the State to develop new methodologies, formulas and mechanisms for determining State aid, to fully fund the foundation aid formula, to eliminate the supermajority requirement for voter approval of budgets which increase school district property tax levies above the property tax cap limitation, and related matters. On June 27, 2017, the Court of Appeals held that the plaintiffs’ causes of action were properly dismissed by the earlier Appellate Division decision except insofar as two causes of action regarding accountability mechanisms and sufficient State funding for a “sound basic education” as applicable solely to the school districts in New York City and Syracuse. The Court emphasized its previous ruling in the *CFE* case that absent “gross education inadequacies”, claims regarding state funding for a “sound basic education” must be made on a district-by-district basis based on the specific facts therein. On October 14, 2021 Governor Hochul announced that New York State reached an agreement to settle and discontinue the *NYSER* case, following through on the State’s commitment to fully fund the current Foundation Aid formula to New York’s school districts over three years and ending the State’s prior opposition to providing such funding. The litigation, which has been ongoing since 2014, sought to require New York State to fully fund the Foundation Aid formula that was put into place following the *CFE* cases, and had been previously opposed by the State. Foundation Aid was created in 2007 and takes school district wealth and student need into account to create an equitable distribution of state funding to schools, however, New York State has never fully funded Foundation Aid. The new settlement requires New York State to phase-in full funding of Foundation Aid by the FY 2024 budget. In the FY 2022 Enacted State Budget approved in April 2022, the Executive and Legislature agreed to fully fund Foundation Aid by the FY 2024 budget and enacted this commitment into law. A breakdown of currently anticipated Foundation Aid funding is available below:

- FY 2022: \$19.8 billion, covering 30% of the existing shortfall.
- FY 2023: Approximately \$21.3 billion, covering 50% of the anticipated shortfall.
- FY 2024: Approximately \$23.2 billion, eliminating the anticipated shortfall, and funding the full amount of Foundation Aid for all school districts.

The foundation aid formula is being reviewed for potential revisions. Any revisions to the formula could result in less State aid to the District.

State Aid Revenues

The following table illustrates the percentage of total General Fund revenues of the School District for each of the last five completed fiscal years and budgeted figures for the current fiscal year comprised of State aid.

<u>Fiscal Year</u>	<u>Total Revenues</u>	<u>Total State Aid</u>	<u>Percentage of Total Revenues Consisting of State Aid</u>
2018-2019	\$ 17,943,823	\$ 10,942,150	60.98%
2019-2020	18,701,195	11,521,912	61.61
2020-2021	19,295,646	11,781,060	61.06
2021-2022	19,918,901	12,656,674	63.54
2022-2023	21,309,356	13,538,206	63.53
2023-2024	23,287,027	15,065,623	64.70
2024-2025 (Budgeted)	24,292,902	15,706,809	64.66

Status and Financing of Employee Pension Benefits

Substantially all employees of the District are members of either the New York State and Local Employees' Retirement System ("ERS") (for non-teaching and non-certified administrative employees) or the New York State Teachers' Retirement System ("TRS") (for teachers and certified administrators). (Both Systems are referred to together hereinafter as the "Retirement Systems" where appropriate.) These Retirement Systems are cost-sharing multiple public employer retirement systems. The obligation of employers and employees to contribute and the benefits to employees are governed by the New York State Retirement and Social Security Law (the "Retirement System Law"). The Retirement Systems offer a wide range of plans and benefits which are related to years of service and final average salary, vesting of retirement benefits, death and disability benefits and optional methods of benefit payments. All benefits generally had vested after ten years of credited service; however, this was changed to five years as of April 9, 2022. The Retirement System Law generally provides that all participating employers in each retirement system are jointly and severally liable for any unfunded amounts. Such amounts are collected through annual billings to all participating employers. Generally, all employees, except certain part-time employees, participate in the Retirement Systems. The Retirement Systems are non-contributory with respect to members hired prior to July 27, 1976. All members working less than ten years must contribute 3% (ERS) or 3.5% (TRS) of gross annual salary towards the cost of retirement programs.

On December 12, 2009, a new Tier V was signed into law. The legislation created a new Tier V pension level, the most significant reform of the State's pension system in more than a quarter-century. Key components of Tier V include:

- Raising the minimum age at which most civilians can retire without penalty from 55 to 62 and imposing a penalty of up to 38% for any civilian who retires prior to age 62.
- Requiring ERS employees to continue contributing 3% of their salaries and TRS employees to continue contributing 3.5% toward pension costs so long as they accumulate additional pension credits.
- Increasing the minimum years of service required to draw a pension from 5 years to 10 years, which has since been changed to 5 years as of April 9, 2022 (for both Tier V and Tier VI).
- Capping the amount of overtime that can be considered in the calculation of pension benefits for civilians at \$15,000 per year, and for police and firefighters at 15% of non-overtime wages.

On March 16, 2012, a new Tier VI pension program was signed into law, effective for new ERS and TRS employees hired after April 1, 2012. The Tier VI legislation provides for increased employee contribution rates of between 3% and 6%, an increase in the retirement age from 62 years to 63 years, a readjustment of the pension multiplier, and a change in the time period for the final average salary calculation from 3 years to 5 years. Tier VI employees would vest in the system after ten years of employment; and employees will continue to make employee contribution throughout employment. As of April 9, 2022, vesting requirements were modified, resulting in employees becoming vested after five years.

The District is required to contribute at an actuarially determined rate. The actual contributions for the last five years and the budgeted figures for the 2024-25 fiscal year are as follows:

<u>Fiscal Year</u>	<u>TRS</u>	<u>ERS</u>
2019-2020	\$ 510,721	\$ 283,774
2020-2021	521,093	273,289
2021-2022	561,293	269,387
2022-2023	518,803	265,508
2023-2024	652,834	308,876
2024-2025 (Budgeted)	757,177	442,162

Source: 2019 through 2024 audited financial statements and 2024-25 budgeted figures of the District. This table is not audited.

Pursuant to various laws enacted between 1991 and 2002, the State Legislature authorized local governments to make available certain early retirement incentive programs to its employees. The School District currently has early retirement incentive programs.

The District offered early retirement incentives for the last five years as follows:

<u>Fiscal Year</u>	<u>Staff Participants</u>	<u>Replacement Cost</u>	<u>Savings</u>
2020-2021	6	\$ 176,676	\$ 296,985
2021-2022	3	103,664	96,532
2022-2023	4	152,638	186,274
2023-2024	4	240,269	130,849
2024-2025	2	87,869	39,510

Historical Trends and Contribution Rates. Historically there has been a State mandate requiring full (100%) funding of the annual actuarially required local governmental contribution out of current budgetary appropriations. With the strong performance of the Retirement System in the 1990s, the locally required annual contribution declined to zero. However, with the subsequent decline in the equity markets, the pension system became underfunded. As a result, required contributions increased substantially to 15% to 20% of payroll for the employees' and the police and fire retirement systems, respectively. Wide swings in the contribution rate resulted in budgetary planning problems for many participating local governments.

A chart of average ERS and TRS rates as a percent of payroll (2020 to 2025) is shown below:

<u>Year</u>	<u>ERS</u>	<u>TRS</u>
2019-20	14.6%	8.86%
2020-21	14.6	9.53
2021-22	16.2	9.80
2022-23	16.1	10.29
2023-24	13.1	9.76
2024-25	15.2	10.11

In 2003, Chapter 49 of the Laws of 2003 amended the Retirement and Social Security Law and the Local Finance Law. The amendments empowered the State Comptroller to implement a comprehensive structural reform program for ERS. The reform program established a minimum contribution for any local governmental employer equal to 4.5% of pensionable salaries for bills which were due December 15, 2003 and for all fiscal years thereafter, as a minimum annual contribution where the actual rate would otherwise be 4.5% or less due to the investment performance of the fund. In addition, the reform program instituted a billing system to match the budget cycle of municipalities and school districts that will advise such employers over one year in advance concerning actual pension contribution rates for the next annual billing cycle. Under the previous method, the requisite ERS contributions for a fiscal year could not be determined until after the local budget adoption process was complete. Under the new system, a contribution for a given fiscal year is based on the valuation of the pension fund on the prior April 1 of the calendar year preceding the contribution due date instead of the following April 1 in the year of contribution so that the exact amount may now be included in a budget.

Chapter 57 of the Laws of 2010 (Part TT) amended the Retirement and Social Security Law to authorize participating employers, if they so elect, to amortize an eligible portion of their annual required contributions to ERS when employer contribution rates rise above certain levels. The option to amortize the eligible portion began with the annual contribution due February 1, 2011. The amortizable portion of an annual required contribution is based on a “graded” rate by the State Comptroller in accordance with formulas provided in Chapter 57. Amortized contributions are to be paid in equal annual installments over a ten-year period, but may be prepaid at any time. Interest is to be charged on the unpaid amortized portion at a rate to be determined by State Comptroller, which approximates a market rate of return on taxable fixed rate securities of a comparable duration issued by comparable issuers. The interest rate is established annually for that year’s amortized amount and then applies to the entire ten years of the amortization cycle of that amount. When in any fiscal year, the participating employer’s graded payment eliminates all balances owed on prior amortized amounts, any remaining graded payments are to be paid into an employer contribution reserve fund established by the State Comptroller for the employer, to the extent that amortizing employer has no currently unpaid prior amortized amounts, for future such use.

The District is not amortizing any pension payments nor does it intend to do so in the foreseeable future.

Stable Rate Pension Contribution Option: The 2013-14 State Budget included a provision that provides local governments and school districts, including the District, with the option to “lock-in” long-term, stable rate pension contributions for a period of years determined by the State Comptroller and ERS and TRS. The stable rates would be 12% for ERS and 14% for TRS. The pension contribution rates under this program would reduce near-term payments for employers, but will require higher than normal contributions in later years.

The District did not participate in the Stable Rate Pension Contribution Option nor does it intend to do so in the foreseeable future.

The State’s 2019-2020 Enacted Budget, which was signed into law as Chapter 59 of the Laws of 2019, includes a provision that will allow school districts in the State to establish a reserve fund for the purpose of funding the cost of TRS contributions, as a sub-fund of retirement contribution reserve funds presently authorized for amounts payable to the ERS by a school district. School districts will be permitted to pay into such reserve fund during any particular fiscal year, an amount not to exceed two percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year; provided that the balance of such fund may not exceed ten percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year. As of the date of this Continuing Disclosure Statement, the District has not yet determined if it will establish such a fund.

Retirement System Assumptions. The investment of monies and assumptions underlying same, of the Retirement Systems covering the School District’s employees is not subject to the direction of the School District. Thus, it is not possible to predict, control or prepare for future unfunded accrued actuarial liabilities of the Retirement Systems (“UAALs”). The UAAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, increases in retirement benefits, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAALs could be substantial in the future, requiring significantly increased contributions from the School District which could affect other budgetary matters. Concerned investors should contact the Retirement Systems administrative staff for further information on the latest actuarial valuations of the Retirement Systems.

Other Post Employment Benefits

Healthcare Benefits. It should also be noted that the District provides employment healthcare benefits to various categories of former employees. These costs may be expected to rise substantially in the future. There is now an accounting rule that requires governmental entities, such as the District, to account for employment healthcare benefits as it accounts for vested pension benefits.

School districts and Boards of Cooperative Educational Services, unlike other municipal units of government in the State, have been prohibited from reducing health benefits received by or increasing health care contributions paid by retirees below the level of benefits or contributions afforded to or required from active employees since the implementation of Chapter 729 of the Laws of 1994. Legislative attempts to provide similar protection to retirees of other local units of government in the State have not succeeded as of this date. Nevertheless, many such retirees of all varieties of municipal units in the State do presently receive such benefits.

OPEB. OPEB refers to "other post-employment benefits," meaning other than pension benefits, disability benefits and OPEB consist primarily of health care benefits, and may include other benefits such as disability benefits and life insurance. Until now, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements.

GASB 75. In 2015, the Governmental Accounting Standards Board ("GASB") released new accounting standards for public Other Post-Employment Benefits ("OPEB") plans and participating employers. These standards, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* ("GASB 75"), have substantially revised the valuation and accounting requirements previously mandated under GASB Statements No. 43 and 45. The District implemented GASB 75. The implementation of this statement requires District's to report OPEB liabilities, OPEB expenses, deferred outflow of resources and deferred inflow of resources related to OPEB. GASB Statement No. 75 replaced GASB Statement 45, which also required the District to calculate and report a net OPEB obligation. However, under GASB 45 districts could amortize the OPEB liability over a period of years, whereas GASB 75 requires districts to report the entire OPEB liability on the statement of net position.

The following outlines the changes to the total OPEB liability during the 2023 and 2024 fiscal years, by source.

	Balance beginning at July 1:	2022	2023
<u>Changes for the year:</u>		<u>\$ 4,394,116</u>	<u>\$ 4,631,629</u>
Service cost		246,228	302,631
Interest on OPEB liability		160,309	175,524
Changes to benefit terms		-	981
Difference between expected and actual experience		-	781,204
Changes in assumptions or other inputs		56,615	(127,426)
Benefit payments		<u>(225,639)</u>	<u>(253,014)</u>
Net Changes		<u>\$ 237,513</u>	<u>\$ 879,900</u>
	Balance ending at June 30:	2023	2024
		<u>\$ 4,631,629</u>	<u>\$ 5,511,529</u>

Note: The above table is not audited. For additional information see "APPENDIX – C" attached hereto.

The District's unfunded actuarial accrued OPEB liability could have a material adverse impact upon the District's finances and could force the District to reduce services, raise taxes or both.

There is no authority in current State law to establish a trust account or reserve fund for this liability. The District has reserved \$0 towards its OPEB liability. The District funds this liability on a pay-as-you-go basis.

Other Information

The statutory authority for the power to spend money is the Education Law and the Local Finance Law.

The District is in compliance with the estoppel procedure for the Notes as recommended by Bond Counsel.

No principal or interest upon any obligation of the School District is past due.

The fiscal year of the School District is July 1 to June 30.

Except to the extent shown in the section "STATUS OF INDEBTEDNESS – Estimated Overlapping Indebtedness", this Continuing Disclosure Statement does not include the financial data of any political subdivision having power to levy taxes within the District.

Financial Statements

The School District retains independent Certified Public Accountants. The last audit report covers the period ending June 30, 2024 and has been filed with the Electronic Municipal Market Access ("EMMA") website. It is also attached hereto as "APPENDIX-C" to this Official Statement. Certain financial information of the School District can also be found attached as Appendices to the Continuing Disclosure Statement.

The School District complies with the Uniform System of Accounts as prescribed for School Districts in New York State by the State. This system differs from generally accepted accounting principles as prescribed by the American Institute of Certified Public Accountants' Industry Audit Guide, "Audits of State and Local Governmental Units", and codified in Government Accounting, Auditing and Financial Reporting (GAAFR), published by the Governmental Accounting Standards Board (GASB).

Beginning with the fiscal year ending June 30, 2004, the District has prepared its financial statements in accordance with GASB Statement No. 34. This statement requires reporting of all assets, including infrastructure and depreciation in the Government Wide Statement of Activities, as well as a Management’s Discussion and Analysis section.

New York State Comptroller Report of Examination

The State Comptroller's office, i.e., the Department of Audit and Control, periodically performs a compliance review to ascertain whether the District has complied with the requirements of various State and Federal statutes. These audits can be found by visiting the Audits of Local Governments section of the Office of the State Comptroller website.

The State Comptroller’s office released its most recent audit report of the District on October 8, 2021. The purpose of the audit was to determine whether Bainbridge-Guilford Central School District (District) officials adequately managed network user accounts for the period July 1, 2019 through April 22, 2021.

Key Findings:

- District officials did not adequately manage network user accounts. The State Comptroller’s office identified 66 unneeded user accounts including 52 generic accounts and 14 former employees’ accounts.
- District officials adequately managed network administrative permissions.

Key Recommendations:

- Disable former employees’ network user accounts as soon as they leave District employment.
- Periodically evaluate existing network user accounts, including generic accounts and disable any deemed unneeded.

The District provided a complete response to the State Comptroller’s office on September 28, 2021. A copy of the complete report and response can be found via the website of the Office of the New York State Comptroller.

There are no other State Comptrollers audits of the District that are currently in progress or pending release.

The State Comptroller’s Fiscal Stress Monitoring System

The New York State Comptroller has reported that New York State’s school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System (“FSMS”) to provide independent, objectively measured and quantifiable information to school district and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State’s school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school district’s ST-3 report filed with the State Education Department annually, and each municipality’s annual report filed with the State Comptroller. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in “significant fiscal stress”, in “moderate fiscal stress,” as “susceptible to fiscal stress” or “no designation”. Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of “no designation.” This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity’s financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The classification of the District for the three most recent available fiscal years are as follows:

<u>Fiscal Year Ending In</u>	<u>Stress Designation</u>	<u>Fiscal Score</u>
2023	No Designation	0.0
2022	No Designation	0.0
2021	No Designation	3.3

Note: The State Comptroller’s assessment of the District for fiscal year ending June 30, 2024 is not available as of the date of this Official statement

Tax Collection Procedure

In September each year, taxes will be collected during the first thirty (30) days with no penalty, during the second thirty (30) days with a two (2%) percent penalty and for at least one day in November with a three (3%) percent penalty. Uncollected taxes will be returned to the applicable County Treasurer by November 15th for collection. The School District receives the uncollected amounts from the Counties prior to the end of the School District's fiscal year, thereby assuring 100% tax collection annually. Tax sales are held annually by the Counties.

Tax Levy and Tax Collection Record

<u>Fiscal Year Ending June 30:</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>	<u>2024</u>	<u>2025</u>
Total Tax Levy	\$ 6,706,790	\$ 6,789,108	\$ 6,921,638	\$ 7,049,513	\$ 7,241,777

STAR – School Tax Exemption

The STAR (School Tax Relief) program provides State-funded exemptions from school property taxes to homeowners for their primary residences. School districts are reimbursed by the State for real property taxes exempted pursuant to the STAR Program. Homeowners over 65 years of age with household adjusted gross incomes, less the taxable amount of total distributions from individual retirement accounts and individual retirement annuities (“STAR Adjusted Gross Income”) of \$98,700 or less in 2023-2024, increased annually according to a cost of living adjustment, are eligible for a “full value” exemption of the first \$81,400 for the 2023-24 school year (adjusted annually). Other homeowners with household STAR Adjusted Gross income not in excess of \$250,000 (\$500,000 in the case of a STAR credit, as discussed below) are eligible for a \$30,000 “full value” exemption on their primary residence.

The 2019-20 Enacted State Budget made several changes to the STAR program, which went into effect immediately. The changes are intended to encourage homeowners to switch from the STAR exemption to the STAR credit. The income limit for the exemption was lowered to \$250,000, compared with a \$500,000 limit for the credit. The amount received for the STAR exemption will remain the same each year, while the amount of the STAR credit can increase up to two percent annually. Homeowners with STAR Adjusted Gross Income of \$250,000 or less have the option to select the credit or the exemption.

The 2020-21 Enacted State Budget further modified the STAR program. Under such legislation, property owners with property tax delinquencies greater than one year are not eligible for the Basic STAR exemption or the Basic STAR credit. Recipients of the Enhanced STAR exemptions and credits are not impacted by this program; they may continue to receive STAR benefits even if their property taxes are delinquent. While former Governor Cuomo had issued various Executive Orders in response to COVID-19 pandemic that temporarily precluded the State Tax Department from disallowing STAR exemptions or credits, the most recent of such Executive Orders expired on July 5, 2021.

The 2022-23 Enacted State Budget provided \$2.2 billion in State funding for a new one-year property tax relief credit, the Homeowner Tax Rebate Credit, for eligible low- and middle-income households, as well as eligible senior households. Under this program, basic STAR exemption and credit beneficiaries with incomes below \$250,000 and Enhanced STAR recipients are eligible for the property tax rebate where the benefit is a percentage of the homeowners’ existing STAR benefit.

The below table lists the basic and enhanced exemption amounts for the 2024-25 District tax roll for the municipalities applicable to the District:

<u>Towns of:</u>	<u>Enhanced Exemption</u>	<u>Basic Exemption</u>	<u>Date Certified</u>
Afton	\$ 42,020	\$ 15,300	4/9/2024
Bainbridge	67,200	24,000	4/9/2024
Coventry	71,400	25,500	4/9/2024

\$789,501 of the District’s \$7,049,513 school tax levy for the 2023-2024 fiscal year was exempted by the STAR Program. The District received full reimbursement of such exempt taxes from the State in January 2024.

Approximately \$754,836 of the District’s \$7,241,777 school tax levy for the 2024-2025 fiscal year is expected to be exempt by the STAR Program. The District anticipates receiving full reimbursement of such exempt taxes from the State by January, 2025

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK

Additional Tax Information

Real property located in the School District is assessed by the towns.

Senior citizens' exemptions are offered to those who qualify.

Total assessed valuation of the School District is estimated to be categorized as follows: Agricultural-4.0%, Residential-65.2%, Vacant-7.0%, Commercial-6.4%, Recreational-1.0%, Community-4.5%, Industrial-3.4%, for Public Services-6.6% and Conservation Lands-1.7%

The estimated total annual property tax bill of a \$100,000 market value residential property located in the School District is approximately \$3,710 including County, Town or Village, School District and Fire District taxes.

TAX LEVY LIMITATION LAW

On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor ("Chapter 97" or the "Tax Levy Limitation Law"). The Tax Levy Limitation Law applies to all local governments, including school districts (with the exception of New York City, and the counties comprising New York City and school districts in New York City, Buffalo, Rochester, Syracuse, and Yonkers, the latter four of which are indirectly affected by applicability to their respective City.)

Prior to the enactment of the Tax Levy Limitation Law, there was no statutory limitation on the amount of real property taxes that a school district could levy as part of its budget if its budget had been approved by a simple majority of its voters. In the event the budget had been defeated by the voters, the school district was required to adopt a contingency budget. Under a contingency budget, school budget increases were limited to the lesser of four percent (4%) of the prior year's budget or one hundred twenty percent (120%) of the consumer price index ("CPI").

Chapter 97 requires that a school district submit its proposed tax levy to the voters each year beginning with the 2012-2013 fiscal year.

Chapter 97 restricts, among other things, the amount of real property taxes that may be levied by or on behalf of a school district in a particular year. It was set to expire on June 15, 2020; legislation has since made it permanent. Pursuant to the Tax Levy Limitation Law, the tax levy of a school district cannot increase by more than the lesser of (i) two percent (2%) or (ii) the annual increase in the CPI, over the amount of the prior year's tax levy. Certain adjustments are permitted for taxable real property full valuation increases due to changes in physical or quantity growth in the real property base as defined in Section 1220 of the Real Property Tax Law. A school district can exceed the tax levy limitation for the coming fiscal year only if the voters of such school district first approve a tax levy by at least 60% affirmative vote of those voting to override such limitation for such coming fiscal year only. Tax levies that do not exceed the limitation will only require approval by at least 50% of those voting. In the event that the voters reject a tax levy and the district does not go out for a second vote, or if a second vote is likewise defeated, Chapter 97 provides that the tax levy for the new fiscal year may not exceed the tax levy for the prior fiscal year.

A school district's calculation of each fiscal year's tax levy limit is subject to review by the Commissioner of Education and the Commissioner of Taxation and Finance prior to adoption of each fiscal year budget.

There are exceptions for school districts to the tax levy limitation provided in Chapter 97, including expenditures made on account of certain tort settlements and certain increases in the average actuarial contribution rates of the New York State and Local Employees' Retirement System and the Teachers' Retirement System. School districts are also permitted to carry forward a certain portion of their unused levy limitation from a prior year.

There is also an exception for school districts for "Capital Local Expenditures" subject to voter approval where required by law. This term is defined in a manner that does not include certain items for which a school district may issue debt, including the payment of judgments or settled claims, including tax certiorari payments, and cashflow borrowings, including tax anticipation notes, revenue anticipation notes, budget notes and deficiency notes. "Capital Local Expenditures", are defined as "the taxes associated with budgeted expenditures resulting from the financing, refinancing, acquisition, design, construction, reconstruction, rehabilitation, improvement, furnishing and equipping of or otherwise providing for school district capital facilities or school district capital equipment, including debt service and lease expenditures, and transportation capital debt service, subject to the approval of the qualified voters where required by law". The portion of the tax levy necessary to support "Capital Local Expenditures" is defined as the "Capital Tax Levy", and is an exclusion from the tax levy limitation, applicable to the Bonds and Notes.

See “State Aid” for a discussion of the New Yorkers for Students’ Educational Rights v. State of New York case which includes a challenge to the supermajority requirements regarding school district property tax increases.

Reductions in federal funding levels could have a materially adverse impact on the State budget. In addition to the potential fiscal impact of policies that may be proposed and adopted by the federal administration and Congress, the State budget may be adversely affected by other actions taken by the federal government, including audits, disallowances, and changes to federal participation rates or other Medicaid rules.

STATUS OF INDEBTEDNESS

Constitutional Requirements

The New York State Constitution and Local Finance Law limit the power of the School District (and other municipalities and certain school districts of the State) to issue obligations and to otherwise contract indebtedness. Such constitutional and statutory limitations in summary form, and as generally applicable to the School District and the Notes, include the following:

Purpose and Pledge. The School District shall not give or loan any money or property to or in aid of any individual or private corporation or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The School District may contract indebtedness only for a school district purpose and shall pledge its faith and credit for the payment of the principal of and interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid within three fiscal year periods, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the expiration of the period of probable usefulness of the object or purpose as determined by statute. The School District is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds and such required annual installments on its Notes.

Statutory Procedure

In general, the State Legislature has, by the enactment of the Local Finance Law, authorized the powers and procedure for the School District to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Education Law.

Debt Limit. The School District has the power to contract indebtedness for any school district purpose authorized by the legislature of the State of New York provided the aggregate principal amount thereof shall not exceed ten per centum of the full valuation of the taxable real estate of the School District and subject to certain enumerated deductions and exclusions set forth in the Local Finance Law. The constitutional method for determining average full valuation is by taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the ratio (equalization ratio) which such assessed valuation bears to the full valuation; such ratio is determined by the State Office of Real Property Services.

The School District is generally required by such laws to submit propositions for the expenditure of money for capital purposes to the qualified electors of the District. Upon approval thereby, the Board of Education may adopt a bond resolution authorizing the issuance of bonds, and notes in anticipation of the bonds. No down payment is required in connection with the issuance of District obligations.

Each bond resolution usually authorizes the construction, acquisition or installation of the object or purpose to be financed, sets forth the plan of financing and specifies the maximum maturity of the bonds subject to the legal (Constitution, Local Finance Law and case law) restrictions relating to the period of probable usefulness with respect thereto.

The Local Finance Law also provides that where a bond resolution is published with a statutory form of notice, the validity of the bonds authorized thereby, including bond anticipation notes issued in anticipation of the sale thereof, may be contested only if:

- (1) Such obligations are authorized for a purpose for which the School District is not authorized to expend money, or
- (2) There has not been substantial compliance with the provisions of law which should have been complied within the authorization of such obligations

and an action contesting such validity, is commenced within twenty days after the date of such publication or,

(3) Such obligations are authorized in violation of the provisions of the Constitution.

The School District has complied with this estoppel procedure in connection with the Notes.

The Board of Education, as the finance board of the School District, has the power to enact bond resolutions. In addition, such finance board has the power to authorize the sale and issuance of obligations. However, such finance board may delegate the power to sell the obligations to the President of the Board of Education, the chief fiscal officer of the School District, pursuant to the Local Finance Law.

The School District is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation and contracting indebtedness; however, the State Legislature is prohibited by a specific constitutional provision from restricting the power of the School District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted.

Debt Outstanding End of Fiscal Year

<u>Fiscal Years Ending June 30th:</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>	<u>2024</u>

Details of Outstanding Indebtedness

The following table sets forth the indebtedness of the District evidenced by bonds and notes as of November 21, 2024.

<u>Type of Indebtedness</u>	<u>Maturity</u>	<u>Amount</u>
<u>Bonds</u>	2025-2026	\$ 9,820,000
<u>Bond Anticipation Notes</u>		
Bus Purchase	September 25, 2025	<u>751,337</u>
	Total Indebtedness:	<u>\$ 10,571,337</u>

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK

Debt Statement Summary

Summary of Indebtedness, Debt Limit and Net Debt-Contracting Margin as of November 21, 2024:

Full Valuation of Taxable Real Property	\$	439,719,031
Debt Limit 10% thereof		43,971,903

Inclusions:

Bonds.....	\$	9,820,000
Bond Anticipation Notes (BANs):.....		<u>751,337</u>
Total Inclusions prior to issuance of the Notes		<u>10,571,337</u>
Less: BANs being redeemed from appropriations		0
Add: New money proceeds of the Notes		<u>3,620,000</u>
Total Net Inclusions after issuance of the Notes	\$	14,191,337

Exclusions:

State Building Aid ⁽¹⁾	\$	<u>0</u>
Total Exclusions.....	\$	<u>0</u>

Total Net Indebtedness <u>after issuance of the Notes</u>	\$	<u>14,191,337</u>
Net Debt-Contracting Margin	\$	<u>29,780,566</u>
The percent of debt contracting power exhausted is		32.27%

⁽¹⁾ Pursuant to the Provisions of Chapter 760 of the Laws of New York State of 1963, the School District receives aid on existing bonded debt. Since the gross indebtedness of the School District is within the debt limit, the School District is not required to apply for a Building Aid Estimate. Over the years the building aid ratio has been adjusted based on State legislative changes with an effective date tied to voter authorization dates. Based on preliminary 2024-25 Building Aid Ratios, the School District anticipates State building aid of 88.1% for debt service on SED approved expenditures from July 1, 2004 to the present. The School District has no reason to believe that it will not ultimately receive all of the building aid it anticipates, however, no assurance can be given as to when and how much building aid the School District will receive in relation to its capital project indebtedness.

Note: The State Constitution does not provide for the inclusion of tax anticipation or revenue anticipation notes in the computation of the net indebtedness of the District.

Summary does not include Lease Obligations of the District.

Bonded Debt Service

A schedule of bonded debt service may be found in “APPENDIX – B” to this Official Statement.

Capital Project Plans

The District typically issues bond anticipation notes on an annual basis to finance the purchase of school buses. On May 21, 2024, the qualified voters of the District approved a proposition for the purchase of two school buses at a cost not to exceed \$320,000. The District issued \$751,337 bond anticipation notes on September 26, 2024 maturing September 25, 2025 to finance the acquisition of buses, including renewal of outstanding notes issued for the purchase of buses.

On December 7, 2022 the qualified voters of the District approved a proposition for a \$15.4 million capital project. This project is in Phase 1 of construction. Phase 2 has been approved by Facilities Planning, construction is expected to continue through fall of 2025 to complete the project. On March 13, 2024 the District issued \$210,500 as the initial borrowing against this authorization, the District paid off the \$210,500 notes in full, with available funds of the District on June 26, 2024. The proceeds of the Notes represents the second borrowing against this authorization.

Other than as stated above, there are no other capital projects authorized or unissued by the District at this time.

Cash Flow Borrowings

The District historically does not issue tax anticipation notes and/or revenue anticipation notes nor budget or deficiency notes and does not plan to do so in the foreseeable future.

Other Obligations

The District has entered into various lease obligations for equipment. The total payments remaining for such obligations are as follows.

<u>Fiscal Year ended June 30th:</u>	<u>Lease Principal</u>	<u>Lease Interest</u>
2025	\$ 104,690	\$ 14,422
2026	86,553	10,007
2027	60,893	5,839
2028	<u>31,500</u>	<u>2,205</u>
Total lease payments:	<u>\$ 283,636</u>	<u>\$ 32,473</u>

Source: Audited financial statements of the District. Table itself is not audited.

Estimated Overlapping Indebtedness

In addition to the District, the following political subdivisions have the power to issue obligations and to levy taxes or cause taxes to be levied on taxable real property in the District. Estimated bonds and bond anticipation notes are listed as of the close of the respective fiscal years of the below municipalities.

<u>Municipality</u>	<u>Status of Debt as of</u>	<u>Gross Indebtedness</u> ⁽¹⁾	<u>Exclusions</u> ⁽²⁾	<u>Net Indebtedness</u>	<u>District Share</u>	<u>Applicable Indebtedness</u>

(1) Not adjusted to include subsequent issuances, if any, from the date of the status of indebtedness stated in the table above for each respective municipality.

(2) Water debt, sewer debt and budgeted appropriations as applicable to the respective municipality. Water Indebtedness excluded pursuant to Article VIII, Section 5B of the New York State Constitution. Sewer Indebtedness excluded pursuant to Article VIII, Section 5E of the New York State Constitution, as further prescribed under section 124.10 of the Local Finance Law. Appropriations are excluded pursuant to Section 136.00 of the Local Finance Law.

(3) Gross Indebtedness, Exclusions, and Net Indebtedness sourced from annual financial information & operating data filings and/or official statements of the respective municipality.

(4) Gross Indebtedness sourced from local government data provided by the State Comptroller's office dated as of February 13, 2024.

(5) Information regarding excludable debt not available.

Debt Ratios

The following table sets forth certain ratios relating to the District's indebtedness as of November 21, 2024:

	<u>Amount</u>	<u>Per Capita</u> ^(a)	<u>Percentage of Full Value</u> ^(b)
Net Indebtedness ^(c)	\$ 14,191,337	\$ 2,722.30	3.23%
Net Indebtedness Plus Net Overlapping Indebtedness ^(d)	17,210,754	3,301.51	3.91

- (a) The 2022 estimated population of the District is 5,213. (See "THE SCHOOL DISTRICT - Population" herein.)
- (b) The District's full value of taxable real estate for the 2024-2025 tax roll is \$439,719,031. (See "TAX INFORMATION - Taxable Valuations" herein.)
- (c) See "Debt Statement Summary" herein for the calculation of Net Direct Indebtedness.
- (d) Estimated net overlapping indebtedness is \$3,019,417. (See "Estimated Overlapping Indebtedness" herein.)

Note: The above ratios do not take into account State building aid the District will receive for past and current construction building projects.

SPECIAL PROVISIONS AFFECTING REMEDIES UPON DEFAULT

State Aid Intercept for School Districts. In the event of a default in the payment of the principal of and/or interest on the Notes, the State Comptroller is required to withhold, under certain conditions prescribed by Section 99-b of the State Finance Law, state aid and assistance to the School District and to apply the amount thereof so withheld to the payment of such defaulted principal and/or interest, which requirement constitutes a covenant by the State with the holders from time to time of the Notes. The covenant between the State of New York and the purchasers and the holders and owners from time to time of the notes and bonds issued by the school districts in the State for school purposes provides that it will not repeal, revoke or rescind the provisions of Section 99-b, or amend or modify the same so as to limit, impair or impede the rights and remedies granted thereby.

Said section provides that in the event a holder or owner of any bond issued by a school district for school purposes shall file with the State Comptroller a verified statement describing such bond and alleging default in the payment thereof or the interest thereon or both, it shall be the duty of the State Comptroller to immediately investigate the circumstances of the alleged default and prepare and file in his office a certificate setting forth his determinations with respect thereto and to serve a copy thereof by registered mail upon the chief fiscal officer of the school district which issued the bond. Such investigation by the State Comptroller shall cover the current status with respect to the payment of principal of and interest on all outstanding bonds of such school district issued for school purposes and the statement prepared and filed by the State Comptroller shall set forth a description of all such bonds of the school district found to be in default and the amount of principal and interest thereon past due.

Upon the filing of such a certificate in the office of the State Comptroller, he shall thereafter deduct and withhold from the next succeeding allotment, apportionment or payment of such State aid or assistance due to such school district such amount thereof as may be required to pay (a) the school district's contribution to the State teachers retirement system, and (b) the principal of and interest on such bonds of such school district then in default. In the event such State aid or assistance initially so withheld shall be insufficient to pay said amounts in full, the State Comptroller shall similarly deduct and withhold from each succeeding allotment, apportionment or payment of such State aid or assistance due such school district such amount or amounts thereof as may be required to cure such default. Allotments, apportionments and payments of such State aid so deducted or withheld by the State Comptroller for the payment of principal and interest on bonds shall be forwarded promptly to the paying agent or agents for the bonds in default of such school district for the sole purpose of the payment of defaulted principal of and interest on such bonds. If any of such successive allotments, apportionments or payments of such State Aid so deducted or withheld shall be less than the amount of all principal and interest on the bonds in default with respect to which the same was so deducted or withheld, then the State Comptroller shall promptly forward to each paying agent an amount in the proportion that the amount of such bonds in default payable to such paying agent bears to the total amount of the principal and interest then in default on such bonds of such school district. The State Comptroller shall promptly notify the chief fiscal officer of such school district of any payment or payments made to any paying agent or agents of defaulted bonds pursuant to said Section 99-b.

General Municipal Law Contract Creditors' Provision. Each Note when duly issued and paid for will constitute a contract between the School District and the holder thereof. Under current law, provision is made for contract creditors of the School District to enforce payments upon such contracts, if necessary, through court action. Section 3-a of the General Municipal Law provides, subject to exceptions not pertinent, that the rate of interest to be paid by the School District upon any judgment or accrued claim against it on an amount adjudged due to a creditor shall not exceed nine per centum per annum from the date due to the date of payment. This provision might be construed to have application to the holders of the Notes in the event of a default in the payment of the principal of and interest on the Notes.

Execution/Attachment of Municipal Property. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment, although judicial mandates have been issued to officials to appropriate and pay judgments out of certain funds or the proceeds of a tax levy. In accordance with the general rule with respect to municipalities, judgments against the School District may not be enforced by levy and execution against property owned by the School District.

Authority to File for Municipal Bankruptcy. The Federal Bankruptcy Code allows public bodies, such as municipalities, recourse to the protection of a Federal Court for the purpose of adjusting outstanding indebtedness. Section 85.80 of the Local Finance Law contains specific authorization for any municipality in the State or its emergency control board to file a petition under any provision of Federal bankruptcy law for the composition or adjustment of municipal indebtedness. While this Local Finance Law provision does not apply to school districts, there can be no assurance that it will not be made so applicable in the future.

Constitutional Non-Appropriation Provision. There is in the Constitution of the State, Article VIII, Section 2, the following provision relating to the annual appropriation of monies for the payment of due principal of and interest on indebtedness of every county, city, town, village and school district in the State: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness." This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. See "General Municipal Law Contract Creditors' Provision" herein.

The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes or bond anticipation notes.

Default Litigation. In prior years, certain events and legislation affecting a holder's remedies upon default have resulted in litigation. While courts of final jurisdiction have upheld and sustained the rights of bondholders, such courts might hold that future events including financial crises as they may occur in the State and in political subdivisions of the State require the exercise by the State or its political subdivisions of emergency and police powers to assure the continuation of essential public services prior to the payment of debt service.

No Past Due Debt. No principal of or interest on School District indebtedness is past due. The School District has never defaulted in the payment of the principal of and interest on any indebtedness.

MARKET AND RISK FACTORS

There are various forms of risk associated with investing in the Notes. The following is a discussion of certain events that could affect the risk of investing in the Notes. In addition to the events cited herein, there are other potential risk factors that an investor must consider. In order to make an informed investment decision, an investor should be thoroughly familiar with the entire Official Statement, including its appendices, as well as all areas of potential risk.

The financial condition of the District as well as the market for the Notes could be affected by a variety of factors, some of which are beyond the District's control. There can be no assurance that adverse events in the State or in other jurisdictions in the country, including, for example, the seeking by a municipality or large taxable property owner of remedies pursuant to the Federal Bankruptcy Code or otherwise, will not occur which might affect the market price of and the market for the Notes. If a significant default or other financial crisis should occur in the affairs of the State or any of its agencies or political subdivisions thereby further impairing the acceptability of obligations issued by borrowers within the State, both the ability of the District to arrange for additional borrowings, and the market for and market value of outstanding debt obligations, including the Notes, could be adversely affected.

The District is dependent in part on financial assistance from the State. However, if the State should experience difficulty in borrowing funds in anticipation of the receipt of State taxes in order to pay State aid to municipalities and school districts in the State, including the District, in any year, the District may be affected by a delay, until sufficient taxes have been received by the State to make State aid payments to the District. In several recent years, the District has received delayed payments of State aid which resulted from the State's delay in adopting its budget and appropriating State aid to municipalities and school districts, and consequent delay in State borrowing to finance such appropriations. (See also "THE SCHOOL DISTRICT - State Aid").

The enactment and continued implementation of the Tax Levy Limitation Law, which imposes a tax levy limitation upon municipalities, school districts and fire districts in the State, including the District could have an impact upon the market price of the Notes. See "Tax Levy Limitation Law" herein.

Future legislative proposals, if enacted into law, or clarification of the Code or court decisions may cause interest on the Notes to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent the beneficial owners of the Notes from realizing the full current benefit of the tax status of such interest. No assurance can be given that pending or future legislation or amendments to the Code, if enacted into law, or any proposed legislation or amendments to the Code, will not adversely affect the value of the Notes, or the tax status of interest on the Notes. See "TAX MATTERS" herein.

Cybersecurity. The District, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including, but not limited to, hacking, viruses, malware and other attacks on computer or other sensitive digital systems and networks. There can be no assurances that any security and operational control measures implemented by the District will be completely successful to guard against and prevent cyber threats and attacks. The result of any such attacks could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant.

TAX MATTERS

In the opinion of Orrick, Herrington & Sutcliffe LLP ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Notes is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code") and is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). Bond Counsel is of the further opinion that interest on the Notes is not a specific preference item for purposes of the federal individual alternative minimum tax. Interest on the Notes included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Interest on the Notes included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Complete copies of the proposed form of opinion of Bond Counsel are set forth in "APPENDIX – E".

To the extent the issue price of any maturity of the Notes is less than the amount to be paid at maturity of such Notes (excluding amounts stated to be interest and payable at least annually over the term of such Notes), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each owner thereof, is treated as interest on the Notes which is excluded from gross income for federal income tax purposes and exempt from State of New York personal income taxes. For this purpose, the issue price of a particular maturity of the Notes is the first price at which a substantial amount of such maturity of the Notes is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Notes accrues daily over the term to maturity of such Notes on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Notes to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Notes. Owners of the Notes should consult their own tax advisors with respect to the tax consequences of ownership of Notes with original issue discount, including the treatment of owners who do not purchase such Notes in the original offering to the public at the first price at which a substantial amount of such Notes is sold to the public.

Notes purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Notes") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Notes, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and an owner's basis in a Premium Note, will be reduced by the amount of amortizable bond premium properly allocable to such owner. Owners of Premium Notes should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

Bond Counsel is of the further opinion that the amount treated as interest on the Notes and excluded from gross income will depend upon the taxpayer's election under Internal Revenue Notice 94-84. Notice 94-84, 1994-2 C.B. 559, states that the Internal Revenue Service (the "IRS") is studying whether the amount of the stated interest payable at maturity on short-term debt obligations (i.e., debt obligations with a stated fixed rate of interest which mature not more than one year from the date of issue) that is excluded from gross income for federal income tax purposes should be treated (i) as qualified stated interest or (ii) as part of the stated redemption price at maturity of the short-term debt obligation, resulting in treatment as accrued original issue discount (the "original issue discount"). The Notes will be issued as short-term debt obligations. Until the IRS provides further guidance with respect to tax-exempt short-term debt obligations, taxpayers may treat the stated interest payable at maturity either as qualified stated interest or as includable in the stated redemption price at maturity, resulting in original issue discount as interest that is excluded from gross income for federal income tax purposes. However, taxpayers must treat the amount to be paid at maturity on all tax-exempt short-term debt obligations in a consistent manner. Taxpayers should consult their own tax advisors with respect to the tax consequences of ownership of Notes if the taxpayer elects original issue discount treatment.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Notes. The District has covenanted to comply with certain restrictions designed to ensure that interest on the Notes will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Notes being included in gross income for federal income tax purposes possibly from the date of original issuance of the Notes. The opinion of Bond Counsel assumes compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken) or events occurring (or not occurring) after the date of issuance of the Notes may adversely affect the value of, or the tax status of interest on, the Notes. Further, no assurance can be given that pending or future legislation or amendments to the Code, if enacted into law, or any proposed legislation or amendments to the Code, will not adversely affect the value of, or the tax status of interest on, the Notes.

Certain requirements and procedures contained or referred to in the Arbitrage Certificate, and other relevant documents may be changed and certain actions (including, without limitation, economic defeasance of the Notes) may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents. Bond Counsel expresses no opinion as to any Notes or the interest thereon if any such change occurs or action is taken or omitted.

Although Bond Counsel is of the opinion that interest on the Notes is excluded from gross income for federal income tax purposes and is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York), the ownership or disposition of, or the amount, accrual or receipt of interest on, the Notes may otherwise affect an owner's federal or state tax liability. The nature and extent of these other tax consequences will depend upon the particular tax status of the owner or the owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Notes to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Code or court decisions may also affect the market price for, or marketability of, the Notes. Prospective purchasers of the Notes should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Notes for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the District, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The District has covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Notes ends with the issuance of the Notes, and, unless separately engaged, Bond Counsel is not obligated to defend the District or the owners regarding the tax-exempt status of the Notes in the event of an audit examination by the IRS. Under current procedures, owners would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the District legitimately disagrees, may not be practicable. Any action of the IRS, including but not limited to selection of the Notes for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Notes, and may cause the District or the owners to incur significant expense.

Payments on the Notes generally will be subject to U.S. information reporting and possibly to “backup withholding.” Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate owner of Notes may be subject to backup withholding with respect to “reportable payments,” which include interest paid on the Notes and the gross proceeds of a sale, exchange, redemption, retirement or other disposition of the Notes. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number (“TIN”) to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a “notified payee underreporting” described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against an owner’s federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain owners (including among others, corporations and certain tax-exempt organizations) are not subject to backup withholding. The failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Notes are subject to the approving legal opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel. Bond Counsel expects to deliver an opinion at the time of issuance of the Notes substantially in the form set forth in “APPENDIX – E” hereto.

LITIGATION

The District is subject to a number of lawsuits in the ordinary conduct of its affairs. Other than the tax certioraris petitions referenced under “Larger Taxpayers”, the District does not believe, however, that such suits, individually or in the aggregate, are likely to have a material adverse effect on the financial condition of the District.

There is no action, suit, proceedings or investigation, at law or in equity, before or by any court, public board or body pending or, to the best knowledge of the District, threatened against or affecting the District to restrain or enjoin the issuance, sale or delivery of the Notes or the levy and collection of taxes or assessments to pay same, or in any way contesting or affecting the validity of the Notes or any proceedings or authority of the District taken with respect to the authorization, issuance or sale of the Notes or contesting the corporate existence or boundaries of the District.

CONTINUING DISCLOSURE

In order to assist the purchasers in complying with Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (“Rule 15c2-12”), the District will enter into an Undertaking to provide Material Event Notices, a description of which is attached hereto as “APPENDIX – C”.

Historical Compliance

The District is in compliance, in all material respects, within the last five years with all previous undertakings made pursuant to the Rule 15c2-12.

MUNICIPAL ADVISOR

Fiscal Advisors & Marketing, Inc. (the "Municipal Advisor") is a Municipal Advisor registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The Municipal Advisor serves as independent financial advisor to the District on matters relating to debt management. The Municipal Advisor is a financial advisory and consulting organization and is not engaged in the business of underwriting, marketing, or trading municipal securities or any other negotiated instruments. The Municipal Advisor has provided advice as to the plan of financing and the structuring of the Notes. The advice on the plan of financing and the structuring of the Notes was based on materials provided by the District and other sources of information believed to be reliable. The Municipal Advisor has not audited, authenticated, or otherwise verified the information provided by the District or the information set forth in this Official Statement or any other information available to the District with respect to the appropriateness, accuracy, or completeness of disclosure of such information and no guarantee, warranty, or other representation is made by the Municipal Advisor respecting the accuracy and completeness of or any other matter related to such information and this Official Statement. The fees to be paid by the District to the Municipal Advisor are partially contingent on the successful closing of the Notes.

CUSIP IDENTIFICATION NUMBERS

If the Notes are issued in book-entry-only format, it is anticipated that CUSIP (an acronym that refers to Committee on Uniform Security Identification Procedures) identification numbers will be printed on the Notes. All expenses in relation to the printing of CUSIP numbers on the Notes will be paid for by the District provided, however; the District assumes no responsibility for any CUSIP Service Bureau charge or other charge that may be imposed for the assignment of such numbers.

RATING

The Notes are not rated. The purchaser(s) of the Notes may choose to have a rating completed after the sale at the expense of the purchaser(s) pending the approval of the District, including any fees to be incurred by the District, as such rating action will result in a material event notification to be posted to EMMA which is required by the District's Continuing Disclosure Undertakings. (See "APPENDIX – C", attached hereto), and may require a supplement to the Final Official Statement depending on the timing of the receipt.

Generally, rating agencies base their ratings on the information and materials furnished to it and on investigations, studies and assumptions by the respective rating agency. There is no assurance that a particular rating will apply for any given period of time or that it will not be lowered or withdrawn entirely if, in the judgment of the agency originally establishing the rating, circumstances so warrant. Any downward revision or withdrawal of the rating of the outstanding bonds may have an adverse effect on the market price of the Notes.

MISCELLANEOUS

So far as any statements made in this Official Statement involve matters of opinion or estimates whether or not expressly stated, they are set forth as such and not as representations of fact, and no representation is made that any of the statements will be realized. Neither this Official Statement nor any statement which may have been made verbally or in writing is to be construed as a contract with the holders of the Notes.

Statements in this official statement, and the documents included by specific reference, that are not historical facts are forward-looking statements, which are based on the District management's beliefs as well as assumptions made by, and information currently available to, the District's management and staff. Because the statements are based on expectations about future events and economic performance and are not statements of fact, actual results may differ materially from those projected. Important factors that could cause future results to differ include legislative and regulatory changes, changes in the economy, and other factors discussed in this and other documents that the District's files with the repositories. When used in District documents or oral presentation, the words "anticipate", "estimate", "expect", "objective", "projection", "forecast", "goal", or similar words are intended to identify forward-looking statements.

To the extent any statements made in this Official Statement involve matters of opinion or estimates, whether or not expressly stated, they are set forth as such and not as representations of fact, and no representation is made that any of the statements will be realized. Neither this Official Statement nor any statement which may have been made verbally or in writing is to be construed as a contract with the holder of the Notes.

Orrick, Herrington & Sutcliffe LLP, New York, New York, Bond Counsel to the District, expresses no opinions as to the accuracy or completeness of information in any documents prepared by or on behalf of the District for use in connection with the offer and sale of the Notes, including but not limited to, the financial or statistical information in this Official Statement.

References herein to the Constitution of the State and various State and federal laws are only brief outlines of certain provisions thereof and do not purport to summarize or describe all of such provisions.

Concurrently with the delivery of the Notes, the District will furnish a certificate to the effect that as of the date of the Official Statement, the Official Statement did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading, subject to a limitation as to information in the Official Statement obtained from sources other than the District.

The Official Statement is submitted only in connection with the sale of the Notes by the District and may not be reproduced or used in whole or in part for any other purpose.

The District hereby disclaims any obligation to update developments of the various risk factors or to announce publicly any revision to any of the forward-looking statements contained herein or to make corrections to reflect future events or developments except to the extent required by Rule 15c2-12 promulgated by the Securities and Exchange Commission.

Fiscal Advisors & Marketing, Inc. may place a copy of this Official Statement on its website at www.fiscaladvisors.com. Unless this Official Statement specifically indicates otherwise, no statement on such website is included by specific reference or constitutes a part of this Official Statement. Fiscal Advisors & Marketing, Inc. has prepared such website information for convenience, but no decisions should be made in reliance upon that information. Typographical or other errors may have occurred in converting original source documents to digital format, and neither the District nor Fiscal Advisors & Marketing, Inc. assumes any liability or responsibility for errors or omissions on such website. Further, Fiscal Advisors & Marketing, Inc. and the District disclaim any duty or obligation either to update or to maintain that information or any responsibility or liability for any damages caused by viruses in the electronic files on the website. Fiscal Advisors & Marketing, Inc. and the District also assume no liability or responsibility for any errors or omissions or for any updates to dated website information.

The School District's contact information is as follows: Mrs. Janice Rideout, School Business Manager, 18 Juliand Street, Bainbridge, New York 13733, Phone: (607) 967-6335, Email: janice@bgcsd.org.

The District's Bond Counsel contact information is as follows: Douglas E. Goodfriend, Esq., Orrick, Herrington & Sutcliffe LLP, 51 West 52nd Street, 15th Floor, New York, New York 10019-6142, Phone: (212) 506-5211, Fax: (212) 506-5151, Email: dgoodfriend@orrick.com.

Additional copies of the Notice of Sale and the Official Statement may be obtained upon request from the offices of Fiscal Advisors & Marketing, Inc., telephone number (315) 752-0051, or at www.fiscaladvisors.com

BAINBRIDGE-GUILFORD CENTRAL SCHOOL DISTRICT

Dated: November 26, 2024

KEITH HANVEY
PRESIDENT OF THE BOARD OF EDUCATION AND
CHIEF FISCAL OFFICER

MATERIAL EVENT NOTICES

In accordance with the provisions of Rule 15c2-12, as the same may be amended or officially interpreted from time to time (the "Rule"), promulgated by the Commission pursuant to the Securities Exchange Act of 1934, the District has agreed to provide or cause to be provided, in a timely manner not in excess of ten (10) business days after the occurrence of the event, during the period in which the Notes are outstanding, to the EMMA system of the Municipal Securities Rulemaking Board ("MSRB") or any other entity designated or authorized by the Commission to receive reports pursuant to the Rule, notice of the occurrence of any of the following events with respect to the Notes:

- (a) principal and interest payment delinquencies
- (b) non-payment related defaults, if material
- (c) unscheduled draws on debt service reserves reflecting financial difficulties
- (d) in the case of credit enhancement, if any, provided in connection with the issuance of the Notes, unscheduled draws on credit enhancements reflecting financial difficulties
- (e) substitution of credit or liquidity providers, or their failure to perform
- (f) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701 TEB) or other material notices or determinations with respect to the tax status of the Note, or other material events affecting the tax status of the Notes
- (g) modifications to rights of Note holders, if material
- (h) note calls, if material and tender offers
- (i) defeasances
- (j) release, substitution, or sale of property securing repayment of the Note
- (k) rating changes
- (l) bankruptcy, insolvency, receivership or similar event of the District
- (m) the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material
- (n) appointment of a successor or additional trustee or the change of name of a trustee, if material
- (o) incurrence of a "financial obligation" (as defined in the Rule) of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect Note holders, if material; and
- (p) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

Event (c) is included pursuant to a letter from the SEC staff to the National Association of Bond Lawyers dated September 19, 1995. However, event (c) is not applicable, since no "debt service reserves" will be established for the Note.

With respect to event (d) the District does not undertake to provide any notice with respect to credit enhancement added after the primary offering of the Notes.

With respect to event (l) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the District in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or government authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

With respect to events (o) and (p), the term “financial obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term “financial obligation” shall not include municipal securities as to which a final Official Statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule.

The District may from time to time choose to provide notice of the occurrence of certain other events, in addition to those listed above, if the District determines that any such other event is material with respect to the Note; but the District does not undertake to commit to provide any such notice of the occurrence of any material event except those events listed above.

The District reserves the right to terminate its obligation to provide the aforescribed notices of material events, as set forth above, if and when the District no longer remains an obligated person with respect to the Note within the meaning of the Rule. The District acknowledges that its undertaking pursuant to the Rule described under this heading is intended to be for the benefit of the holders of the Note (including holders of beneficial interests in the Note). The right of holders of the Note to enforce the provisions of the undertaking will be limited to a right to obtain specific enforcement of the District’s obligations under its material event notices undertaking and any failure by the District to comply with the provisions of the undertaking will neither be a default with respect to the Note nor entitle any holder of the Note to recover monetary damages.

The District reserves the right to modify from time to time the specific types of information provided or the format of the presentation of such information, to the extent necessary or appropriate in the judgment of the District; provided that the District agrees that any such modification will be done in a manner consistent with the Rule.

An "Undertaking to Provide Notice of Material Events" to this effect shall be provided to the purchaser at closing.

FORM OF BOND COUNSEL'S OPINION

December 18, 2024

Bainbridge-Guilford Central School District
Broome, Chenango, Delaware, and Otsego Counties
State of New York

Re: Bainbridge-Guilford Central School District, Broome, Chenango, Delaware, and Otsego Counties, New York
\$3,620,000 Bond Anticipation Notes, 2024

Ladies and Gentlemen:

We have been requested to render our opinion as to the validity of a \$3,620,000 Bond Anticipation Notes, 2024 (the "Obligation"), of the Bainbridge-Guilford Central School District, Broome, Chenango, Delaware, and Otsego Counties, New York (the "Obligor"), dated December 18, 2024, numbered 1, of the denomination of \$3,620,000, bearing interest at the rate of ___% per annum, payable at maturity, and maturing June 26, 2025.

We have examined:

- (1) the Constitution and statutes of the State of New York;
- (2) the Internal Revenue Code of 1986, including particularly Sections 103 and 141 through 150 thereof, and the applicable regulations of the United States Treasury Department promulgated thereunder (collectively, the "Code");
- (3) an arbitrage certificate executed on behalf of the Obligor which includes, among other things, covenants, relating to compliance with the Code, with the owners of the Obligation that the Obligor will, among other things, (i) take all actions on its part necessary to cause interest on the Obligation not to be includable in the gross income of the owners thereof for Federal income tax purposes, including, without limitation, restricting, to the extent necessary, the yield on investments made with the proceeds of the Obligation and investment earnings thereon, making required payments to the Federal government, if any, and maintaining books and records in a specified manner, where appropriate, and (ii) refrain from taking any action which would cause interest on the Obligation to be includable in the gross income of the owners thereof for Federal income tax purposes, including, without limitation, refraining from spending the proceeds of the Obligation and investment earnings thereon on certain specified purposes (the "Arbitrage Certificate"); and
- (4) a certificate executed on behalf of the Obligor which includes, among other things, a statement that compliance with such covenants is not prohibited by, or violative of, any provision of local or special law, regulation or resolution applicable to the Obligor.

We also have examined a certified copy of proceedings of the finance board of the Obligor and other proofs authorizing and relating to the issuance of the Obligation, including the form of the Obligation. In rendering the opinions expressed herein we have assumed (i) the accuracy and truthfulness of all public records, documents and proceedings, including factual information, expectations and statements contained therein, examined by us which have been executed or certified by public officials acting within the scope of their official capacities, and have not verified the accuracy or truthfulness thereof, and (ii) compliance by the Obligor with the covenants contained in the Arbitrage Certificate. We also have assumed the genuineness of the signatures appearing upon such public records, documents and proceedings and the certifications thereof.

In our opinion:

- (a) The Obligation has been authorized and issued in accordance with the Constitution and statutes of the State of New York and constitutes a valid and legally binding general obligation of the Obligor, all the taxable real property within which is subject to the levy of ad valorem taxes to pay the Obligation and interest thereon, without limitation as to rate or amount; provided, however, that the enforceability (but not the validity) of the Obligation: (i) may be limited by any applicable bankruptcy, insolvency or other law now existing or hereafter enacted by said State or the Federal government affecting the enforcement of creditors' rights, and (ii) may be subject to the exercise of judicial discretion in appropriate cases.
- (b) The Obligor has the power to comply with its covenants with respect to compliance with the Code as such covenants relate to the Obligation; provided, however, that the enforceability (but not the validity) of such covenants may be limited by any applicable bankruptcy, insolvency or other law now existing or hereafter enacted by said State or the Federal government affecting the enforcement of creditors' rights.
- (c) Interest on the Obligation is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, and is exempt from personal income taxes imposed by the State of New York and any political subdivision thereof (including The City of New York). Interest on the Obligation is not a specific preference item for purposes of the federal individual alternative minimum tax. We observe that interest on the Obligation included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Obligation.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. Accordingly, this opinion is not intended to, and may not, be relied upon in connection with any such actions, events or matters. Our engagement with respect to the Obligation has concluded with their issuance, and we disclaim any obligation to update this opinion. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents. Furthermore, we have assumed compliance with all covenants and agreements contained in the Arbitrage Certificate, including without limitation covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Obligation to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Obligation and the Arbitrage Certificate and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against municipal corporations such as the Obligor in the State of New York. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, or waiver provisions contained in the foregoing documents.

The scope of our engagement in relation to the issuance of the Obligation has extended solely to the examination of the facts and law incident to rendering the opinions expressed herein. Such opinions are not intended and should not be construed to express or imply any conclusion that the amount of real property subject to taxation within the boundaries of the Obligor, together with other legally available sources of revenue, if any, will be sufficient to enable the Obligor to pay the principal of or interest on the Obligation as the same respectively become due and payable. Reference should be made to the Official Statement prepared by the Obligor in relation to the Obligation for factual information which, in the judgment of the Obligor, could materially affect the ability of the Obligor to pay such principal and interest. While we have participated in the preparation of such Official Statement, we have not verified the accuracy, completeness or fairness of the factual information contained therein and, accordingly, we express no opinion as to whether the Obligor, in connection with the sale of the Obligation, has made any untrue statement of a material fact or omitted to state a material fact necessary in order to make any statements made, in the light of the circumstances under which they were made, not misleading.

Very truly yours,

/s/ ORRICK, HERRINGTON & SUTCLIFFE LLP
